

The Best Dental Assistant(41k) by Gary Shaw

FOREWORD

The advent of a more liberal society has revolutionized the life of the modern American woman, opening up new vistas both professionally and personally. As with most social revolutions, however, the challenges are apt to be slow and sporadic, leaving untouched many of those it hopes to reach.

One occupation, that of dental assistant, reflects the uneven progress of social change-women entering this field have long been considered slow-witted and dull, with little consideration given to their true personalities or capabilities.

Living in this shadow and its traditions, the woman in this story, Amy Peterson, casts a new light onto a profession long stereotyped. Both ambitious and adventurous, she finds herself suddenly confronted by a sexual liberalism which challenges her.

THE BEST DENTAL ASSISTANT-a chronicle of our times. The story of a woman trapped in a tide of social change.

-The Publisher

CHAPTER ONE

Amy Peterson assisted the dentist while he performed a routine drilling operation, watching his every move. The young blonde dental assistant envied the beautiful big-titted redhead in the examination chair, because Dr. Heller was touching her.

Amy had been working as an assistant to the tall handsome dentist for a week. And each day her virgin cunt tingled more strongly as she stood near him.

Amy's big blue eyes widened when the patient, now dreamy with the standard dose of anesthetic, gripped the soft padded arms of the chair, shifting her body. The patient's silk dress rode up-and Amy watched the moaning woman's slim shapely legs come into view.

Amy glanced at the doctor. But he was busy looking into the woman's wide-lipped mouth.

The young blonde wondered if he would notice the redhead's naked thighs. Amy had seen him notice her own firm little ass and tits, and she loved it.

Dr. Heller drilled again. The redhead moaned louder. Amy watched as the woman's hand rose-and clamped onto the dentist's crotch. Amy blinked, unsure if she was seeing clearly.

She shot him a glance. The dentist's hands had moved back, away from the patient's open panting mouth. And he was watching Amy, a sly grin on his face.

But then the young girl's eyes were drawn back to his crotch-and the red-nailed hand that was now squeezing and rubbing his cock-bulge.

The patient moaned again. Her lean hips rocked on the softly upholstered dentist's chair. She gave Dr. Heller a dreamy look as her hand worked faster.

Amy leaned back on the small assistant's stool. Her well-sculptured mouth dropped open.

Amy pushed the stool back, awed by the fervor of the patient's attentions. Dr. Heller had told her that some people react strangely to nitrous oxide and novocain-but Amy had never imagined this.

The woman was jerking up and down on his cock now, gripping the big thick shaft through his pants. Amy licked her lips without realizing it, imagining what his big prick must look like.

Then she caught herself staring, and she looked away.

But her eyes were drawn back to the patient's busy hand. She watched the redhead's delicate fingers pull down Dr. Heller's zipper. Then the woman reached into his pants, her hand still jerking.

"Dr. Heller!" Amy gasped, her cheeks burning.

"Miss Thompson here is one of my favorite patients, Miss Peterson," he said. "Aren't you, Dorothy?"

He looked down at the moaning redhead.

The patient moaned louder. Her hand pulled and yanked, bending the dentist's big cock to get it out into the open.

Amy watched his prick stretch through his fly. And then it flexed straight, the huge bulbous cock-head snapping upward.

The moment his prick was out of his pants, the patient's hand began a fast stroking motion. Then she began to rock her hips faster on the seat of the chair.

Amy's palms were damp. Her throat was dry. She watched the pretty redhead push and pull on her boss's huge prick. She had to admit that it was the most beautiful sight she had ever seen.

Miss Thompson moaned with every breath she took. She stared dreamily into the dentist's dark eyes.

Her hand pumped furiously. Amy watched the smooth skin of his prick stretch and then wrinkle, grinding over the hardening meat of his cock. She felt hypnotized, unable to look away.

Dr. Heller gently set down his drill. He watched the patient's hand slip up and down his huge cock. Then he gave Amy a direct look.

"You'll meet a lot of patients like Miss Thompson, Amy," he said. He grinned at Amy's shocked expression.

The redhead pumped her hand on his cock even faster. Her other hand came down and caught hold of her dress.

She lifted the green material and revealed her tight bikini panties. Amy could see the damp line of the woman's cunt through the black panties.

The patient made loud pleading sounds which were strangely muted by the mouthful of dental instruments into low grunts. The sharp sounds were as plain as words to Amy. This woman was begging for a fuck. The young blonde swallowed hard.

Amy watched Dr. Heller's huge cock as the patient stroked it. His prick was now fully stiff. Amy could see the thick cock-shaft throbbing, the blue veins pulsing with life.

His cock-head had darkened in color to shiny purple. The bulging knobby shape of his cock-head looked tailored perfectly for prying tight cunt-lips open. Amy caught herself wondering what the big helmet-shaped cock-head would feel like fucking into her tiny, virgin pussy.

Miss Thompson threw her knees over the padded arms of the chair. Her cunt jerked up and down to the same serious rhythm of her hand on the dentist's stiff cock. She moaned for a fuck.

Amy rolled her stool out of the way, her eyes on the dentist's prick. She felt a strong tingling in her cunt.

"Amy, you can go prep number four if you wish," Dr. Heller said to the gaping blonde.

Amy shook her head.

"Or you can stay. Miss Thompson won't mind that."

The assistant looked to the redhead. She saw that the patient was staring right back at her, a wicked glint in her dreamy green eyes.

The woman's hand began to pull toward her thrusting pussy. Amy watched in silence as the redhead's pleading grunts and guiding hand accomplished their purpose-and Dr. Heller took the few steps necessary to come around to the front of the chair.

He let the cock-hungry redhead put both hands on his huge prick. She aimed his huge cock-head at her wet pussy.

Dr. Heller took his time. He reached down and unbuttoned his pants, then slipped them down.

Amy saw that the dentist didn't have any underwear on.

His naked cock and huge, low-hanging balls came into view in one astonishing moment. Amy gasped out loud. Her mouth watered and her tight, unfucked pussy seemed to scream at her for a fuck.

But she just sat and watched, mesmerized by the sight.

The dentist got to work on the patient's dress. The redhead's dress fell open. Amy saw the woman's tight black bra, barely containing the big round globes of her tits.

The full upper slopes of Miss Thompson's tits ballooned out of the tops of the twin cups of the bra.

Dr. Heller hooked a finger in the patient's overstuffed bra, and the front opened. The patient

moaned loudly enough that Amy wondered if the other patients might be able to hear it.

The redhead's tits spilled free of her bra. The woman arched her back in the chair, presenting the two mounds of pale tit-meat proudly.

The woman's huge nipples looked to Amy like two fingertips poking out of two big pink balloons. While the speechless blonde looked on, those nipples stiffened into longer nubs.

The patient's hands never stopped pumping on the dentist's hard prick. The motions of her arms made her tits bounce and wiggle.

Amy thought she would faint when Dr. Heller leaned up and thrust his prick directly between the woman's oversized tits. Amy watched his cock-head disappear into the valley that separated the patient's huge tits.

Amy had never dreamed of such a thing, but as she watched, her own soft tits tingled. Her pink, pearl-like nipples hardened into aching buds.

The redhead put her hands on the full outer curves of her tits. She used her fingers to clamp her soft pale tits all the way around the dentist's prick.

Amy watched the woman move her hands. The woman's big tits slid up and down, effectively fucking his whole prick between them.

While the redhead tit-fucked him, Dr. Heller reached down and untied a knot at the woman's full hip. Amy saw the woman's panties come apart at the sides and watched the lacy black front pull away from Miss Thompson's red-haired pussy.

Amy pulled the suction tube from the woman's lower lip. Then she removed a clamp. She pushed the chrome instrument tray out of the way.

"Oh, baby!" the hot-eyed redhead moaned. "I've looked forward to this for weeks."

Her hands moved her tits faster. Amy watched Dr. Heller's huge cock appear and disappear between the woman's tightly held tits. Amy instinctively glanced down. Her own full tits were more than big enough to wrap around a cock, especially around the dentist's big beautiful cock.

She watched the patient's bare pussy. She could see dewy moistness glistening from the woman's red cunt-lips. While Miss Thompson fucked his big cock with her tits, her pussy was getting hot. Amy could tell by the way the patient's pussy-lips were reddening and puffing-and by the shiny wetness which was spreading over the woman's tiny cunt-hole.

"Fuck me," the tit-fucking redhead said. "Please, Jim, don't make me wait for your big prick, baby!"

Dr. Heller smiled down at the patient. He watched her pull her huge tits from around his cock. Then Miss Thompson put both hands back on his long thick cock.

Amy could see it throbbing. His whole prick was jumping in a steady pulse. Amy wanted to touch it. She wanted to see just how stiff and warm it would feel in her hands.

Amy watched the grinning dentist change position. He was staring down at the pretty patient's spread pussy while he moved his cock. Amy leaned forward, trying to get a better look. He stood with his legs on either side of the examination chair, his huge prick lowering closer to the redhead's wet pussy.

His huge cock-head touched the red lips of the patient's cunt.

Miss Thompson cried out. She hooked her knees tighter around the arms of the chair and lifted her ass. The tight flesh of her cunt-lips seemed to kiss the flaring curves of the dentist's prick-head.

Amy watched his cock slide forward, the blunt tip of the knobby thing wedging tightly into the slight gap between the woman's glistening pussy-lips.

Amy moaned, loving the sight of it.

"Should I leave, Doctor?" she asked.

"Oh, come on," the patient said. "A pretty girl like you. I know you'd really rather stay and see this cock fuck deep into my lucky pussy, wouldn't you?"

She laughed excitedly.

Amy couldn't tell whether the woman was making fun of her or not. She looked to Dr. Heller for her cue.

"Perhaps you'd like to assist me," he said, using the same business-like tone he always used.

"Yes, Doctor," Amy said dutifully. "I'd like to assist you-very much!"

"Good girl," he said. He leaned back, letting his assistant and his patient see how hard and throbbing his big cock was. "Then would you apply some saliva to my prick to make it slippery for the patient's fuck-hole?"

"Uh-huh," she murmured, nodding her head. "With my mouth?"

"Listen to this!" the redhead gasped impatiently. "Jim, are you gonna fuck me or not?"

Amy realized her chance was slipping away. She hurried to stand and lean over, bringing her mouth closer and closer to his cock as she opened her lips.

Before she had time to wonder what she was doing, her warm lips had touched the hot meat of her boss's stiff prick. She kissed it, thrilling to her toes at the manly taste of it.

Amy forced her mouth open farther and slipped her lips up over the widening bulge of his purple cock-head in one huge gulp. She swallowed his cock-head, feeling it stuff her cheeks. Then she sucked it.

Amy moved her mouth, pretending that it was the tight mouth of her pussy instead of her willing young lips on his cock. She felt the stiff meat of his prick slide in and out between her lips. She moved her tongue back and forth, tasting his prick as she wet it with her saliva.

She heard Dr. Heller groan. Then she heard the patient suck in a sharp breath.

"Hey, honey," Miss Thompson said, "save it for later. I've got a hairdresser's appointment at ten."

But Amy couldn't stop. Now that she had Dr. Heller's prick in her willing mouth, she was bobbing her head up and down fast, lost to the feel of his prick sliding back and forth between her tightly clamped lips.

"Very good," Dr. Heller said.

His words inspired Amy, She mouth-fucked him with longer strokes. Her lips butted up against the patient's tightly gripping hands as she rammed her head down to swallow his prick deeper.

The redhead let go, but Amy heard the woman making more sounds of frustration as she waited for her fuck. Amy could only imagine what his tasty cock would feel like driving up her own tight pussy.

After ten more strokes of her slippery lips, Amy raised up extra high, letting his big cock-head slurp from her mouth with a loud wet noise that made Amy giggle.

Amy wiped her chin, grinning up at her boss with a look of pure pride.

"Is that wet enough?" she asked.

"Quite wet enough, Amy," he said, staring down at her. "And I'm glad that your duties now include more important things. like this, for instance."

He pointed at his huge, wet cock.

"Please, Jimmy!" the patient moaned. "Put that new kid on ice and shove that big cock up my cunt!"

"You want this, Dorothy?" he asked.

The dentist grabbed his prick and waved it up and down for the cock-hungry patient to see.

"Dr. Heller," the patient said, her voice tight, "before I beg for your prick any more, I'll walk out that fucking door. Why don't we show this girl how your other assistant-what was her name-you know, the crazy-"

"Miss Peterson is a different case, entirely, Dorothy. Amy, go prep four. I'm sorry about all-"

"No, no, Doctor," Amy said. "What did she do? I'll do it. I'll do it even better than she did! I'll do anything! Really!"

Amy realized that Dr. Heller and his bare-cunted patient were both staring at her.

"Go on, Jimmy," the redhead said. "Tell this pretty young thing how to help out."

The doctor gave the bold redhead a dark look.

"Honey," the woman said to Amy, "you ever lick cock and cunt together?"

CHAPTER TWO

Before the dentist could possibly order Amy to leave, she dove down and pressed her mouth against the redhead's wet cunt. She kept her grip on the dentist's huge prick, and she stroked up and down the way she had seen the redhead doing it.

But her mouth served the patient's pussy.

The patient let out a surprised gasp. Then she laughed and put her hands on Amy's head, pushing her mouth harder into her pussy. She ground her hips on the chair, wiping the slippery lips of her heated cunt over the blonde's face.

Amy licked and sucked as she continued to pull on the dentist's wonderful hard cock. She coaxed him to lean forward, and his cock-head met her lips near the patient's up-thrust cunt.

Miss Thompson let out a loud cry. Amy looked at her boss. Her tongue licked along his cock as she stared.

"These rooms are all soundproofed," he said. "Can't have the patients hear all those moans and groans, can we?"

Amy shook her head, grinning. Then she turned back to the redhead's tasty cunt, concentrating on the job.

She continued to pull his cock, and he slowly thrust forward, fucking his thick cock up into the patient's hot wet pussy.

Amy watched the big prick as it fucked deeper. Dorothy let out another loud cry at every advance of the dentist's prick. Then Amy covered both cock and cunt with her lips and tongue.

"Oh, God!" the patient cried. "Oh, shit, yes!"

She started bucking her ass off the chair, thrusting her pussy up to meet the next thick inch of cock.

Amy watched that whole big prick force its way into the patient's willing pussy, and all the while she licked and lapped. Amy loved the combined taste of his cock and the patient's juicy cunt. She loved the way all that wet hot flesh felt on her lips and her tongue. Her tongue lashed around the overstretched mouth of Miss Thompson's cunt, sucking where it wrapped around Dr. Heller's huge cock-shaft.

The dentist fucked farther and farther forward, as if testing the red-furred pussy to see how much of his prick it could take. Amy watched it disappear. He pushed again, grinding his hips hard against the patient's pale loins. Amy could see his big hairy balls mash against the woman's ass-cheeks.

Amy moaned when his prick started to fuck. The woman in the chair cried out with sharper sounds. As his slippery cock-shaft pulled free, Amy's tongue was there. She tasted fresh fuck-

juice from the depths of the redhead's pussy as she licked inch after inch of cock-meat.

When his long thick cock fucked its way to the hilt again, her tongue stabbed and wiped at the woman's cunt-lips.

Amy got dizzy watching the long, sweeping thrusts of his prick.

The dentist increased the speed of his fucking. The redhead was already gasping for air from screaming. Amy couldn't see her. All she could see was her boss's huge prick sliding back and forth in the woman's juicy cunt. But Amy could tell that the patient was going half-crazy from the pleasure of her fuck.

Amy could hear the slippery sounds of his cock. She could see a lot more wetness oozing from Miss Thompson's pussy. She loved the unique combination of sensations. She put more attention to her work, moving her lips and tongue faster.

The heady aroma of hot pussy was everywhere, it seemed. Amy knew she would never forget the sweet taste. She sucked and kissed the mouth of the woman's cunt, spitting and swallowing the sticky mixture.

Amy heard Dr. Heller's balls swing and slap the woman's asscrack.

Miss Thompson gripped the arms of the examination chair so hard that Amy could feel them shaking. She rolled her hips forward to arch her cunt higher in the chair.

Amy could distinguish meanings in the urgent tones of the redhead's wordless cries. And she knew the redhead was warning the big-cocked dentist that she couldn't take much more of his amazing fucking.

Miss Thompson's cunt-lips curled back to expose the woman's pearl-like clit. Amy's lips clamped down on the tiny bud, sucking it as she fondled the dentist's swinging balls.

She was proud of herself. She immediately heard both fuckers gasp. She felt the redhead's body shiver.

Amy sucked the woman's clit harder. Her hand followed the long, steady strokes of Dr. Heller's prick to keep his huge balls in its grip.

The gasping patient pounded her ass on the seat of the chair. Amy had to press her mouth harder against the woman's button-like clit to keep the violent motions from pulling it free.

Amy squeezed her boss's balls, holding them so that the long strokes of his fucking stretched his low-hanging sac.

A wave of hot cunt-juice bubbled from the redhead's cunt. Amy paused in her clit-sucking to suck the sweet fuck-juice into her mouth.

Miss Thompson hooked her knees under her arms. She curled her body, forcing her cock-filled cunt straight up at Amy's face.

The young dental assistant's head jerked from the force of it. But she recovered, keeping her lip-

lock on the woman's clit. She sucked it harder. At the same time her employer's tireless prick fucked faster.

Miss Thompson's cries rose. Her body shivered as if from an electric shock. Amy had to hold the redhead's body down.

Amy turned her head. She saw the patient's sweat-streaked body writhing as if she was being tortured.

But Amy knew better.

She could feel hot wetness on her own tight cotton panties. Her stiff nipples felt like they were going to pop. Her tight bra and starched white uniform seemed to strangle her. Amy wished she could tear them off and finish the job naked, free of the confining cloth.

She watched the redhead writhe out of control, while she continued to follow the ceaseless thrusting of Dr. Heller's amazing cock.

Amy watched the writhing woman grip her tits as she came.

Spit flew from her mouth. Her head thrashed from side to side until her hair whipped her face.

Amy kept her eyes on the cumming woman, but her mouth stayed clamped to the woman's spasming cunt.

Then the woman's body froze, arched like a bow ready to release an arrow. Her lungs stopped. Amy could hear only the wet slapping of the dentist's hips and the squishy sounds of his cock.

For half a dozen long hard strokes, the woman stayed still. Then Amy saw a sudden frenzy of motion that made her draw away in fear.

The woman's hands sank to the knuckles into the pale flesh of her tits. Her juicy cunt thrashed like a hooked fish. Her lungs emptied in an ear-stinging cry.

Amy let go of the dentist's balls to grip the mouth of the patient's cunt, right where his big cock stretched it into a wide pink circle.

She felt the thick ooze of the woman's cum-and she felt a strong shiver course through the redhead's whole body. Her grip made the woman writhe even more.

Amy giggled as she watched the amazing scene. She gripped her boss's wonderful cock, holding her hand like an extension of the patient's gripping cunt.

She squeezed, grinding the edge of her hand against the puffy mouth of the woman's pussy. She felt Dr. Heller put more strength into his fucking, to force his slick cock through her hand and into the cunt beneath it.

Amy was shocked that the redhead could even take so much fucking.

The dentist had the patient pinned to the chair. He seemed determined to fuck the woman's brains out. Amy knew that the woman was cumming and couldn't stop.

Amy's fuzzy little cunt sparked. She watched her amazing boss fuck like he would never stop. She tried not to imagine that it was her under his hammering prick, taking it deep into her own tight pussy, but she couldn't help it.

Dr. Heller had reached up and was gripping the redhead's legs. His long cock slammed straight down.

The patient lay there and took his constant fucking. But Amy could see that every strong drive of his prick was making the woman cum again.

Amy put one hand on her tingling pussy. Then she reached out and put a hand on the dentist's shoulder.

"Wait!" she cried. "God, stop! Stop!"

She tugged at his white coat, trying not to look at his big red wet prick as it fucked and fucked. But her eyes drifted back to it.

Miss Thompson's pussy spasmed as if she were being fucked by a red-hot poker. Her face was contorted into a grimace. Rivulets of sweat ran down her body, pooling in the hollow of her belly and between her tits.

Amy had never seen anything like it.

The dentist kept fucking, ignoring Amy's cries. She gripped his shoulder hard.

"Please!" she gasped. "She can't take it! She can't!"

"Shut up!"

Amy realized that had been the redhead's gasping voice.

The young dental assistant stared, catching the warning in the patient's flashing green eyes.

Amy leaned on the dentist's shoulder for support. She was exhausted just from watching this marathon fuck. The tight-jawed man held his assistant's weight, making Amy bounce with his fucking.

More fuck-juice burst from the woman's cunt as Amy watched. The slick stuff coated his cock so thickly that it gathered at the base of his cock and dribbled down his balls.

Amy got her balance and moved back to watch. The sight made her knees buckle. She fell into a half-crouch on the floor of the small room, staring, her mouth wide open.

The dentist's cum-filled balls were rocking and bouncing. His thick prick looked like a big spike as it drove into the woman's helpless pussy.

He was adding slight twists and turns of his hips as he fucked.

Amy could see the stiff cockshaft plow in and out at angles which she knew were creating

unbearable pressures.

Amy could almost feel the steady fuck-thrusts in her own tender body. She put a palm hard against her pussy. Then she started to rub the burning flesh of her cunt.

The redhead's legs were kicking again. She had wound up into another series of gut-grinding spasms.

Amy watched it all through the inverted vee of the dentist's legs, her hand grinding between her thighs.

She felt the soft pink lips of her cunt tingle as she rubbed them. She breathed in soft little gasps, watching the steady rise and fall of her employer's prick.

Amy moaned out loud as the redhead screeched like a banshee. Her hand rubbed her own pussy faster. She imagined that it was her own tight little pussy wrapped around Dr. Heller's big prick.

The patient's scream rose an octave.

Amy squinted at the piercing ring of that scream. She heard the dentist grunt like a bull as he fucked his cock deeper. He thrust it so hard that Amy heard it force all the air from the patient's lungs.

Amy could see the man's body straining to hold his whole huge prick all the way in the writhing patient's overstretched cunt.

Amy held her breath, her eyes wide, as the patient finally lost her last bit of control. And the redhead flailed her arms and legs and head.

Amy felt a rush begin in her own cunt and race up her spine. It made her head shake when it reached her brain. But she fought it off so she could watch the amazing fuck to the last.

Then Dr. Heller moved back. The patient screamed again, and Amy watched the rubbery lips of the woman's stuffed pussy being pulled back into an extended pink ring as her boss finally took mercy on the woman.

Finally his big purple cock-head pulled free. Amy gasped as it snapped up, still seeming to reach for more cunt.

"Oh! Oh, God!" the redhead moaned. "Finish him, baby! It's your turn!"

CHAPTER THREE

Amy jumped when she realized the gasping woman was speaking to her.

"Do it!" Dorothy said. "Make his monster prick cum so he won't fuck me anymore!"

Amy looked at her boss's huge, sticky-looking cock.

His cock was still throbbing to the beat of his heart. The huge, shiny cock-head seemed to be staring at her. She remembered the taste of it, licking her lips. Then she moved forward onto her

hands.

Dr. Heller just stood there as his assistant crawled to his stiff red cock. He leaned forward slightly as she neared, arching his back to present the long shaft of his cock to her.

Amy slid up and gripped his prick with both hands and rammed the whole cock-head into her mouth.

She forced her throat to take the spongy cock-head until she almost choked. She sucked hard, her cheeks hollowing around the bulge of his cock.

Air squelched from the corners of her mouth. Her fingers squeezed until his cock-shaft flexed back. She bent her head to look up at him, feeling his prick press against the roof of her mouth.

His eyes seemed to smolder.

"Suck him!, the redhead cried from the chair. "He's been fucking the shit out of me, so eat his cum!"

Miss Thompson's face showed serious urgency-and something else, too. A wild expectancy at watching the young blonde suck cock that made her eyes flash like wet diamonds.

Amy did as she was told. She started to move her head and hands, building up speed quickly.

She heard the dentist gasp and she felt his body stiffen from head to toe. She let her eyes drift shut, concentrating on making this huge hard prick shoot cum.

Amy knew enough to grip and pump his cock-shaft hard and fast-and to grind her sucking mouth back and forth over his prick in a perfect counter-rhythm. She moaned for his cum, sucking and pumping his big beautiful cock as hard as she possibly could.

"Go, baby!" Dorothy cried.

When Amy looked, she saw that Miss Thompson had brought her knees down and was leaning forward in the dentist's chair.

"You're beautiful!" Dorothy gasped. "Eat that big cock!"

Amy looked up at Dr. Heller. When she saw that his head was thrown back, his eyes clenched shut, she sucked faster and harder.

Her hands shivered on his cock-shaft, grinding the soft skin over the ruddy cock-meat beneath it. She could tell from the way his prick throbbed in her hands and mouth that she would soon be tasting his cum.

Knowing that the hot-eyed redhead was watching added something extra to Amy's cock sue king. She turned so that the woman could see how well her mouth slipped up and down so much of his huge cock. She knew how beautiful it must look to see her pretty little mouth full of his big hard prick.

Amy used her neck muscles and her back to force her cock-filled mouth up and down faster on

her boss's delicious cock.

She put one hand on the thick base of his cock. She brought the other one down to firmly grip his big balls.

She felt him jerk when her fingers clamped down. She also felt his balls bulge between her spread knuckles. She pumped up and down on that tight handful of hairy flesh.

Dr. Heller's cock bucked and jerked in her mouth. She gripped the thick base of his cock-shaft harder, sucking for his cum.

After a dozen thrusts of her mouth, Amy's hopes faltered. After a dozen more fast trips up and down his long, thick prick, she started to worry.

But she never let up. She moaned in pleading notes, using the sounds to vibrate his prick.

Amy kept sucking until she thought her jaw would fall off. She finally missed a beat, and then another. Her mouth wasn't used to this. And her throat burned from the repeated abuse by his stubborn cock-head.

Amy slowed down, keeping her mouth wrapped around his bloated cock-head, her hands holding tightly to his balls and his cock-shaft.

"Don't worry, honey," Dorothy said.

Amy heard the redhead move. She looked over in time to see Miss Thompson join her on the floor.

"We'll both work together on this big cock," Dorothy said.

Amy pulled her mouth off Dr. Heller's cock-head, moving to one side.

"You're a bastard, Jim Heller," the redhead said. "But I love your cock."

Then Miss Thompson leaned forward and pressed her face into his bushy cock-hair. She moaned out loud, nuzzling her head into his loins. Then Amy felt the woman's mouth seek out and kiss the dentist's balls.

Amy let go of his cum-filled balls and stared. She could see the patient's jaws spread. She watched the redhead's dark red lipstick smear as she sucked his balls.

Amy moaned in disbelief.

The redhead let go, moving up to the dentist's cock-shaft with her long red tongue out.

"Okay, honey," the woman said between long licks, "if you're gonna work for Dr. Heller, you'd better learn to suck the hot white jizz from his big cock."

"Dorothy, I'll cancel your next appointment if you don't just shut the fuck up!" the dentist snapped.

Amy stared up at him. He was scowling at his patient, but ignoring his assistant.

"Hey, no need for that," the redhead said. "Just adding a little drama to the performance, I guess."

Amy stared at the woman.

"Miss Peterson is doing fine," Jim said. "Now shut up and let's see you suck my big cock!"

Amy saw his hands grip the redhead's skull as if it were a football. The blonde pulled back, shocked by the sudden movement.

The dentist gripped the sides of Miss Thompson's head. He pulled her toward his cock-head, arching his hips at the same time.

Amy watched his cock-head press against the woman's gasping lips. She saw the red lipstick smear again. But then Miss Thompson opened her mouth and the sticky wet cock-head forced her lips into a round band.

The woman's lips stretched, and Amy watched the blunt-tipped cock-head disappear. Then the thick prick-shaft started to slide in.

Amy watched the patient swallow cock-meat until she gagged. The woman's mouth was forced to swallow more and more cock, until the overstretched ring of her lips pressed his cock-hair.

But Dr. Heller wasn't content.

Amy winced when his hands forced the patient's head to move faster.

Miss Thompson's red curls tumbled back and forth over her shoulders. Amy could see the woman's hanging tits rocking with the motions of her mouth.

As Amy watched the patient's lips fly up and down almost the full length of the dentist's prick, she told herself that she would do the same when she could.

Amy watched the muscles in his arms flex as he pumped the redhead's skull up and down. Miss Thompson had reached up to hold her palms against his thighs. It looked like the redhead might be trying to push his cock away.

But if that was what she was trying, Amy knew that it was futile. For no matter what the woman did, her mouth kept fucking up and down to the tempo of the dentist's hands.

The redhead squealed, but all Amy could hear were plaintive little bleats of muffled sound. Spit trickled down the corner of her lips as the dentist's cock-shaft plowed through them.

Amy found herself wishing that it was her own head clamped between his hands, helpless to resist the endless thrusts forward to swallow his tireless prick.

Then she noticed his huge balls swinging freely as his hips moved to the rhythm of the patient's mouth. She reached for his balls, careful not to disturb the tempo of his hands.

"I've never seen cum gushing from a man's big cock before," Amy said, shocking herself with

her wicked words. She fondled his balls. "Let me see you cum! Let me taste it!"

Jim nodded for Amy to get down next to the redhead.

Amy leaned close. The dentist guided Miss Thompson to one side so Amy could reach his huge cock-head with her mouth.

Amy and the redhead attacked his bulging cock-head from either side, pressing it between their mouths.

Then one hand came down, and Amy watched Jim grip his own prick.

The dentist started to jerk his hand on his cock hard and fast. The sudden movement surprised Amy, and the motions wiggled his cock-head against her lips.

"Yes!" the redhead gasped.

Amy saw the woman's long tongue come out.

Amy continued to massage Dr. Heller's bloated balls as she pressed her lips against his cock. The knob-like head of his prick jiggled so fast from the motions of his hand that Amy could only hold her head steady and let it waggle against her lips.

Amy could see Miss Thompson's tongue covering half of his cock-head. The young assistant matched her, letting her tongue go flat as she stuck it far out of her mouth.

Both tongues fluttered and wiped. Amy tried to imagine how wonderful it must feel to have two eager tongues moving fast on the same lucky cock-head.

She watched Dr. Heller's face. The stony set of his jaw and the squint of his dark eyes told her that he was fighting to keep his cock from shooting all his hot cum.

Amy moaned again and again as she licked and kissed his prick.

The dentist added more power to his own hand, jerking up and down on his prick so fast the cock-head slapped into both mouths repeatedly. Amy watched his strong fist flying back and forth. She kept her tongue out, letting his cock-head slap against it again and again.

When his cum-hole shot a sudden bullet of hot white cum, Amy gasped out loud, as did Miss Thompson.

Amy watched the thick stream shoot. But the sight was blurred by a shot of jizz that almost blinded her. More of the spunk gushed, and Amy had to close both eyes, feeling the thick wet cock-cream splash across her face.

Amy felt the dentist's jizz splash all over her face. The redhead had a thick rope of white spunk hanging in her hair like a ribbon on a package.

The young blonde licked and lapped, catching globs of the delicious spunk. She sucked it down, then opened her mouth for more.

Hot globs of cum dripped down Amy's chin. The heavy, sweet-salty taste of fresh cum thrilled her. She opened her mouth wide, leaning closer to press her lips over his cock-head possessively. She was rewarded with a mouthful of hot spunk.

While she gulped it down, Miss Thompson elbowed her out of the way and drank another mouthful. The next shot sprayed free, coating Amy's neck.

Amy squeezed the dentist's balls, trying to coax more cock-cream from them. His hand moved to wipe his cock-head over the girls' gasping faces.

Dr. Heller let his breath out in a long sigh. He pulled hard on his prick, squeezing a last shimmering drop of cum from his sticky cock-head.

He stared down at Amy with a look on his face that was even more exciting to her than the taste of his cum.

CHAPTER FOUR

While Amy and Dorothy Thompson cleaned up in the washroom, the redhead filled Amy in on a lot of details about Dr. Heller.

Amy listened to the account with great interest.

"Word's really gotten around town by now," the redhead said. "I guess you just can't keep a big hard prick like Jimmy's secret for long."

"Wow!" Amy exclaimed.

Miss Thompson gave the young blonde a sly look. "Oh, wow, indeed! But he's got more than a prize-winning cock. As you just saw-he can fuck and fuck until any mortal woman has to beg him to stop. He never fails."

Amy's little pussy tingled, still warm from her recent experience. She had sucked his cock, tasted the man's hot cum, and yet her virgin pussy had been neglected. Amy decided she would soon fix that.

"You're a lucky girl," Dorothy said. "I know his last assistant got more than her share of his big cock. And she took part in lots of hot fuck-scenes!"

"What happened to her?" Amy asked.

"Married a rich patient, I heard. The guy keeps away from this place, in a mansion up in the hills. I liked her."

Then she grinned.

"I like you, too," the redhead said. "Next appointment I have with Dr. Heller, I hope you're there too."

The two finished washing the cum from their faces and getting ready to leave. Amy was surprised when the hot-eyed redhead leaned toward her and gave her a kiss.

Then Amy met the dentist to assist him with another patient.

Amy tried hard to keep her mind on the job at hand. The old woman in the chair had every confidence in the dentist, and Amy had soon helped the soft-spoken dentist to complete all the scheduled procedures.

When the patient had left, Amy cleaned up the instruments and tidied up the area. She tried to keep from looking at Dr. Heller's crotch, but her eyes always drifted back to it.

"We can break for lunch now, Amy," he said.

"Good, Dr. Heller, I'm very hungry."

He smiled at her in the way which made Amy's pussy tingle.

"I'm hungry too," he said. "We can eat in my office today, if you'd like."

He openly eyed the pretty girl's body.

Amy felt as though he could see her tits and her hot pussy through her clothes. She hoped he would like her body.

"Thank you, Doctor," she said. "I'd like-I'd love it!"

He nodded. "Follow me, Miss Peterson."

Then the tall man turned and left the room.

Amy almost stepped on his heels as he led the way to his private office. She had seen the warmly decorated office twice.

He reached the door and opened it with a key. Amy's heart beat faster. She slipped behind him into the dimly lit room, then stepped out of the way so he could shut the door.

Dr. Heller went to the far side of the room.

"You've surprised me today, Amy," he said.

"We surprised each other today," Amy said with a laugh, looking away from his eyes.

"One good surprise deserves another, don't you think?"

Amy grinned. She hoped the surprise included a nice hard fuck.

"Oh, yes, sir!" she exclaimed.

Dr. Heller reached down and pushed a button. The wall behind the man moved. Amy sucked her breath in, putting a hand on her chest.

She watched the wall slide away. And she craned her neck from where she stood, squinting to

see what lay beyond.

The room opened. It had white walls which drew attention to the piece of furniture in the center of the secret room.

It looked like a chair-but no chair that Amy had ever seen.

The heart-shaped padded seat was easy enough to figure out, but its wide tubular structure puzzled her. She stared at it.

"Surprise," the smiling dentist said.

Amy was more than surprised. The more she stared at the strange apparatus in the secret room, the more her shock gave way to blushing understanding. The meaning of the chair's shape began to form.

"Oh, Dr. Heller, what's that?" she gasped, grinning to cover her growing excitement.

"Come in here. I'll show you," he said.

The blushing young girl entered the room. She stared down at the strange chair.

Then the blonde heard a faint humming. She moaned as she recognized the glint of a camera's lens, mounted so closely to a blinding floodlight that Amy could hardly see it.

"Oh my God!"

She saw a similar camera mounted in the other corner.

It was too much. Amy shivered, rubbing her upper arms and giving the dentist a nervous glance.

She took a step backward, but the wall had shut and there seemed to be no door there at all.

"Oh, I don't know," she said. "I don't-"

"Strip!"

Amy coughed. Then her eyes snapped back to the camera lenses. They seemed to be waiting.

"I said strip! I want to see your cunt! Now!"

Amy felt like she was dreaming. She brought her hands up to the top of her uniform and began to unfasten the white buttons.

The dentist stood there and watched Amy, his arms folded over his chest. Amy went down the row of buttons easily. And with every one, her tits pushed the clean white uniform farther apart.

Amy could feel her nipples stiffen as she opened the top of the uniform. She shrugged the starched cotton off her shoulders.

"Video," Jim said. "And audio, of course."

He watched his assistant pull her uniform down to her waist. "You mean-"

"Shut up!" he shouted. "In this room, you are to do everything I say!" He grinned at the girl. "And I'll tell you when to talk."

Amy nodded, pushing her uniform down one hip and then the other. She accepted the authority in his voice and used that power to overcome her shyness and her fear. She grew more accustomed to the fact that her first fuck was being recorded on videotape, too.

The motions of her arms and hips made her tits jiggle in her tight bra. One side of her matching tan panties came partway off one hip as she pushed her uniform down her thighs.

Her uniform hit the floor. Amy stepped out of the puddle of cloth, her lean thighs brushing together in a way that made her cunt ache to be free of her panties.

"In this room, you are a slave," Dr. Heller said as Amy reached back to unhook her bra. "An obedient little slave-to my cock!"

Amy remembered that there were microphones in the room, as well as the cameras.

"Yes, sir," she said.

She unfastened her bra as she nodded submissively, sneaking a glance at one of the cameras.

The metal bra hooks eluded her. She was nervous. She couldn't stop thinking that the cameras-and her boss-were waiting for the first look at her naked tits.

Amy tried harder to unfasten the last of the row of hooks. Then she let exasperation get the better of her-tearing the bra apart as she squinted up into the bright lights overhead.

When she shook the straps from her pale shoulders, her enormous tits jiggled heavily and the white lacy bra-cups fell away. She instinctively put her arms up to her chest, her hands hiding her big tits.

Then she brought her arms down, feeling a blush that burned her cheeks and neck. Her tiny nipples hardened. She looked down at her stiff nipples, moaning at the sight of the straining pink buds.

Dr. Heller looked calmly at Amy's bare tits. Her nipples stiffened under his gaze, sticking out of the tiny cone-shaped tips of darker pink like two tiny red cherries. Amy felt them ache to be pinched and sucked.

"Now pull your panties down," he said. "How pretty can you be as you show your pussy?"

Amy giggled. Her hands moved down.

She swept her hands over her flaring hips.

She rubbed her cunt through the tight material of her panties. One side still rode low, and she hooked her finger under the elastic at that hip, pulling it down farther.

Amy looked in her boss's eyes as she let the tight cloth pull away from the pink mound of her fuzzy cunt.

She felt another wave of dreamy disbelief as she slowly pulled down the other side of her panties. The girl felt the elastic waistband roll down and then under the firm curves of her ass-cheeks.

Amy stared down at her pink pussy-lips. It was as if she were seeing her blonde-fuzzed cunt for the very first time. She could see the dewy moisture which had already dampened the tight slit of her cunt. As she watched, her shiny-wet cunt-lips leaked another warm drop of pussy-juice.

"Beautiful," the dentist said.

Amy posed for him. She stole another glance up to the cameras, arching her back to show off her tits and standing with her thighs well apart to reveal her virgin pussy.

"Now play with yourself," Jim said. "Tickle your cunt for-and let me see. how you play with those big tits!"

Amy grinned.

"You heard me, young lady," Dr. Heller said. "First, show me how you feel your tits."

Amy brought her hands up. She let her fingers make contact with her pale skin near her flat belly. She took a deep breath as she moved her palms up and around the full curves of her tits. She squeezed, feeling the flesh of her tits balloon between her fingers.

Amy's cheeks burned and her cunt became wetter by the second. Before she realized it, her hands were sliding quickly on her tits.

She moaned out loud again, the note cutting off when she remembered the sound-recording equipment.

Her hips moved, and her pink pussy spasmed slightly. She brought one hand down, eager to please the dentist.

"That's it, baby," Dr. Heller said, nodding. "Tickle that pretty little pussy.

Show me how you do it."

Amy showed her cunt, blushing hotter as she felt the eyes of the man on her exposed pussy-slit. She slowly traced one slender finger up and down her virgin pussy-slit.

The delicate touch made Amy sigh. She bit her bottom lip, her eyes rolling as a strong rush of excitement sparked through her pussy.

Amy left one hand up at her tits. She continued to sweep it over the smooth softness of them, showing off their size and shape, as well as making them feel wonderful.

Then Amy looked down at the black tubular chair in the middle of the room.

"Faster," Jim said, breaking her attention away from the puzzling fuck-chair.

Amy moved her hand over her tits with more dramatic sweeps. Her tingly cunt arched farther forward, the finger teasing up and down it, moving faster.

The combination made Amy moan again.

"You're so pretty," Dr. Heller said. "Show me-and show the cameras-how you make that little cunt-hole lather up. Get that pretty pussy nice and hot."

Amy put more energy into her hands. She gasped, her head falling back until her long blonde curls tumbled over her shoulders. Her finger wiggled over the mouth of her pussy until she could feel the tingling sparks flash hotter.

"Oh!" she cried out. She sucked in a breath, bracing herself, her hips thrust forward.

Amy's knees weakened. She faltered, catching her balance at the last moment. But she never stooped tickling her cunt or moving her other hand over her tits.

"More!" Dr. Heller shouted. "More!"

Amy did her best to add even more energy to her hands. She held her finger at the tight slit of her pussy, wiggling her hand. She fluttered her finger over the tiny bud of her clit.

"Oh!" she gasped.

Her knees gave out and she almost fell, letting her long legs bend. Her knees hit the floor. She knelt, still playing with her cunt and tits.

Then Dr. Heller took a step toward her. He lifted Amy by the waist, her body rising from where she knelt.

He picked up the young girl as if she were a doll-and Amy let out a shocked little cry, forgetting her cunt-tickling for the moment.

Dr. Heller placed Amy down on the chair, her ass on the heart-shaped, padded seat. Then she lay back, getting comfortable.

CHAPTER FIVE

Amy reached up and found that her hands could grasp the two curved handles above her head easily. Her feet fit on the other two appendages of the special chair.

The result posed her body with her knees up and apart, her cunt spread. Her arms were raised, leaving her tits to jiggle.

Dr. Heller stared down at his young dental assistant. He was fully dressed in his lab coat, shirt and pants. But as Amy stared, he quickly bared his cock.

He stood near Amy's head. He held his half-hard prick in one hand.

The young blonde gaped, watching his bloated cock-head hover near her. As she watched, it swelled even more.

Amy leaned back in the chair, gripping the hand-holds tightly.

"I love your cock," she said.

"Lick it," Dr. Heller said quickly. He leaned forward.

Amy turned her head, opening her mouth. Dr. Heller pushed his big cock closer. She clamped her lips onto the swelling bulge of his cock-head, moaning at the wonderful feel of it on her tongue.

"Stick your tongue out," he said. "Lick it pretty for the cameras."

She licked with long swipes, touching his cock-head with her tongue. She couldn't resist looking at the camera above her head as she dutifully licked his tasty cock.

Dr. Heller took his free hand and let it slide down Amy's smooth flat tummy. She gasped on his prick. His finger probed the tight lips of her cunt. Every movement of his fingertip on the sensitized flesh of her pussy made Amy feel more excited.

She gripped the hand-holds of the chair, moving her head to reach more of his cock. She moved her tongue faster, lashing at his prick as her cunt sparked and flashed.

Amy felt very hot. She basked in the bright light, letting her pussy spasm under his talented hand. She let her eyes focus on one of the cameras as she licked and lapped at his big prick.

Dr. Heller's fingers teased their way into her tight pussy. Amy moaned out loud, and her ass lifted slightly off the padded seat, letting the tight pussy rise to meet his touch.

He let his fingers burrow into her virgin fuck-hole-and then his fingertip pushed gently into the rubbery membrane of her cherry.

Amy noticed the sudden shock on his face. His finger pushed again, testing the resilient flesh while she licked his big cock.

"Surprise," Amy said. "My pussy has never been fucked-ever!"

She stared up at his face, licking his stiffening prick.

Dr. Heller tested her cherry again.

Amy groaned as his finger dipped between her pussy-lips. She felt his fingertip stretch her cherry membrane again, harder. But the stubborn flesh held.

"One good surprise deserves another," Amy said to the speechless dentist. Then she moved her tongue over his cock-head again. "Please pop my cherry with your big hard cock! Fuck my virgin cunt! Please!"

Dr. Heller's finger left her pussy. He stepped back.

"Please," Amy said again. "Rip my cunt with your big hard cock! Please fuck me!"

The dentist walked around to Amy's wide-spread thighs and stood between them. His eyes stared at her unfucked pussy as if it were a fortune in gold. He leaned forward slowly, gripping his stiff cock in one hand.

Amy watched Dr. Heller push his long thick prick down to aim the bloated purple prick-head right at her pussy. As the big knob-shaped cock-head touched the tight pussy-lips, she moaned.

The cock-head pushed, and Amy gripped the handles built into the fuck-chair harder, watching her cunt stretch for the very first time.

"It's-it's too big!" she cried, giving her boss a wide-eyed look. "It's too big for my cunt! Don't hurt me!"

"Be quiet!" he said.

Amy let her bottom lip roll out in a Dout at his harsh words. But she didn't dare say anything.

"If it hurts, and it probably will, it will go away soon."

"D-don't hurt me!" she gasped, staring at the huge cock-head which was poised to plunge into her pussy.

The more she looked at the oversized cock-head against her tight pussy, the more she knew this fuck would be impossible.

But the dentist pushed, and Amy saw her pussy open like a mouth. The tight folded lips of her blonde-fuzzed cunt followed the flaring curve of his cock-head until Amy couldn't believe her own eyes.

Her pussy stretched more and more. The dentist began to work his prick-head between her young pussy-lips, using his hand and his lips to fuck his prick in farther.

Amy realized she was holding her breath. She let it out in a frightened moan. She stared in utter disbelief as the hot flesh of the dentist's huge prick forced her cunt open.

Amy braced her body, digging her heels against the curved rungs of the chair's foot-holds.

"Oh, God!" she cried. "Oh-I'm gonna pop!"

She gritted her teeth, ready for her first fuck.

Dr. Heller's answer was a harder thrust.

Amy arched her back, letting her lungs empty in a loud cry. She felt the stinging sensations in her cunt reach their maximum-and then they were suddenly replaced by something else.

Amy relaxed a little, her back lowering down onto the chair's soft padding. She could still feel the painful stretching of her cunt, but now it was wonderfully different.

She bent her head down and stared at the thick cock-shaft that was fucking her pussy. She sighed in pure amazement.

The huge head of the dentist's prick was lodged tightly in the mouth of her cunt. Amy could feel it pulsing against the shattered remains of her cherry. As she watched, the dentist thrust forward slightly. Amy gasped as more cock fucked into her cunt.

"Oh!" she cried. "Oh-oh, yes!"

His stiff cock fucked deeper.

Amy remembered the cameras which were watching everything. She groaned out loud, her head snapping back to whip her hair over her shoulders. She flung her knees farther apart, opening her pussy for more of his hot cock.

Amy screamed in amazed bliss when another thick inch of cock-meat fucked up her tight cunt. She clutched the hand-holds of the chair until her knuckles turned white, and she winced in anticipation of the next thrust of his wonderful prick.

Amy looked down. The sight of his cock-shaft fucking into her overstretched pussy-mouth made Amy cry out again. She felt another strong rush of excitement build in her cunt and then shoot up her backbone.

"Yes!" she gasped, looking up at the dentist's smoldering eyes. "Fuck me!"

The young girl moved, changing the angle of her cunt.

The slight movement drew an amazed cry from her lips.

She cried out. The slight thrust of her cunt was accompanied by another thrust from Dr. Heller. The combination made Amy's pussy yield to another thick inch of cock.

Amy could feel the glove-tight channel of her pussy gripping the bulb of his cock-head, conforming to every contour. But his cock-head was plowing forward and her cunt was making way.

Amy knew she'd never forget this first wonderful fuck. She was struck with the thought that she could watch the videotape of it-if the dentist would let her.

"My first cock!" she cried. "I love it! My first fuck!"

Amy gathered her wits in the next few heartbeats. She took fresh grips on the cool metal of the hand-holds. She just had time to take a deep breath and brace herself when his prick suddenly fucked farther into her pussy.

Amy screamed again. Her body writhed on the chair's strange frame. The more she moved, the better it felt, and before she knew it, her pussy was fucking back with short little movements.

Dr. Heller let Amy do all the work. She found that the design of the chair allowed her perfect leverage to move her pussy. She set up a steady tempo, rocking from the waist and using her

arms and legs to fuck.

As Amy fucked, Dr. Heller took off his lab coat. He slowly loosened the knot of his tie. Then he unbuttoned his starched white shirt, his eyes following the eager motions of Amy's body.

She put on a show of her fucking, for him and for the all-seeing eyes of the cameras.

"So big! "she gasped. "So big! So hard!"

Dr. Heller answered his assistant's words with more cock.

Her head flew back. She writhed uncontrollably.

"Don't stop!" Dr. Heller yelled. "Wiggle your tight pussy! Fuck my big cock!"

He tore his shirt from his shoulders and tossed it to the floor. Amy admired his muscular chest and stomach and the way his dark body-hair pointed in a narrowing line to his huge half-buried cock.

He opened his pants and they fell down his legs. Amy leaned to one side to look at his hard-muscled body.

"I said fuck!" he shouted.

Amy obeyed immediately. Her pussy was wetter, and she thrilled to the slippery friction of his stiff prick.

Dr. Heller fed her another inch of his prick. Amy's loud cries rose in pitch. She continued to slide her juicy pussy up and down, but now she could feel his bulbous cock-head plowing back and forth in a deeper part of her cunt-hole.

Amy's lithe young body kept her cunt moving at a steady pace. She spared no energy necessary to move the gripping glove of her cunt over the ruddy meat of her boss's cock.

"That's it," the dentist said. "Good girl. Good little fucker!"

Amy put more power into the movements of her hips, bending down to see his cock fuck in and out.

The sight of his cock, shiny and wet from her pussy, appearing and disappearing, was the most beautiful thing she had ever seen.

She stared at his prick. She watched her pussy ride up and down, still crying out with every forceful buck of her ass.

"Faster!" the dentist shouted.

Amy gritted her teeth and fucked up and down faster. She let her head fall back, and she shut her eyes. She concentrated every thought on the new and wonderful joys of fucking.

Amy could hear the wet sounds of her fucking. She added more strength to her bucking.

"More!" she cried.

The man moved closer, carefully measuring out another thick portion of cock.

Something inside Amy's cock-focused mind snapped, just as her cherry had snapped. She launched into a grinding power-fuck, forcing her young pussy up and down so fast that her cries burned her throat. She kept to the grinding pace and felt her pussy heat up like a blast-furnace.

Her ass pounded on the seat of the chair. She felt her tits bounce and roll over her chest. She put all the power of her strong legs and back into her fucking.

Amy's body pounded on the chair and her cries became piercing blasts which hurt her ears and her tortured throat.

Her curls whipped her face. Her ass bounced up and down on the seat until the loud slapping sounds filled the tiny room. She hammered her ass in endless variations, thrusting upward to swallow almost all of his stiff prick.

Amy kept cumming until she thought she would pass out. She felt sweat run down her neck, and a salty bead of it ran from her forehead and stung one eye. But her pussy bucked up and down as if it would never stop:

Amy had no idea how much time passed before she heard Dr. Heller let out a low cry. He suddenly wrenched his prick free of Amy's wildly fucking cunt.

She brought her hands down from the holds. Then she slid her open palms over her body. She felt sticky warm cum on her tits and belly, and more of it splashed onto her arms.

A long white ribbon of spunk shot in a wave from the dentist's cock as he jerked his hand up and down the slippery prick-shaft. Amy opened her mouth in awe-and tasted cum as the stream splattered down on her.

She wiped his thick cock-cream over her writhing body. She rubbed it in as if it were expensive body-cream, coating her tits and her tummy.

She watched another wavering stream of jizz gush out of his cock and squealed with joy, feeling the hot spray of his cum. The next thick blast splattered over her from her cunt to her forehead.

She reached for Dr. Heller's spewing prick, but she was too weak from the fuck to lean forward off the comfortable fuck-chair. He continued to stroke his cock, even when the streams were only long stretchy drips that hit Amy's heaving belly.

Amy moaned as she writhed under Dr. Heller's dripping prick. She slid one hand over the full flesh of her cum-smearred tits-and she licked his tasty cock-cream, mewling at the taste.

CHAPTER SIX

Despite Amy's repeated protests, Dr. Heller gave her the rest of the day off.

She dreamed of his big hard cock all night. Once, waking in the middle of the night, she had

found herself tangled in her sheets, damp with sweat. There was an unbearable buzzing in her cunt.

She needed more cock.

By the time she was walking briskly into the dentist's office the next morning, that buzzing had become a burning feeling.

Amy had one thought on her mind as she came into the dentist's waiting room, fucking his cock. She marched toward his private office, her tits bouncing in her bra and clean white uniform.

She reached his office and knocked, but there was no answer. She hesitated, then she tried the door. It was locked.

Amy looked at the clock. She saw that she was too early. She waited for a moment, her mind filled with images of Dr. Heller's long thick prick. Then she decided to go to the washroom.

Amy entered the small washroom and locked the door behind her. She had begun to plan a surprise for her wonderful boss. She looked at herself in the mirror as she hurriedly unfastened the buttons down the front of her uniform.

She got the starched white dress off quickly. She listened for approaching footsteps as she set her uniform down and reached back to take off her tight bra.

Her stiff nipples ached to be sucked. Amy didn't waste a moment. She pulled down her low-riding panties.

The cool air of the washroom tingled on Amy's bare cunt. She giggled to herself as she let her white panties fall to her feet. She grabbed them from the floor and stood up, naked except for her socks and thick-soled shoes.

Then Amy took one second to appraise her lush young body in the mirror of the tiny washroom, standing on tiptoe to see her pink puffy cunt.

She hefted her full round tits proudly. She ran her hands down the slim curves of her hips and thighs. She posed full front and then with a quarter turn, watching her tits rock. She decided Dr. Heller would like his surprise.

Amy picked up her uniform and put it back on quickly.

Without her bra to keep her big tits compacted, they ballooned to the sides and out of the top of the tight bodice of the uniform. Amy giggled again from the sight of it.

Amy stuffed her bra and panties in her purse. She took an extra second to check her makeup and brush her hair before she left the washroom.

Amy looked up and down the hall when she opened the washroom door. She was starving for the dentist's big prick. She stepped into the empty hallway. She felt her tits bounce in a more unrestrained rhythm as she made her way back to his office.

Amy put her hand on the doorknob. She was shocked when it turned easily in her hand. She

knocked quickly.

"Come in," Dr. Heller's said.

"Good morning, sir," Amy said as she came into the office.

Dr. Heller sat at his desk, looking over his appointment sheet for the day. He looked up as his pretty blonde assistant came in, and he smiled in a way that made Amy's bare cunt gush and her nipples poke more obviously through the thin cloth covering them.

"Ah, Miss Peterson," the smiling dentist said. "Have a good night's sleep."

"I had-I dreamed about-I mean-"

"You dreamed about this?" Dr. Heller stood.

Amy stared at his huge prick. She couldn't resist letting out a cheer and clapping her hands.

"Oh, Doctor!" she cried, her knees weakening at the sight of his already-thickening cock and low-hanging balls.

She giggled as her hands came down. She lifted her uniform in one quick move, pulling it up around her bare waist.

"Amy!" he gasped, his smile widening.

The blonde watched as his prick began to thicken faster, its increasing hardness lifting it slowly upward.

"How about a nice juicy fuck before our first patient today?" Dr. Heller asked, his eyes locked on Amy's bare pink cunt.

"How about a nice cocksucking first?" she said, her blue eyes flashing.

She watched his long thick cock swell. Her mouth watered for a taste of it.

"We don't have much time, I'm afraid," he said. Then he sighed, his eyes still on Amy's exposed pussy. "Oh, all right. Come over here and suck my big cock."

"Yes, sir," Amy said.

She almost lunged as she let go of her uniform and stepped around his desk. She went down on her knees immediately, and Dr. Heller turned to allow her to open her mouth and clamp her lips directly on the bloating knob of his cock-head.

Amy gripped his hardening cock-shaft with both hands. She pulled and pushed, grinding the skin of his prick against the hardening meat beneath it. All the while she forced her lips to stretch over his huge cock-head.

Amy swallowed the head of his prick and pushed her head forward. His cock-head slid past her teeth. She took as much of his cock as she could, then slid her lips back off, letting her mouth

catch on the rim of his cockhead before she sucked it all the way back in again.

Amy sucked and licked and pumped both hands up and down. She felt his huge prick reach full hardness, stretching her lips as it swelled and throbbed.

Amy looked up at the dentist, sliding her lips and tongue and hands over his wonderful prick hard and fast. She loved the taste of his thick cock. She moved her head faster, using the muscles of her neck and back to force her mouth on and off his cockshaft, the bulging cock-head always clamped securely in her grasp.

When his prick throbbed more strongly, the staring dentist put his hands on his assistant's head. He guided her head back until Amy let his cock slurp loudly from her lips.

Amy's tongue went wild. She licked his prick as she moaned for a fuck. She kissed and sucked and nibbled at his stiff cock.

Amy felt his huge cock throb. She knew he was ready to fuck her tight pussy. She moaned louder, the sound muffled by Dr. Heller's balls. She leaned back, pushing away from his cock and standing up.

Without a word, Amy moved onto his desk. She sat on the center of it, positioning her naked ass on his black paper desk blotter.

Amy pulled her knees up, opening her naked thighs. She leaned back on her elbows, pulling the bottom of her uniform up past her narrow waist.

"Fuck me!" she moaned. "Please put your cock in me!"

She moved her pussy up and down in little thrusts that she hoped would look enticing.

"Oh, Amy," he said quietly.

He laid his wet prick on her upturned cunt, letting the spit-wet cock-shaft slap down on her.

Amy watched his huge prick wipe over her body. She began breathing fast. She moved her ass on the desk faster, rubbing the underside of his cock with the tight mouth of her starving pussy.

Dr. Heller took hold of his prick with one hand. He backed away until his shiny cock-head was aimed directly between Amy's pussy-lips.

Amy reached down with both hands. She put her fingers flat on either side of her tight cunt. She pushed them apart on her soft inner thighs, easing her puckered cunt-mouth open for his huge prick.

Amy saw the deeper pink of her inner pussy contrasted against the dark purple of Jim's prick-head. She watched his cock begin its long journey into her tight cunt-hole. She cried out in pleasure with every subtle push and shove.

Amy held her cunt still. She brought her knees up until they were tucked under her shoulders. She stared at the sight of her tiny pussy accepting the steady advance of his huge cock.

The cock-head wedged inside her pussy. Amy felt the tight ring of her cunt mouth snap down tight around the girth of his cock-shaft, gripping it like a strong toothless mouth.

Then the dentist fucked his cock deeper.

Amy wiggled and flexed, consciously letting his cock open her tight pussy a little bit at a time. She shivered as his cock-head plowed a wide furrow, deeper and deeper.

Amy pounded her hands down on the top of the desk. And she let out an ear-shattering cry as his prick fucked in and out of her pussy with a sudden flurry of short choppy strokes.

She felt sparks rush up her spine. Fireworks flashed in her brain. Her cunt squeezed down like a clamp. She felt warm fuck-juice ooze from her cunt, flooding his fucking cock as Amy received the next series of thrusts.

"Good cock!" she gasped. "Big! So big!"

She watched most of his huge cock fuck in and out of her tight, gripping cunt. She felt his cock-head plowing back and forth through her guts.

Amy felt her cunt grip the skin of his prick, holding it fast. But the ruddy meat of his cock continued to fuck, grinding back and forth inside her stretched fuck-hole.

Amy felt his balls tickling the crack of her ass. She realized that she was taking almost all of his big prick. The knowledge caused her guts to clamp down harder-and more hot fuck-juice gushed from her pussy, coating his prick with slippery wetness.

Dr. Heller fucked Amy faster. She couldn't take her eyes off the steady pistoning of his cock. Her ass was bouncing on the blotter, trapped under his relentless rock-hard prick.

Then he reached down as he fucked, gripping both of Amy's tits. His fingers sank into the soft firm globes of tit-meat as he quickly flicked the buttons of her uniform open.

"I've been dreaming too," Dr. Heller said. His long cock kept up its steady fucking as he spoke. But his eyes were on Amy's naked tits. "Of these nice soft tits-and this nice tight cunt!"

Amy fell back, her elbows sliding out from under her as her back hit the desk.

The doctor fucked faster, and Amy launched into series of spasms. She came, hot clear girl-cum gushing from her pussy walls to coat his prick.

Amy noticed the reduced friction. But at that instant, the tireless man fucked harder and faster. She heard the wet sounds her pussy made as his prick fucked back and forth. She went into another gut-grinding series of spasms, growling like a tortured animal as she climaxed.

She couldn't keep still. Her body thrashed as she came. Her pussy sucked at his pounding cock, squelching moistly as it became soaked with her own fuck-juice.

This fuck was even better than the first, she decided as she writhed under his cock. Every powerful thrust of his hips wrenched another squeaky scream from her slack lips.

Amy came so hard that she bit her tongue as she screamed. She gripped the dentist's strong shoulders and pulled him against her tits. The dentist buried his face in Amy's huge tits, sucking and licking them as his cock fucked in over and over again.

Amy heard him roar suddenly, and she felt the sudden blast of his cum. The hot shot of cock-cream inspired her cunt to explode into spasms that made Amy think that the top of her head had blown off.

Jim's cock fucked deeper as it gushed cum, and Amy took every hot blast of his wonderful cock-cream, gasping for more. She let out one long shuddering cry and her body shivered like a leaf in a storm, feeling more and more hot jism shoot from his prick.

Amy felt cum bubble out of her pussy and run down the crack of her ass. She came again, gripping the doctor's back as he sucked her tits and filled her cunt with his cum.

CHAPTER SEVEN

There was time for Amy to clean up before the first patient of the day.

Still glowing from her wonderful fuck, Amy brought in the tray of instruments, smiling at the good-looking young man in the chair.

She saw the way he looked at her body. And she saw the outline of his long prick through his pants.

Amy giggled out loud, setting the instrument tray down on the round stand attached to the drill stand. She gave the handsome boy in the chair a hot-eyed look.

"Hi," she said. "I'm Amy Peterson, Dr. Heller's new assistant."

Amy held her hand out. The boy shook it. Amy subtly moved her shoulders to the slow rhythm of her arm, swaying her tits for him.

Amy blushed. She kept her tits proudly thrust forward as the boy let go of her hand.

"Hi," he said. "Tom-Tom Waters."

"Hi, Tom," Amy said. "Nice to meet you."

"Amy," Dr. Heller said, impatience in his voice. "Yes, sir."

"I have to go out of the room," he said, smiling out of the boy's line of sight. "Will you entertain Tom for me while I take care of something."

The young blonde squinted at his grin. He nodded slightly.

"Yes, sir. So, Tom," she said. Her cheeks burned already. Her cunt was warming for a fuck. "Have you got a girlfriend?"

"Uh, no-I mean, well, not right now. I mean, yes! Sure!"

"Does she, you know, do things for you?" Amy asked, feeling her blush spread from her cheeks to her neck.

"What kinds of things?" he asked.

The eager dental assistant looked at the closed door of the examination room. Then she knelt next to Tom.

"Does she do this?" Amy asked. She reached out and put her hand directly on his prick-bulge.

She shocked herself. And from the look on the boy's face, she wasn't alone. He didn't say a word, but he sucked his breath in, his body going stiff in the tilted chair.

Amy squeezed his prick through his pants. She moaned as she watched the boy's prick stiffen.

"Does your lucky girlfriend play with your cock?" Amy asked as she grasped his zipper. She unzipped his pants. Then she reached in, opening his jockey shorts apart to get at his hardening cock.

The boy fumbled with Amy's buttons as she found his smooth cockshaft.

"Oh, yeah," he said as she squeezed his prick. "Yeah. She does-and she-likes to suck my cock too!"

"Really?" Amy smiled as she tried to pull his prick out of his pants.

"Yeah," he said, opening Amy's uniform to reveal her bare tits. "And she loves for me to suck her tits, too! Come here!"

He pulled one tit toward his mouth, leaning forward to clamp his lips on Amy's stiff nipple. He sucked the thrusting bud as she freed his prick.

"She's a lucky girl," Amy said, tossing her shoulders back to let his mouth have her tits.

She yanked and pulled until his cock had stretched all the way out of his pants.

She pulled up and down on his long prick. She heard the boy gasp on the ballooning flesh of her tits. He pushed her tits together and stuffed his face between them, gasping again when Amy squeezed his prick harder and stroked it faster.

Tom leaned back, his eyes wide. "But she always eats my cock!"

Amy eagerly took his long cock into her mouth. She sucked hard, taking more and more cock.

"Go, baby!" Tom moaned. "Suck me off!"

Amy thrilled to the authority in his tone. He had taken over completely. Amy fell into a brisk tempo, sucking in bursts and then letting his long cock-shaft escape from her mouth.

"Lick it!" the boy cried.

Amy's tongue fluttered back and forth over his thrusting prick as she mouthed it. She felt his fingers grip her tit harder. His other hand clawed into her hair.

Tom forced Amy's head all the way up and down his cock, using her tit as a handle. He controlled the depth of her cocksucking by shoving her head. Soon Amy was sure she tasted the bittersweet flavor of cum.

"Oh, shit!" the boy gasped. His hand sank into her tit-flesh, wrenching it up and down to make Amy suck his cock faster.

"Shit! Shit! Shit!"

Amy sucked and licked his cock, moaning loudly for his cum. She smashed her lips into the cloth of his pants with every cranking down-stroke of her mouth.

His prick was like hard bone covered with smooth soft skin. Amy loved the taste and feel of it in her mouth. After ten or twenty snapping strokes, Amy squealed in shock, gulping down cum.

"Oh, shit!" Tom cried again and again as his prick filled the young girl's gobbling throat. "Oh! Oh! Oh!"

Amy sucked and drank his cum. She kept moving her mouth up and down, sucking to get every last drop of the stuff. And she moaned in thanks as she gulped down her fill.

Finally, the young man pulled Amy off his cock.

"Oh! Oh, wow!" he gasped, jerking in the chair. "What a fucking blow-job!"

Amy looked at the patient's prick. She couldn't resist putting her hand back on it.

The boy jumped in the chair as if he'd been shocked with a cattle prod.

Amy gave him a pleading look.

"My pussy is hungry," she said. She took her hand off his cock so she could lift her uniform. "See?"

She showed him her pink pussy, bare under the clean white uniform.

Tom stared at Amy's tight cunt-slit, his brows coming into a scowl of disappointment.

"But what about the dentist?" he asked, glancing to the door. "We can't fuck now!"

Amy stepped closer, rocking her hips forward to give him a better look at her cunt.

"It's okay," she said. "He wouldn't care."

"He wouldn't care?"

"Dr. Heller and I have an understanding," Amy said with a big grin.

Tom laughed. He gasped again, though, when Amy grasped his limp cock. He let the eager young blonde stroke his well-sucked prick. She watched the long cock-shaft begin to stiffen.

"Get hard for me, please!" she groaned, staring at his big cock. "Get long and hard for my hot little fuck-hole!"

Tom's prick fattened and stretched. Amy rubbed her hand up and down the increasing length happily, watching his cock stiffen for her cunt.

"Yes," she said. "Tell me, Tommy. What else does your lucky girlfriend do for your big long prick?"

"Oh, shit," he said. He joined the eager dental assistant in watching his young prick stiffen. "She gets up on my prick and fucks!"

The patient grabbed Amy and pulled her over his cock. She swung one leg over the chair, pressing her moist pussy against his hard prick.

"Does she ride your long prick with her pussy?" Amy asked in a teasing tone.

"Shove it in!" he gasped.

Amy gripped his prick and pulled it up, staring down between her free-swinging tits at his swollen cock-head. She was poised over him, lowering her hungry pussy until the tight cunt-lips kissed Tom's prick.

Without hesitating, Amy lowered herself farther. She gasped when the slender cock-head parted her pussy. Her cunt swallowed his cock-head and rode down the long smooth prick-shaft.

"like this?"

Amy fucked with shallow strokes.

"Oh, yeah!" he cried. "Shit, yes-fuck, baby! Fuck!"

Amy squealed when his hands tightened on her hips. His strong fingers dictated a quicker speed. Amy obliged him, using her strong legs to move her pussy up and down on his hard prick faster.

She fucked with rapid thrusts which made her tits flop heavily. She leaned over the open-mouthed boy, watching him watch her big tits bounce like two pink rubber balls.

Tom reached up and grasped her tits as they bounced before his eyes.

"like-like this?" Amy asked, playing her game to the last.

She pounded her pussy up and down on his long prick.

His answer was a sudden series of sharp gasps. His hips bucked and jerked spasmodically under Amy's graceful fucking. She watched his reddening face as she used her cunt to fuck every inch of his smooth cock. His gasps became louder cries.

Amy was spurred by her success. She forced her pussy to slip straight up off his cock all the way to the thin rim of his cock-head-only to slam straight down until her tender thighs slapped into the coarse cloth of his pants.

Amy tore at her uniform. She bunched the white cloth around her narrow waist, never missing a stroke on his cock.

Amy pounded her ass down onto the fuck-stunned young patient. She wriggled her shoulders, pressing her bulging tits into his hands.

Amy clenched her teeth and hissed her breath out with every hammering stroke of her pussy. She fucked as if in a trance, oblivious to everything but the feel of Tom's cock and hands.

The patient leaned up. The dental assistant had to giggle at the way he gobbled and sucked and chewed her tender nipples, smashing his cheeks and chin against the firm flesh of her tits.

She fucked his cock until her legs ached. She felt the sting of a cramp begin in one thigh. She snapped out of her daze to force her cunt to keep fucking against the nagging pain. That was when she noticed Dr. Heller standing in the doorway.

Amy opened her mouth to speak, Dr. Heller put one finger to his lips.

She moaned out loud, fucking more eagerly than ever. The knowledge that her boss was viewing her fuck for his own entertainment made her put twice the energy into her pussy's long strokes.

When Dr. Heller unzipped his pants and pulled out his cock, Amy almost shouted for joy.

He scowled at her. He let Amy stare at his stiffening cock while she dutifully fucked the stunned patient.

Amy glanced down. His hands were gripping and clawing the full curves of her tits, pressing them tighter as he sucked on them.

She looked back at Dr. Heller. She grinned when she saw that his huge cock already hard, and that his hand was pumping up and down on it in time to her own fucking.

The patient's face pulled away from Amy's tits. He seemed unable to hold his mouth on her aching nipples. She felt his prick jerk and thrust in her pussy, ready to cum.

Amy watched Dr. Heller's wonderful huge prick as he stroked it. She put a linger to her mouth, opening her jaws to let him know she would happily suck his cock while she fucked Tom.

Her pussy flew up and down as she waited for his answer. She knew that the lucky patient would soon be cumming in her cunt.

But she watched her boss, her eyes moving from his staring eyes to his jerking cock and rocking balls.

She moved her finger in her mouth, pretending that it was the thick shaft of Jim's tasty prick she was holding.

The dentist watched Amy ride up and down on the boy's long prick. Then he caught her attention with a gesture. Amy watched as his hand spun, signaling something.

Amy realized that he was telling her to turn around on the boy's prick.

She nodded. And with the ease of a gymnast, she swung one long leg over the boy's body, then the other, balancing with her hands on the dental chair until she had turned around.

Tom's hands clawed at her tits as they swung away. He clamped onto her ass-cheeks. Amy loved the feel of his fingers on her ass. And she loved the sight of her big-cocked employer walking quietly over to stand in front of her, thrusting his stiff cock forward for her hot mouth.

She loved the way the dentist's cock-head stretched her lips. The combination of a mouth-gorging prick and a cunt-burning cock at the same time was enough to make Amy almost lose her mind from pure joy.

She used her hands to hold the meaty bulk of Dr. Heller's cock against her mouth, giving him the most savage display of cock-eating she could manage.

Amy groaned and gasped, warming Dr. Heller's cock with her hot breath. The strong young prick in her sparking cunt inspired Amy to new heights of cock sucking. She bit and chewed his huge cock-head. Her hands jerked and yanked on the thick cock-shaft as if she were trying to tear it off.

Dr. Heller moaned. Amy sucked his cock even harder, making loud smacking noises as she tried to cover all of it with her hot mouth.

Amy was sucking and fucking in a frenzy of cock-lust. She moaned as her pussy pounded up and down.

Tom began to make strangled noises. His cock began to fuck in erratic thrusts which threw Amy's timing off. She kept her balance by gripping Dr. Heller's cock-shaft and putting more of her weight on it.

Amy wasn't surprised when the patients straining prick let loose hot bullets of cum, filling pussy. She gnawed on the dentist's cock. Her hands shook until she could hear the man's balls slapping against his thighs. Her ass was flying up and down to suck more cum from Tom's convulsing cock.

Amy wiggled, grinding her pussy up and down with sudden twists which made Tom cry out. The boy's hands shook on her ass, but her fast fucking made it impossible for him to get any kind of grip on them.

She felt another hot blast of jizz in her cunt. Thick drools of bubbly cum were leaking down her thighs. Amy thrilled to every gunshot stream of the boy's cum.

Tom's hands slapped and pinched her ass-cheeks. Amy let out sharp little squeals, but the minor pain only fueled Amy's fucking. She drained the gasping patient's prick with her tight cunt.

It took the young blonde by surprise when Dr. Heller's cock-head suddenly sprayed her face with more of the hot spunk. She snapped her mouth open, but the next thick load of cock-cream

lanced across Amy's cheek and splatted in her hair.

Amy moaned as she lunged forward, trapping his gushing cock-head in the tight suction of her lips. She sucked, feeling a strong blast of cum fill her mouth until her cheeks bulged. Amy swallowed it eagerly. She sucked as hard as she could, letting her fucking carry her lips in short thrusts on Dr. Heller's enormous cock-head.

The dentist filled her mouth again, and Amy had to wonder where he was getting all the delicious jism. She drank his hot cum, feeling more of it spew up into the farthest reaches of her pussy from Tom's writhing cock.

Amy came suddenly, losing all control. And she sucked and fucked in a wild flurry of action.

When Amy thought she would choke, she yanked her lips off of the dentist's cock-head-and took a sudden shot of cum along her face.

Amy's ass kept moving, bucking up and down on the boy's draining prick. She ignored the patient's pleading gasps and gyrations under her flying pussy. All she could think about was cum.

Now that the dentist's drooling cock was out of her lips, Amy used his cock-head to wipe his wonderful spunk all over her face. She pumped her gripping hands up and down on his thick cock-shaft. She squeezed as she pumped, licking up every last dribble of tasty jizz.

Dr. Heller was first to pull back. But Tom's hands began to scratch and slap at Amy's fucking ass, trying to make her stop.

CHAPTER EIGHT

Amy watched Tom Waters' mother lead him from the office. She had to giggle at the way the boy staggered drunkenly on the woman's arm.

Amy felt the afterglow of her wonderful double fuck for most of the day.

Near the end of office hours, Dr. Heller greeted a tall stately woman at the door. Amy could tell from the way the dentist smiled at the patient that he wanted to fuck the gorgeous woman.

Amy felt a twinge of jealousy. But it passed when she remembered how much she owed the wonderful man.

Amy grinned as she watched the dentist's uncharacteristic manner with the tall, dark-haired beauty. He seemed captivated by her.

Amy couldn't get the grin off her face as Dr. Heller led the woman to one of the rooms in the back of the office. She noticed the wink he gave her as Amy suggested she assist him.

Amy looked at Judy Blake's chart. The woman was scheduled for a routine cleaning. Without a word, Amy grasped the valve at the top of the cylinder which was full of nitrous oxide.

Dr. Heller caught Amy's movement as he spoke to the gorgeous patient. His dark brows lowered, but his lips curled up into a smile.

Then Dr. Heller was leaning over Miss Blake's mouth. He was politely waiting for her to stop talking.

Amy turned on the valve of the nitrous oxide tank to the normal prescribed dosage, making sure the dentist saw what she did.

"Open wider," the dentist said. He eased the woman's mouth open, looking business-like as he gave her lips a prod.

"What is it?" Judy asked, scowling.

"Open," the dentist said.

Amy giggled. She watched her boss put a look of mock-concern on his face.

And Amy knew that Dr. Heller deserved to see the woman's well-shaped body naked on the chair.

She felt her own pulse quicken as she thought of it.

But the young blonde remembered how generous Dr. Heller had been with the Waters boy-and with his own big cock. Amy concentrated hard on a plan to get the beautiful woman to fuck the big-cocked dentist.

"Are you ready, sir?" Amy asked, holding up the clear plastic mask which was fed by the tall green tank of laughing gas.

"Ah, Amy," he said. "Yes."

He took a minute to explain his actions to the open-mouthed girl in the chair.

"Miss Blake," the dentist said, "I want to take a look at something."

He motioned for Amy to approach with the gas.

"It's probably nothing," Dr. Heller said in his most soothing voice. "I just want to probe you to make sure."

Amy put one hand to her mouth. She stayed out of the patient's line of sight. She reached across the woman's huge tits as she handed the dentist the plastic mask.

"Just a little gas to relax you. This might hurt a little bit otherwise," Dr. Heller said. "I have to probe deeply here."

Amy choked off a laugh. She was having fun.

Amy watched the woman's tits rise and fall as she breathed deeply.

"How do you feel now. Miss Blake?" Amy asked, leaning down over the woman to see the growing gleam in her dark eyes.

Judy waved one manicured hand, nodding. Her eyelids fluttered.

Amy grinned openly at her boss. She leaned closer to the beautiful patient's ear.

"Just a few more breaths," Amy said in soft tones.

Then Amy removed the mask, setting it out of the way.

The dentist used his metal pick to open the woman's wide mouth. Amy imagined the high-cheeked mouth wrapped around Dr. Heller's huge cock.

Judy moaned dazedly as Dr. Heller looked in her mouth.

Amy watched the way he leaned over the girl's lush body. Then she noticed the growing bulge of the dentist's prick through his pants. The young blonde's hands itched to feel his big cock becoming bigger, but she put the thought out of her mind.

"Miss Blake," she said, "I certainly have to say, you are an incredibly beautiful girl."

The patient gave Amy a dazed glance.

"You must be very popular with men," the young dental assistant said.

"Sometimes," the woman in the chair said weakly.

"Big strong men," Amy said. "Handsome, rich-with big hard cocks! Men who know how to fuck!"

The patient blinked her eyes. But her gaze stayed on Dr. Heller's impassive face. Amy could see the dentist's huge prick more plainly now, and it was growing as she watched.

Judy Blake moaned.

Amy knew the pretty girl was thinking about fucking. She tried to lean closer, accidentally brushing the full outer curve of the woman's tit with her arm.

"Excuse me," Amy said. But she noticed as she said it that the brief touch had drawn another low moan from the slowly breathing patient.

Then Amy noticed the woman's thick nipple-rising and already distinct through the soft yellow sweater and the woman's bra.

Amy brushed up against the woman's full tit again. She heard another soft moan.

"I wish I was as lucky as you," Amy said. The dentist continued to look at the patient's wide mouth as Amy spoke. "So few men have what I need. A big cock and the skill and strength to fuck me until I can't take anymore are just the thing."

The woman's tits rose and fell faster now. Amy could see the two stiff nipples thrusting plainly through her sweater.

"And with all the men you meet-wow!" Amy exclaimed.

Dr. Heller moved away from Judy's wide mouth. And he gave his blonde assistant a devilish grin.

"Take a look at this, for instance," Amy said, her casual tone breaking with constrained excitement as she reached over the girl's body-and deftly unzipped the dentist's pants!

"I'll bet you don't see too many of these in all your travels," Amy said in the same soothing tones as she reached into Dr. Heller's pants and pulled out his stiffening cock.

Judy's eyes widened. She gripped the arms of the chair, but she didn't say a word.

"Look how big and thick this cock is," Amy said to the dazed patient. "And it will be as hard as a rock in a minute! Watch!"

Amy began to stroke lovingly up and down Dr. Heller's huge prick. Both girls watched the way it thickened, the cockhead bulging and turning purple.

"See?" Amy said. She saw that the woman's arms were trembling as she gripped the chair. "See how big and hard this is?" Amy stroked it faster, pulling gently to coax the dentist to step closer. "And it's nice and hot, too!"

His stiff cock was throbbing as Amy stroked it. She saw the patient's eyes brighten as the huge cock neared her mouth.

"How often does a lucky girl have a chance to feel a big hard prick like this?"

"Oh, my," the stunned patient said. "Oh, my."

"Or to kiss it and suck it and lick it, because you know it's gonna feel so damned good in your pussy!"

Miss Blake let out a moan of pure lust. She leaned forward.

Amy stared with a proud gleam in her eyes as the beautiful patient wrapped her mouth around Dr. Heller's bulging cock-head as if she'd been waiting to suck it all her life.

The woman cast all restraint aside. She reached up and gripped the dentist's long cock with both hands. The patient's mouth engulfed so much of his cock that Amy gagged just from watching it.

Judy Blake sucked on the cock in her mouth, which made Amy admire the prick-hungry girl. She slammed her hands up and down as her lips ground back and forth, taking full advantage of the size of his cock.

Dr. Heller watched the gorgeous brunette suck his cock with a look on his face which made Amy tingle with pride. He obviously loved the way the woman's mouth slipped up and down his cock. He gripped the overhead stand which housed the drill, his cock thrusting forward as he leaned back to stare.

"Enough cock to fill up any cunt," Amy said in the cock sue king girl's ear. Amy watched the

woman's black hair sway as her head jerked up and down. "All you have to do is show him your pussy."

Amy heard the woman's strangled moan. She saw the girl's body move and stretch on the chair. Her legs parted, one knee coming up until her shoe was on the edge of the seat.

Amy caught a glimpse of the satin panties under the long skirt.

Judy put more energy into her cocksucking. Her hands jerked in rapid bursts of motion which made the two high-riding swells of her tits move.

Amy reached up and grabbed the thick base of Dr. Heller's prick. She leaned close to the patient's ear.

"You want to fuck this big cock," she said as convincingly as she could. "You can't wait."

Amy helped the girl by squeezing the thick base the dentist's cock-shaft as hard as she could. She felt the meaty cock-shaft throb.

"Let me help," she said. She reached down with her other hand and began to pull Judy's skirt up.

Miss Blake moaned again. When Amy pulled the skirt away from the patient's long lean legs, the woman squirmed excitedly, making more noise as she sucked the dentist's huge prick.

Amy guided the woman's thighs open as Judy took a bigger mouthful of cock, holding it and moaning as she pulled her knees up.

Amy backed away in shock as she watched the cocksucking woman's legs spread, the pale thighs stretching so far that it thrust her satin-covered cunt up off the seat of the chair. She followed the wild movements of the girl's firm ass-cheeks as they squirmed and wiggled.

"Inch by inch," Amy whispered in the moaning woman's ear. "Stretching your hot cunt-your hungry cunt!"

Judy Blake let out a wild cry on the dentist's spit-wet cock. Amy heard it as a muffled bleat of pure cock-lust.

Her left hand came off the dentist's prick and flashed down, tearing her panties off in one surprising motion.

Amy let out an ecstatic cry as she saw the black lace rip away and leave the beautiful woman's thick-lipped pussy bra. She studied the curled pussy-lips with awe. She wondered what it would look like to see the woman's pink cunt mouth stretching around the dentist's cock.

Judy tore her lips off Dr. Heller's cock. Amy heard him gasp.

"Fuck me!" the woman cried. "Fuck me! Fuck me, goddamn you, fuck me!"

Amy got out of the way, shocked by the woman's sudden cock-lust. It was as if some rare cock-fever had conquered her, and Amy could see the frenzied symptoms of it in the woman's whole body.

The dentist silently moved away from the patient's gasping mouth. He stood near the front of the chair.

The woman immediately grabbed his cock. Andy stared as Judy pulled the long thick prick down until the hot bulge of his pock-head touched the reddening lips of her cunt.

"Oh God!" she moaned, driving the huge cock-head into wrinkled mouth of her cunt.

Amy leaned closer, watching everything. She marveled at the way the woman's fleshy cunt parted. The pussy-lips stretched like an eager mouth.

Dr. Heller let the beautiful patient do all the work, coaxing the stretching of her own pussy with her hands and with upward thrusts of her firm ass.

"More!" the brunette gasped. "Please, fuck me!"

Judy pulled the dentist, making him step right up to the edge of the chair.

The patient let out a scream, and Amy watched Dr. Heller's prick slide into her cunt like a knife into soft butter.

Amy heard the man groan as his cock fucked farther and farther between the patient's splayed thighs. Amy looked up and saw her boss watching his own huge cock disappear, a look of smoldering lust on his face.

Amy tingled all over. She pushed one hand onto the firm tit near her arm. Judy squirmed in Amy's direction, still using her hands and her hips to take more and more cock up her pussy.

The brunette's firm tit brushed Amy's.

"Let me help," Amy said, watching the woman's hands jerk and tug at Dr. Heller's cock. She put her own hands on the bottom of the woman's sweater and pulled it up, stretching the soft material up and over the bulging flesh of Judy's tits. Then the patient let go of Jim's cock, raising her arms. Amy reached back down, hooking her fingers under the buried bottom band of the woman's bra. She got a grip and pulled. She felt the tight bra stretch up and over the peaks of Judy's tits.

Amy watched the two cherry-red nipples snap straight out. Another sting of envy hit the young blonde as she stared at the woman's thick nipples. Amy looked at the way Judy's tits bounced and rocked. The dentist saw them too.

Dr. Heller moved both of his hands at once. His strong fingers gripped Miss Blake's huge tits. At the same time, he leaned against her body. Amy's mouth dropped open as she watched his cock fuck to the hilt into the woman's pussy. Judy let out a scream.

Amy bit her bottom lip and winced when Dr. Heller gave the writhing brunette an extra thrust.

The woman's arms reached around his back. Her legs kicked up until her knees were close to her tits. Her ass wriggled, stirring his cock in her pussy.

Dr. Heller gripped the patient's tits like handles, his fingers sunk to the knuckles in her tit-flesh. He started to fuck with a sudden flurry of short strokes in answer to the wriggling of Judy's full ass.

Judy let out a long cry. Her hands clawed at the dentist's white lab coat.

Dr. Heller's whole huge prick stayed firmly lodged in his patient's writhing pussy. His body drove his fully buried prick in rough motions which made his balls bounce and wiggle in the crack of the woman's ass.

The patient couldn't stop scratching her fingernails over the cloth of his coat-and she couldn't keep her cock-filled pussy still.

Amy moved from her position at the head of the chair. She quietly crept up behind the fucking dentist.

CHAPTER NINE

Amy reached around and unfastened her boss's pants. Then Amy pulled his pants down.

The dental assistant reached around Jim's hips and pulled, hearing the woman scream as his prick was pulled out of her cunt. When Amy saw the thick rim of Dr. Heller's cock-head, she used all of her body weight to shove his body onto the chair.

Amy knew his whole cock was back in

Judy's cunt when his balls were pushed back between his legs-and when she heard Judy's ear-shattering scream.

The young blonde braced her feet and did the same thing all over again, pulling and pushing to make the dentist fuck.

Dr. Heller took one hand from Judy's tit to reach around him and grab Amy's shoulder.

"Strip," he said to his grinning assistant.

Amy moved away from him. She hurriedly got to work on her uniform's buttons.

Dr. Heller started moving his cock with such speed and precision that Amy imagined that he was a robot, and that he could fuck like this until somebody turned his switch off.

His screaming patient took every long hard thrust of his prick, her knees pulled back as far as the chair would allow. She was probably cumming already, Amy decided. And Amy had to wonder if the woman would be able to stop.

Judy's cunt spasmed harder. Her screams rose in pitch and volume, and Amy had to put her hands over her ears.

The gorgeous brunette was shaking her head and her arms as if she was trying to get away. But Amy knew better. The only way to get away from Dr. Heller's big fucking cock was to make it cum.

Amy hurried with her buttons, wincing at the patient's endless screams. Soon Amy was shrugging her uniform off, and she was glad to leave it on the floor where it fell.

Amy watched the dentist's prick fuck harder into the woman's cunt. His body drove his prick forward, shooting cum into the beautiful woman's well-fucked cunt-hole.

Dr. Heller pulled his gushing cock out of the patient's pussy and let the rest of his cum shoot on her body. Judy writhed out of control.

Amy leaned down, smearing his cum over the woman's flesh as she cried out and writhed under the dentist's cum-squirting prick. Before Amy knew it, she was leaning down and licking the stuff off the patient's flesh.

Dr. Heller moaned and a last drop of cum dripped out of the slit in his bloated cock-head. Amy leaned over and licked it off.

The fresh cum tasted good. Amy licked his still-hard cock all over, cleaning the sticky jizz from the cock-flesh with her lips and tongue.

"Oh, my God!" the brunette moaned. "Wh-what a cock!"

She shivered, her stomach knotting as Amy's tongue traced over it.

"I told you," Amy said to the fuck-stunned woman. "You don't get any luckier than this."

The brunette nodded, staring at the dentist's huge cock.

"God, what a cock," Judy said.

Amy winked at her boss. He winked back at her, smiling.

Dr. Heller moved back. He stood before the cum-spattered patient, arching his back to show the beautiful woman that his big cock was still hard and throbbing.

"See?" Amy said. "He just fucked the shit out of your pussy-and he's ready for more!"

"You bastard," Judy said, finally getting her breath back. "You ruined my makeup!"

She wiped sweat from her face. Then she lifted herself out of the chair.

"I wanted to fuck you from the minute I saw you," the dentist said. "And I want to fuck you again. Now."

Both girls watched his prick throb, fully stiff even though it was still shiny and wet with fresh cum.

"You bastard," Judy said again, shaking her head. "I have to have it! I have to feel that big hard prick in my cunt again-and you know it, you fucking bastard!"

"I know," the dentist said, grinning.

"Take your skirt off," the dentist said.

Judy took a breath to speak, but she let it out silently, she pushed the skirt down her legs.

"Put it here," the dentist said. He pointed down at his feet.

"Kneel on it," he said, his grin widening. "And let me see how you suck my big prick."

The patient stood there, naked but for her garter-belt, stockings and shoes. She gave the handsome dentist a hot glare of protest. But she did as he told her to do, getting down on her knees before his prick. She opened her mouth immediately.

Amy watched the woman's wide mouth swallow Dr. Heller's huge cock-head in one gulp. She moved her lips up his slippery cock-shaft.

Dr. Heller watched the patient as she started to mouth-fuck him in long, even strokes. She left her hands off of his prick this time, using just her talented mouth to service his stiff cock.

Spit dribbled down the woman's chin, but Judy ignored it, using her neck and back muscles to slide her lips far up and down over the dentist's tireless prick.

Amy had to admire the model's style. Her willing mouth was stretched impossibly, and yet the woman used her overstretched lips like a tight pussy, grinding it back and forth over most of his cockshaft with apparent ease.

"Beautiful," Jim said. "Take more cock. More!"

The woman obeyed, forcing her mouth over more of his cock. Amy looked away, her throat constricting.

"Suck it good," Dr. Heller said. "Get my cock nice and juicy for your hot pussy. Your pretty pussy."

The dentist reached down and stroked the woman's shiny hair as her mouth moved up and down on his prick.

Judy looked back up at his face as she sucked his cock.

"Sit in the chair," she said to the dentist. "Let us both suck your cock, Dr. Heller."

"I haven't forgotten you, Amy," Dr. Heller said. He watched the beautiful patient's mouth stroke up and down his cock a few times. Then he used his hand to slow her cocksucking.

Judy's eyes stared at his cock as he pulled her mouth off of it. A string of spit stretched from his cock-head to her lips. It broke and landed on the panting woman's tits.

The dentist spun on his heels. He took a step toward the dental chair as he got out of his coat and shirt, giving Amy another smile. Then he turned around to sit, his stiff prick waving wildly.

When he had positioned his ass on the seat, he leaned back, resting his head on the built-in

support.

Amy reached up, giggling, and flicked on the overhead lamp. She aimed the bright beam on her boss's shiny prick, then she leaned forward to touch her hungry lips to his prick-flesh.

But Miss Blake moved toward his cock at the same time. She rudely pushed Amy out of the way.

"Have a heart, Amy," the woman said. She kept moving, crawling up onto the chair.

The long-legged woman straddled him, planting her knees on the wide padded arms of the chair.

Her huge tits hung right in the man's face. Her pussy hovered directly over his throbbing prick.

Amy reached down and lifted his cock, amazed at the way it stuck up straight, pulsing strongly in her hand. His prick was pounding with hot blood, and Amy couldn't resist stroking it as the patient's cunt began to lower onto it.

Judy's thick pussy-lips spread like an opening mouth. Amy watched the cunt-lips swallow the huge cock-head. The woman gasped, throwing her head back until her hair cascaded down her bare back.

Judy fucked her way down inch after inch of hard cock. Amy sighed at the beauty of it, watching the woman's furry pussy slide down farther and farther, until she had to let go of it.

Miss Blake sucked in a lungful of air and hissed it away again, forcing her pussy to take Jim's whole huge prick in one long motion. When her high round ass-cheeks pressed down on the dentist's lap, she shivered and moaned, wiggling to feel his prick in her tightly gripping cunt.

"So big!" Judy cried. "So fucking big!"

She lifted up, gasping as her pussy rose just as smoothly and evenly as it had lowered. When Amy could see the dentist's cock-head, the woman started back down. In no time she had set up a long, steady rhythm which slipped her cunt up and down over his entire cock.

Amy saw the way Judy's heavy tits rocked over her chest as she fucked. The blonde's eyes flashed from Judy's hobbling tits to her rocking ass and then back again.

Judy Blake balanced on the chair, pounding her pussy all the way up and down Jim's long thick cock.

Amy reached down and fondled Dr. Heller's big hairy balls as Judy fucked his cock.

Judy's full round ass-cheeks were almost pounding down onto his lap with every thrust of her cunt.

The gorgeous woman fucked on and on, until Amy could hear the dentist moaning. Judy's pussy stretched like rubber.

Amy giggled with glee as she watched the dentist's body go stiff under the wildly fucking woman. She listened to his rising moans attentively, counting the strokes of the patient's wet pussy until he came.

Amy hadn't even counted to ten before she heard Judy squeal. She saw the dentist shiver as if he had been shocked-and his cock thrust straight up, his ass lifting off the chair as he let out a loud roar.

Amy squeezed and yanked on his balls as he came. She watched the woman's pussy leak white cock-cream in the next few fuck-strokes. The dentist let the beautiful girl do all the work, and Judy drained his cock, screaming as her pussy filled with hot cum.

Dr. Heller reached up with both hands and felt his patient's tits as his cock gushed.

"Yes!" Judy cried, fucking in a sudden flurry of motion that made Amy smile. The woman's pussy fucked up and down, and more thick cum bubbled and drooled from her tight pink-lips.

Finally the woman stopped fucking, shivering as her cunt leaked more sticky cock-cream. Amy sighed, wishing her own cunt had been shot full of sticky spunk.

CHAPTER TEN

For the rest of the day, Amy pouted, doing her work with a sad look on her pretty face.

The dentist went about his appointments, seeming to ignore Amy's condition. She had been angry every since he had left the room in a rush, leaving Amy with the well-fucked female patient.

By the time Amy and the dentist finished the last patient of the day, Amy was slamming instruments down and refusing to look at the man's eyes.

Dr. Heller bid his patient goodbye. Then he turned to his pouting assistant.

"I want to see you in my office, Amy," he said. "Now."

Amy followed him down the hall. The starving ache in her cunt had built up until Amy could hardly stand it. She held onto the slim possibility of a fuck as she followed the dentist into his office.

"Thank you Miss Blake," he said. "You were very good."

Amy looked at her feet. "Thank you."

When she looked up, the dentist had moved, and was standing at the part of the wall which Amy knew was the secret door to his video room.

"Come on in, honey," Amy heard a familiar voice say.

Amy almost ran into the bright room where she knew the elaborate fuck-chair waited.

Amy recognized the redhead-Dorothy Thompson was her name-right away. Then

Amy saw the nasty black leather outfit the redhead was wearing.

Miss Thompson wore knee-high black boots and long black gloves which reached past her elbows. A tight black corset and garters framed the woman's bare cunt.

Amy noticed the black whip in the redhead's hand, and the young blonde moaned in fear, taking a step back.

"There's fresh tape in all the recorders," the green-eyed woman said. "And there's a pretty pink cunt that needs licking."

The woman's wicked grin gave Amy goose bumps. Dr. Heller was calmly stripping. He was already half naked, pulling his pants down as the stunned blonde stared.

Amy watched the dentist's prick come into view as his pants dropped.

"Yoo-hoo, Amy," the redhead said. She slapped the handle of the whip onto one palm, attracting Amy's attention.

Amy saw that the whip handle was shaped just like a cock.

Amy looked back to her boss. Dr. Heller was standing and watching Amy with a grin.

When she glanced down at his cock, she saw that it was already stiffening, lifting from its hanging position as if it were being pulled up with a chain.

"We planned this little surprise just for you, Amy," the dentist said. "Miss Thompson and I would like to show you something special."

"We're making a movie," the redhead said, her green eyes flashing. "A hot, naked fuck movie- and you're the star! Take your clothes off!"

Amy didn't know what to expect. But she knew it would be something which included the big hard cock she had been wanting to suck and fuck all day. The thought sent shivers up her back.

"What's the name of this movie?" Amy asked, getting out of her uniform at last.

Miss Thompson laughed. "Oh. It's called Amy Gets Fucked and Sucked!"

Amy struggled out of her uniform. She watched the whip as the many strands lashed across the woman's open hand. She hoped those black whip-strands wouldn't hurt her too much.

"Are you ready?" Dorothy asked Dr. Heller.

"Christ, Dorothy!" the man said, laughing out loud, "you're one crazy cunt! You really are!"

"Fuck you, Jim," the redhead said. "You just come over here and let the princess have your cock. Up on the chair, girl! Up, up, up!"

Amy didn't know whether to be angry or not. But she also didn't know what she wanted more-Dr. Heller's prick in her mouth or in her tight little pussy.

Amy obediently climbed up on the fuck-chair.

Memories of her cherry-blasting fuck returned to her in a rush as she positioned her ass on the padded seat of the chair.

"Good girl," Miss Thompson said. "Goddamnit, kid, you're so fucking pretty down there! Your cunt looks as tight as a goddamn asshole!"

The redhead reached out and tickled the tight mouth of the blonde's spread cunt with her free hand. Amy gasped when the woman's finger tickled her tiny clit. She found her familiar hand-holds above her head, gripping them tightly.

Dorothy got down between Amy's spread legs. She shocked the young girl by kissing her exposed pussy-lips.

Amy gasped. She stared down at the woman.

"Here, Amy," the dentist said.

Amy jumped. She hadn't even noticed that the muscular man had stepped up beside her. His big prick was bobbing up and down close to her gasping mouth.

Amy leaned her head in the direction of his tasty-looking cock. She clamped her lips to his cock-head and sucked.

Amy's gasps warmed his cock-head as Amy thrilled to the redhead's lips and tongue in her cunt. She stroked the dentist's cock-shaft faster.

Then the blonde felt something new in her pussy. She remembered the long slim whip-handle, and she moaned on Dr. Heller's delicious cock-head as she felt the cold thing fuck into her tight little pussy.

Amy couldn't keep still as the false prick fucked deftly into her cunt. Her hips gyrated on the seat of the chair as the rigid object invaded her cunt.

Amy moaned louder, licking and lapping faster. The long slim prick-thing began to move as the clit-licking redhead fucked Amy with the whip-handle.

Dr. Heller moved closer. He reached down and turned Amy's head to face his long thick cock. He thrust his swollen prick into the girl's wide-stretched mouth.

The dentist fucked Amy's throat while the redhead slid the dildo in and out of the girl's hot pussy. Amy felt his hand tighten in her hair. He slowly added more force to his guidance-until he was jerking her mouth up and down on his big prick hard and fast.

Amy took his cockhead into her tender throat. She concentrated on keeping her neck relaxed, letting the man use her head to please his cock.

The redhead did amazing things with the whip-handle, twisting and stabbing the long smooth thing into Amy's pussy with an ever-increasing urgency. It plunged and dipped in ways no real cock could manage.

When Amy shivered, her spine lighting with sudden flashes, the redhead sucked her clit harder and moved the dildo more wildly. Amy thrashed until she felt hands slap down to hold her.

Soon Amy started to cum. Her pussy flooded with hot fuck-juice. The redhead panted against Amy's clit.

"Now!" the redhead cried.

Amy jumped with the shock of suddenly being left alone on the chair. Dr. Heller's cock pulled from her sucking mouth, the swollen cock-head pulling out all at once.

The dildo slipped out of her hot cunt, leaving her to thrash in the middle of a strong 'climax. The blonde let out a sharp cry, raising her head.

"Fuck me!" she cried. "Oh, please! Please!"

She felt as if the air had been torn from her lungs as his spit-slippery cock rammed down and pierced Amy's cunt. His cock fucked deeper, forcing Amy's well-prepared pussy to spread around its full bulk.

Amy watched his cock fuck deeper and deeper. The dildo had left her pussy wet and stretchy, just right to bear the strain of the dentist's huge hard cock.

His prick glided back and forth. Her cunt, heated so much by the dildo, now gushed hot waves of slippery girl-cum.

Amy's pussy spasmed with every thrust of his cock. She came again and again.

"Fuck her!" Dorothy Thompson shouted.

Then Amy-heard a cracking noise, and her cunt was stretched by another deep fuck-stroke.

Amy realized that the redhead was whipping the dentist to make him fuck. The redhead was standing to one side, watching the man's big prick fuck in and out of Amy's pink pussy.

Dr. Heller's face wore an expression of barely restrained fuck-lust. Amy watched him fuck, his whole body running with sweat, as the redhead struck his ass repeatedly with the whip.

Each time the whip cracked down onto his ass, the dentist's face tensed. Amy watched the man's temples pulse as his jaw tightened. But his huge prick fucked forward with every sharp crack. Amy knew he must be half-mad from pleasure, ready to fill her exploding cunt with hot cock-cream.

"Fuck! Fuck! Fuck!" Dorothy shouted with every stroke.

The blonde cried out, feeling as if her cunt might rip. But his cock fucked on and on, following the tempo of the whip.

Amy shook under the onslaught, her body flaring with hot bolts of excitement which started from her pussy and ended up in her brain.

Amy's pussy gripped the dentist's cock like a wet vise. Her cries degenerated into uncontrollable screams, her hands lost their grips on the chair, coming down to grasp her tits as she came.

She felt another flood of hot fuck-juice from her pussy. She felt the sticky stuff coat his prick. Amy screamed, sinking her fingers into her heaving tits until it hurt. But his long thick cock just kept fucking back and forth, fucking her cunt as if he would never stop.

"Yes!" the redhead cried. "Cum in her pussy! Shoot! Cum! Cum!"

The dentist fucked faster, his breath gusting through his teeth as his body bucked and jerked.

The redhead beat his ass-cheeks and back with the whip, bringing it down on his ass-flesh as his cock launched into a powerful grinding fuck that made Amy's cunt hurt.

Dr. Heller's face contorted. His cock fucked forward harder and his balls slapped Amy's ass as he power-fucked her with his whole huge prick.

"Now! Now!" the redhead shouted.

Suddenly his prick gushed. Hot cum flooded Amy's pussy. He fucked on, the deep fast strokes of his cock squishing through the sudden overflow of thick, creamy cum.

The whip slapped down, and with each loud crack, Amy felt another strong shot of cum gush from his cock.

Dr. Heller fucked his gushing cock to the balls into the sloppy-wet flesh of her cunt. His cock-head spewed so much thick cum that Amy felt her belly swell from the load.

The redhead pulled his body back suddenly and his cum-smeared cock was torn from Amy's pussy. Amy watched a gushing stream of jizz land and splatter on her spasming body. She smeared his sticky spunk over her tits and belly just as he shot another thick stream.

Dorothy let out a cheer-and Amy felt the whip, as the redhead lashed Dr. Heller's gushing cock. The dentist jerked off on Amy's thrashing body as the redhead whipped his climaxing prick.

Amy had never seen the dentist cum so hard. His bloated cock-head seemed to piss white. Thick streams of spunk flew to land in wavy lines on Amy's tits and shoulders.

Dorothy lunged forward and began to suck the fresh hot cum from his still-gushing cock-head. Amy saw a powerful blast of jizz hit the redhead's face. And then another.

Amy was covered with syrupy strands of spunk. Her hands made wet sloppy slurping noises as she smeared the hot cock-cream over her flesh. She watched Dr. Heller's cock-head dribble more of it, but the redhead caught it, sucking the stuff up and swallowing it.

The dentist squeezed his huge prick. One last glob of jism dribbled from his messy cock-head. The redhead licked it off.

Amy lay in the chair, exhausted from her wonderful fuck, and began to catch her breath.

She wondered what the videotape of the hot three-way fuck would look like. The thought of

watching it made her giggle weakly.

Amy looked up at her boss. She sighed, happy to be an assistant to a big-cocked dentist.

THE END...
