

The Teasing Bank Teller

by Danny Morrison

FOREWORD

Most of us lead two lives, real and fantasy. The housewife imagines herself leading a life of luxury, surrounded by furs and jewels. The businessman imagines himself far away from the rat race, fishing or painting by a quiet lake. The schoolboy dreams of someday having wealth or power. And then there are sexual fantasies, wild dreams that we seldom expect to come true.

Is it best to suppress our desires and fantasies, or to bring them out into the open and act upon them? Does their repression lead to sickness, or their fulfillment bring shame? No one has yet been able to answer these questions satisfactorily.

Each person in this story has their own sexual fantasy. Most decide to readily abandon their inhibitions, though it takes a little longer for young bank teller Judy Dunn. She at first tries to repress her desires, but eventually decides to face them in an inevitable situation that she cannot control. All morals are then cast aside in her quest for total fulfillment.

THE TEASING BANK TELLER -deals with the sexual dilemmas that face us all.

-The Publisher

CHAPTER ONE

After a short while of Judy Dunn's new job as a bank teller, she came to several conclusions. There was nothing interesting about fondling money all day long. It was a boring job, regardless of how much green passed between her fingers. The only redeeming aspect to the job was getting to work the drive up teller window. She quickly learned she was able to check out the bulges on the guys who drove through to make deposits or withdrawals.

Lori Masters, the two year employee of the bank who was training Judy, soon realized where her trainee's eyes were staring when they were working the window.

"See anything you like?" Lori asked. "Between their legs, I mean."

"I, uh, I was just looking, uh at the interior," Judy stammered, embarrassed by being caught by Lori.

But Lori just giggled at Judy and explained she did it all the time. Over the years, she had seen some sights not to be believed.

"You mean," Judy asked incredulously, "people come by and intentionally expose themselves?"

"Of course," Lori said, still chuckling, "it's an exhibitionist's paradise. We're a captive audience. We gotta watch. We can't run off and leave the cash unattended and the dude with his cock out waiting for us. Plus, there are other cars behind him who have no idea of what is going on. So, I just sit up here, pretend I'm outraged, enjoy the show, and hope they come again. No pun intended."

"But I would be offended," Judy said earnestly.

"Then I guess I have a lot to teach you, don't I?" Lori said.

The episode at the drive up window had taken place over two months ago and since that time Judy had come to develop a close friendship with Lori. Lori was twenty and had worked at the bank since she graduated from high school. She was striking physically, with her lithe, five foot eight inch body, and long lean thighs. She liked to wear high heels and dresses slit to mid thigh to give anyone interested a taste of what she had to offer. Judy estimated Lori's tits were just as impressive as her beautiful legs, though it was difficult to be sure because of the loose, silk blouses which Lori usually wore.

Judy was two years younger than Lori. She had just graduated from high school in the spring, and envied the natural ease Lori had around people, especially men. Judy wished she could be so cool and collected around others.

Most of the other tellers in the bank were older women and Judy felt they weren't that interested in being friendly with her. But Lori was another story altogether. It was obvious that Lori liked Judy just as much as Judy liked her. They soon thought of each other almost as sisters. But despite their similarities in age and many other things they had in common, they were very different in one key area: matters of love.

Lori had a boyfriend, Ted, who she raved about to Judy. She went on and on about what an expert lover he was, what a nice, fat cock he possessed, and the things he did to her with it. Embarrassed at first, Judy loved to hear Lori talk in great detail about how Ted had fucked her. Judy dejectedly admitted to Lori that she had been screwed only three times, by her boyfriend from high school, who had since broken up with her and gone off to college.

"Men would die to get a hold of you, Judy," Lori said, "you're practically a

virgin. A prime piece of ass."

"Lori!" Judy said, feeling her face flush.

"I'm serious," Lori said. "Look at yourself objectively sometime. You're eighteen"

"Almost nineteen," Judy interrupted.

"Almost nineteen," Lori said, smiling and continuing, "nice dark hair, good, tight body with big tits, and a firm ass. Men would die to get their cocks inside your tight little cunt."

"I've never thought of myself as tremendously attractive," Judy confessed.

"Well, you are attractive and you should be proud of it. And you should use what you've got to snag somebody. Somebody to replace the old college boy."

"You've seen how I am around people, especially men. I get all tongue tied. How am I going to snag somebody?"

"Just by being yourself, not trying to put it on airs or be something you're not. It'll happen. You just have to be awake when it does. You know, not let opportunities pass you by. But the first thing you should do is get a place of your own."

"You know how much I want to leave my parents' place, but I can't afford an apartment on my salary, at least not until I get my raise. And that won't be for six

months."

"I was thinking," Lori said, smiling mischievously, "we might room together, split the costs right down the middle. What do you think?"

"That would be great!" Judy exclaimed. "What a great idea! When do you want me to move in?"

"Is Saturday too soon?" Lori asked.

As Judy had very little in the way of furniture to move in, the move was an easy one. Lori's apartment, a two bedroom unit, was located less than a mile from the bank. On nice days in the spring and summer months, Lori could walk to work.

By two in the afternoon, with Ted's help, the two ladies were nicely settled into their shared quarters. Ted suggested they toast the new living arrangement, so he pulled three Buds from the refrigerator, popped the caps and gave a beer to each of the women.

"To friendship," Ted said, raising his bottle.

"To roommates," Judy offered.

"To us," Lori said, clinking her bottle against Ted's and Judy's.

After they finished their beers, Ted left and the new roomies decided it was time to wash up. Lori offered the shower to Judy, who said that Lori should have the privilege of the first shower. Lori protested, saying it only made sense that, as

a move in present, the newcomer should get first crack at the shower.

"Let's not stand here arguing all day about who gets to take the first shower, for crying out loud," Judy said, almost laughing about how absurd the disagreement was.

"I've got the answer," Lori said smugly, shaking her long blonde hair.

"Flip a coin?"

"Shower together, silly. You don't mind, do you?"

"I don't know," Judy answered truthfully, "I've never showered with another woman before."

"Suit yourself," Lori said, stripping off her clothes. "But I'm getting in and you're welcome to join me."

Judy watched, not knowing what to think as her new roommate pulled her loose T-shirt over her head to reveal a perfect pair of round, firm tits. They were slightly larger than Judy imagined they would be, but exceptionally well formed. The nipples were a pleasing pink in color. Judy was aware of a stirring inside herself, a feeling she had only experienced a few times before, but always when she was with her boyfriend. But now this tingling, exciting feeling was creeping up her spine and there was no man about. Only beautiful, blonde Lori, who had now taken off her baggy jeans to reveal her long lean thighs, slim hips and perfectly trim tummy. Lori wore a wispy pair of white lace panties. Then, Lori slipped out of her panties and tossed them on top of the pile of her clothes on the rug. She looked up to see Judy admiring her body.

"Coming? Or are you just going to watch?" Lori asked, teasingly.

Through her embarrassed blush, Judy still couldn't keep her eyes from taking in Lori's beautifully sculptured body. Judy stared at Lori's closely cropped blonde pussy hair, surprised that she was getting aroused just by looking at another woman. She never knew such feelings excited in her. Oddly, she didn't feel embarrassed about her feelings, only funny about Lori knowing about them. "Well?" Lori persisted. "Oh, all right," Judy said, realizing she really wanted to shower with Lori.

Judy undressed, as Lori stood in front of her and watched. Judy unbuttoned her work shirt and heard Lori emit a low groan when she got a look at Judy's impressively huge tits.

"Take the bra off, Judy," Lori said impatiently. "Let me get a look at those beauties."

Judy felt another tingling feeling run up her spine when Lori spoke. She could hear the interest in Lori's voice. She knew Lori wanted to shower with her just as badly as she wanted it to happen. Judy reached behind her head and unsnapped her bra. She easily undid the catches and took off her bra.

"Oh my," Lori said, "you've got a beautiful set! They're at least twice as big as mine, and well shaped, too. I love your nipples."

The word nipples brought a smile to Judy. She was reminded of the many times she had begged her boyfriend to suck them, but he never seemed to enjoy it, or do it correctly. "Let's see your legs," Lori said. "I can tell, even in your jeans, that you've got a tight little ass. I'm just waiting to see what your pussy hair looks like."

For inexplicable reasons, Judy felt completely at ease standing in front of her completely nude roommate, ready to shed the last of her clothes. In fact, Judy felt almost proud as she slid her jeans off to show Lori her basic black panties. They weren't as skimpy as Lori's, but they nicely highlighted Judy's narrow hips, taut thighs, rounded ass and tight tummy. She used one finger on each hand to pull the elasticized waist away from her hips and slide the panties down her legs. Judy was aware she was actually teasing Lori, with a sort of low key strip tease. She had no idea where all of this was coming from. Lori picked up on it, too.

"I thought you were an innocent young thing," Lori said, "barely been fucked, and now you're making me crazy with this strip show."

"I'm sorry," Judy said, feeling momentarily confused.

"Don't be sorry! I love it!"

Judy stepped out of her panties and let Lori give her a clear, critical look at her now naked form. Lori gave a low whistle and actually licked her slightly parted lips as she stared at Judy's thick, black haired bush.

"You're beautiful," Lori said, "I can't believe you've only fucked one guy, and barely fucked him at that. He must have been nuts. Your body is fantastic."

"Thank you," Judy said, not knowing exactly what the proper response was to compliments about how fuckable she was.

"Let's get in the shower before we both freeze to death," Lori said.

She led the way to the bathroom and Judy couldn't help watching Lori's beautiful long legs and tight ass as she walked in front of her. Lori adjusted the

water, stepped in and extended her hand to Judy to officially escort her into the shower. They both knew by now that they were going to do more than get each other clean.

Wordlessly, Lori took a bar of soap from the shower ledge and began working on Judy's back, starting up at the nape, working both hands over to Judy's shoulders, then down the center of her back, along the spine, soaping the firm love handles, then to the tender, tight ass. Lori lovingly worked both of her soapy hands all over Judy's ass, going first up and down, then back and forth, all the while applying more pressure. Judy couldn't keep the words from coming out of her mouth. She had never had such a massage and it felt so wonderful.

"Oh, Lori, it feels so nice, the way you're rubbing my ass, I've never felt like this before, I feel so, so, I don't know how to describe it!" Judy said, searching for the words.

"You're getting turned on," Lori said. "For the first time in your life, you're getting really turned on. Just relax and enjoy it. I'll take good care of you."

Judy faced the shower stall, supported herself with both hands against the tile and let Lori's slender magic hands do their work. She felt startlingly powerful sensations run from her ass to her cunt, then course to all parts of her body. Her head felt faintly light, but not unpleasantly so. She was aware of Lori's fingers working from her ass around to her thighs, on to her pelvic area. She felt Lori's slippery, hot hands rubbing the soap into her thick dark pussy hair and didn't object in the least. She felt her pussy beginning to get hotter than she had ever felt it, and was aware of her pussy dripping with a wetness which was foreign to her.

The pleasurable feelings which Judy was experiencing were spiked upward dramatically by the expert placement of Lori's fingers on her rapidly swelling clit. Lori gently worked the sensitive nodule back and forth. "You like that, don't you?" Lori asked, picking up the pace as she worked on Judy's clit. "I bet your

boyfriend never did this."

Judy couldn't believe how turned on she was. She had done herself in the past on a number of occasions, but it never felt like this. She couldn't keep herself from moving her hips, grinding her pussy against Lori's hands, forcing Lori to apply more pressure and move her hand faster on her clit.

"That's it, Judy," Lori said. "Move your tight little cunt all over the place. Feel me working your clit with my finger. I know what you need, you need to be licked. That will really turn you on!"

Lori quickly rinsed Judy of all the soap which had been lathered onto her back and ass and pussy. Then, taking complete control, she led Judy out of the shower and dried both of them off before leading the way to the bedroom.

"Lie down on your back," Lori commanded. "You're going to love what I'm going to do to your body."

Judy was in a sort of daze, but knew whatever Lori had planned for her would be great. Already, she had experienced more pleasure than she had ever received before, with or without a cock inside her. She watched Lori smile before she bent down and placed her head between Judy's legs, her agile tongue poised to do its work.

"Lick me!" Judy pleaded, surprised at her own words, but knowing she meant them. "Lick my pussy with your tongue, Lori! Lick my cunt!"

Lori didn't say a word, but bent to the delicious task in front of her. She started at the clit, still sensitive from the earlier attention. She flicked it back and forth several times before moving down Judy's dripping slit, parting the hairy cunt with expert jabs of her tongue. Her tongue rimmed the insides of Judy's pussy lips,

making Judy squirm with pleasure. She begged for more.

"Oh, Lori, it feels so good! I had no idea it would like this! Keep licking me, baby! Lick my pussy some more! Oh, Lori, keep tonguing my pussy!"

Lori continued lapping away and Judy pretended it was her boyfriend doing her, getting ready for the big plunge of his prick to the very center of her being. Judy moved her hips up and down, accentuating the action which Lori was giving her.

"Fuck me, fuck me, fuck me!" Judy finally said, unable to contain her fantasies any longer. "Put that giant prick of yours inside my pussy!"

Fuck me, honey! Do me with your big cock!"

Lori had a reasonably good idea of the thoughts that were going through Judy's brain. It only motivated Lori to lick faster, applying her full attention to Judy's puffy clit. She relished the musky taste of Judy's cunt juices and the wetter Judy's pussy got, the more determined Lori was to make Judy even hotter.

Judy began to moan involuntarily. She felt a white hot jolt of intense pleasure shoot from her pussy and spread instantly to all parts of her body. Judy's hips came completely off the bed, and she felt Lori's tongue go deeper into her sopping slit. She felt her clit being sucked and licked.

"Fuck me! Fuck me! Fuck me!" Judy screamed.

Lori was loving the session almost as much as Judy. Her own pussy was screaming for attention, just as Judy's was. She wished Ted had not left after

helping them move all of Judy's things into the apartment. He would have been a tremendous asset in the training of Judy. Lori would have loved to watch Ted's thick cock bust into Judy's tight, dark haired cunt. Lori would have also enjoyed the look on Judy's face when she felt the hugeness of Ted's cock entering her pussy for the first time. That would be ecstasy, watching Ted take on another hot babe, then doing her for the finale.

Judy thrashed her hips and legs all over the bed as Lori worked from the tip, now licking from Judy's asshole all the way to her clit and the top of her delicious pussy. The cunt juice was now running out of Judy's pussy in rivers and flowing onto the bedspread. Lori's cunt was a close second in the wetness department. Finally, Lori could stand it no more. Judy had been begging for cock for nearly five minutes now, so something had to be done. Since Ted wasn't at hand, the only logical solution was to use her back up prick on Judy, her fat eight inch dildo.

CHAPTER TWO

"What are you doing?" Judy asked, when Lori reached over to the night stand.

"I wish we had a man here, to do you proper," Lori said. "But we don't. So I've got the next best thing. This."

Lori withdrew the dildo from the night stand drawer and held it up for Judy to see. It was an impressive tool, with life like coloration and a perfectly beautiful cockhead on it. It even had a thick blue vein running along the top of the shaft. The best part about it, other than its length and girth, was the fact that it also vibrated. A battery operated cock. A far cry from Ted's gorgeous prick, but it had made her scream with pleasure on more than one occasion. Now Lori was going to get the chance to send her new roommate to the moon. She had already made Judy come once with her lips and tongue. With the eight inch monster buzzing along at full power, she was certain Judy would quickly climax again, and again, and again.

"You're going to put that in me?" Judy asked, fear obviously present in her voice.

Her boyfriend's cock, though she had never clearly seen it in the light of day, was not even close in size to the huge device Lori held in front of her. Judy couldn't imagine such a big cock fitting inside her pussy. As much as she wanted to try and take the dildo, she had serious reservations about whether she would be able to take even half of it.

"We'll take it slow," Lori said, reading her roommate's mind. "Don't worry, I know it's big, and kind of scary looking. But I've had a little experience with this. I'll be very gentle with you. I won't give you any more than you want to take. Promise."

Judy immediately relaxed, calmed by Lori's confident words and the loving smile she wore on her lips as she got back between her legs. Judy watched Lori rub the thick rubber cock head along the entire length of her slit, smearing the ample pussy juice all around. Lori worked the fake dick up high on her slit, actually rubbing the cunt juice into Judy's thick, dark, curly cunt hair. It drove Judy wild. She squirmed and bucked, as much from the hot sight of watching Lori work the cock on her as from the feelings it sparked in her cunt.

"Feels good, doesn't it, Judy?" Lori asked, running the head of the dildo up and down between the folds of Judy's cunt lips.

"Turn on the motor, Lori! It feels good now, but I want to feel it massage my clit."

Lori pushed the button on the very end of the dildo and it instantly emitted a soothing hum to accompany its powerful vibrations. She laid the rubber cock against Judy's clit and slowly slid it up and down, watching Judy's face light up as

the dildo worked its ways.

"Oh, it feels so good!" Judy said. "My pussy is tingling all over! I'm almost coming again!"

"It gets a lot better than this," Lori said. "Trust me."

Lori began moving the humming tool all around on Judy's cunt. She used only one hand so she could rub her own clit as she worked on Judy. Lori was getting off on the hot sight she had created. The huge tool in her hand worked up and back along Judy's cunt. The bud of a clit was swollen and glimmering. Judy had such a great body and it was responding perfectly to her loving hands. Lori licked her lips as she saw Judy's huge tits sporting erect nipples. She leaned down and licked one nipple, then the other, all the while moving the vibrating cock up and back on Judy's clit and doing her own pussy with her other hand.

"Put it in me, if you can, Lori! Please try and push part of the cock inside me!" Judy said, so turned on she could barely speak.

Lori took her mouth from Judy's tits and got into a position to have a good view as she worked the dildo into Judy. She parted Judy's slippery, dark haired cunt lips with the index and middle fingers of her right hand. With her left hand she firmly grasped the base of the softly oscillating organ and pushed the huge rubber head between Judy's pussy lips. There was resistance to allowing the fake cock to enter for the briefest flicker of time. Then, with a gentle shove, Lori pushed the first half of the prick out of sight and into the hot, wet darkness of Judy's fuck-hole.

"Oh, oh, oh, oh!" Judy gasped as she felt the cock being pushed in, then pulled out, three quick times. "Give me more, Lori! Push more of that big cock up inside me! It feels so good!"

Lori looked with pleasure at Judy's tight cunt as it consumed more and more of the constantly vibrating dildo. Lori felt her pussy getting wetter by the second as she watched the cock slide in and out of Judy's turned on cunt. She loved the way the cock spread Judy's tight, pink pussy lips to make room for the head and shaft of the prick to plow deeply into Judy's cunt.

Judy had never been so turned on. She felt the thick, hard, pulsating dildo being skillfully driven deeper into her fuck-hole on nearly every stroke now. Judy lifted her head from the bed and was rewarded with the mind blowing sight of Lori shoving the cock past her dark haired cunt and actually into her hole. Judy loved to watch the giant tool disappear and then reappear. As she watched, she felt her already sopping cunt releasing even more cunt juice, to make the entry of more cock possible.

"I love it, Lori!" Judy said, still watching her roommate working her over. "It feels so nice and hard and big, the way you're doing me! I just love it!"

"I know something that feels even better,"

Lori said, a teasing tone to her voice.

"You can't be serious," Judy panted, feeling herself coming.

Lori didn't answer. Instead, she bent down and put her head between Judy's legs. She watched herself work the big rubber cock in and out of Judy's tight pussy a few more strokes, then extend her tongue until it just flicked Judy's clit. Then, Lori flicked Judy's cut again, this time a little harder. All the while, she kept up the relentless pace with the dildo. Judy bucked wildly, which pleased Lori greatly. She was so turned on herself she wanted to take the dildo out of Judy's cunt and shove it up her own pussy. Somehow she managed to control herself

and continued working on Judy.

Lori felt a tugging at her hips and realized Judy was beckoning her to get into a sixty nine position. Lori happily obliged, placing her pretty blonde haired pussy directly over Judy's mouth.

Judy had never eaten cunt before, but right now it seemed like such a natural thing to do. She had never been so high before. Her pussy was so turned on she was coming almost continuously now. She had never come with a prick in her cunt, either a real one or a dildo. And she had only come a couple times previously when she had done herself with her fingers. But this was something else again. The cock was imbedded at least six inches inside her cunt and Lori's tongue was doing the fandango on her clit.

Judy couldn't keep her hips on the bed. It was almost instinctive, her body's need for cock, and her hips responded accordingly, lifting high off the bed to force more of Lori's beautiful dildo inside her pussy.

Judy collected enough of her faculties to focus her attention on the beautiful cunt just above her face, Lori's cunt, Lori's beautiful blonde haired pussy, with the slippery, pink, hot wet lips. Judy extended her tongue until it lay just between the two luscious folds of Lori's cunt lips. Judy ran her tongue tentatively between the wet lips, then brought the tongue back into her mouth to savor the taste of her first drop of cunt juice.

Judy heard Lori moan, which clued Judy she was doing something right. She returned her tongue to the hot pussy and licked again, this time more deeply. Judy tasted the cunt juice again and decided it was tasty, a natural turn on. She went at Lori's clit, just as she felt Lori doing her clit at that very moment. She tried to mimic on Lori's clit exactly what she felt Lori doing to her. Judy hear Lori moan more loudly and felt confident she was doing a competent job on her first try at cunt lapping.

Judy was now comfortable enough as she worked on Lori's cunt that she could once again return her attention to what was making her own cunt so turned on and alive. She felt Lori jam another inch into her at the same instant she gave a hot lick on her clit. It forced another spike of sexual electricity rocketing through her body. Judy wanted to see how much of the dildo had been absorbed by her cunt, but she didn't want to break the delicate rhythm they had established. She imagined Lori had put at least seven inches of the deliciously pulsating prick into her pussy.

As if Lori could read Judy's thoughts, she lifted her mouth from its work on her cunt and invited Judy to watch the hot action of the fake cock. Lori lifted herself partially off of Judy, so she could sight down her belly to her cunt. Lori held the base of the cock between two fingers. Half of the dildo was inside Judy's cunt humming away. Judy felt a continuous procession of mini climaxes rolling from her cunt to all areas of her body.

"Watch me make this beautiful cock dive into your pussy," Lori said.

Slowly, she pushed the cock into Judy's slippery but extremely tight fuck-hole. Judy was aware the humming sound got progressively dimmer as more of the device plummeted toward the bottom of her cunt. When only the width of Lori's fingers kept the entire cock from going inside Judy, Lori took her hand off the base and placed the palm of her hand against the end of the fucking tool. With gentle pressure, she shoved the remainder of the cock into Judy.

"No more cock," Lori said proudly, letting Judy appreciate the full impact of the huge vibrating prick inside her hole.

"Now fuck me with it!" Judy said.

Lori happily obeyed her roommate's command. Time and again she pulled the

cock nearly all the way out of Judy's slippery, vise like fuck hole, only to jam it with great force back to the very bottom of her cunt. Judy bucked and squirmed, completely overcome with passion, a passion she never knew herself to possess. Judy screamed with pleasure as Lori fucked her from one climax to another.

The fucking continued for nearly thirty minutes, to the point where Judy was still wanting more, but so exhausted she knew she had better stop. After a short breather, Lori instructed her on how to use the fake cock on her. Judy was an excellent student and fucked and licked Lori as best she could. Lori called words of encouragement as the novice fucker repeatedly fucked in and out of Lori's sopping cunt. Lori came in no time and Judy realized she had done her job well.

CHAPTER THREE

Judy settled in very nicely at her new apartment with her new roommate. Judy and Lori got together every couple of nights after dinner for some hot sessions, but Judy was not satisfied. As much as she enjoyed the time she spent with Lori in bed, she longed for the real stuff, a hot prick between her legs. She had gotten to know Ted quite well in the three weeks he had been in the apartment and envied Lori greatly for having him as a boyfriend. If Judy could be half as fortunate in finding a boyfriend, she would be thrilled. But Judy was honest enough with herself to realize she had feelings beyond envy about Ted and Lori.

Judy found herself looking at Ted's crotch when he was over visiting, always being careful not to let him see what she was looking at. Ted had an impressive bulge, and Lori had certainly told more than one story in the past about what a nice fat prick he had. Judy could talk with Lori about any topic under the sun, but there didn't seem to be a graceful way of asking to borrow her boyfriend. No, that would never do. Judy would have to be content with looking from afar and imagining what it must be like to get his hot cock up her fuck-hole. Judy knew she had better get going on her own man hunt. The sessions she still enjoyed with Lori only served to make her hotter and hornier.

After work on Friday, Judy drove straight home, kicked off her shoes, and propped her tired feet up on the footstool. She was beat. Judy didn't expect to see Lori until morning. Lori's usual routine on Fridays was to go out dancing and drinking until the wee hours of the morning, then bunk at Ted's place. Judy anticipated having the apartment all to herself tonight, and probably until noon tomorrow. Too bad she didn't have a boyfriend herself.

Maybe if someone stuck his cock in her it would perk her up a bit. But there was no use crying about that now. She would get a boyfriend soon enough. She had chatted with several studs at the bank, regular customers, and even turned down a half dozen propositions. The problem was that the propositions always came from the strangest men. Not one of the studs had made a pass for her, which was too bad, because she would have jumped at the chance to fuck one of them.

Judy had eaten and had been in the shower for only a minute when she heard voices coming from the front room. She felt herself trembling, not knowing what to do. She was sure it couldn't be Ted and Lori, so it must be a break in. Before she could think of a plan, she saw a figure, a large figure, through the translucent shower door. She was about to scream when she heard Ted's familiar, deep voice.

"Judy? I hope we didn't frighten you, I figured you weren't expecting us, so I just came back to let you know it's not a homicidal maniac invading your apartment."

"Thank goodness!" Judy said. "You scared me half to death. I thought I was being burglarized when I heard the voices. What a relief!"

"Lori and I decided to come back to the apartment and have our own party. You're invited, of course," Ted said.

"Very funny," Judy said, soaping her tits. "Like, where else would I be going."

"Oh, I don't know," Ted mused. "I figured a pretty young thing like you might have a hot date tonight."

"No, not tonight," Judy said, feeling herself heating up because of Ted standing so close, talking so calmly, seeming so confident, as if he knew what was going to happen.

"Lori tells me you're great in the sack," Ted said in his calm manner.

"She what?" Judy said, shocked at what she heard.

"She also told me you're hot for some cock, that you love to get head and give it, but that what you really want, what you really need, is a hard cock pumping in and out of your pussy. Am I right?"

"I'm shocked by what you're saying," Judy said, but feeling her pussy getting warmer by the second.

"Open the door," Ted said. "You might like what you see waiting for you."

Judy was confused, turned on, and interested all at once. She couldn't figure out what was going on.

"Ted, what's going on? Are you teasing me?" Judy asked playfully, hoping to get a straight answer out of Ted.

"If you just open the door and take a look at what I want to show you, I think everything will be cleared up."

"Ted, I'm naked in here, I don't take a shower with my clothes on. If I open the door, you'll see me."

"Here's a towel," Ted said, tossing a white towel up on top of the door. "Put it around you and open the door. You might want to see what I have to show you."

Judy had an idea of what Ted wanted to show her, so she was prepared to see him holding his prick out for her to inspect. But she could have in no way prepared for the sight she was greeted with, as she had no idea a cock could be so huge. It absolutely blew her mind. Judy stood with her mouth half open, staring at Ted's cock. He had unzipped his Levi's, pulled them and his boxer shorts down to nearly his knees, and held his large hand firmly around the base of his thick cock. Ted's fist concealed at least four inches of beautiful cock, but a full four inches of cock hung from where his fist ended, complete with a purplish, round cockhead. And Ted's cock was not the least bit hard. It was completely imp and at least a nine incher. She couldn't imagine how big it would be when it was hard and ready to fuck into a cunt.

"Do you like what you see?" Ted asked, teasingly. "Is this what you've been thinking about when Lori is licking your clit?"

"Oh yes!" Judy said, not able to contain her excitement.

"Then bend down and get a taste of my cock, get it big for your pussy. I'm going to fuck you like you've never been fucked before."

Judy wanted, in the worst way, to do exactly what Ted was telling her to do.

But she couldn't. Lori was her friend. As much as Judy wanted to see Ted's already huge prick grow even larger, thicker and harder, she wouldn't let herself do something which would jeopardize her relationship with Lori. Ted's cock looked so nice, with the thick curly pubic hair, light brown in color, his thick, hanging balls, the veiny shaft, the soft, velvety head, so huge and perfectly shaped. And Ted was moving his hand back and forth on his prick, almost inviting her to stick her tongue out and run it up and back along the top of his cock. She could barely stand it, but she maintained her control. As much as she wanted to get fucked by this stud, she just couldn't, not if it meant hurting what she had going with Lori.

"I can't," Judy said, looking for her first time at Ted's eyes. "Lori is my friend, my best friend, I couldn't do anything which would betray her trust in me. Friends don't steal each other's lovers."

Ted laughed, but kept stroking his cock. Then, he moved closer and lifted the edge of the towel, so he could peek at her dark, curly haired pussy. Judy slapped his hand away and smoothed the towel back over her cunt.

"You've got a beautiful cunt, Judy. I'd love to stick my cock in there. I guarantee you'd like it just as much as I would. Look at my cock, Judy. Take a good look at it. You know how nice this would feel reaming the inside of your pussy? You'd scream you'd be so turned on."

"Please, Ted, please leave! I can't!" Judy begged, wanting to sink to her knees and stuff his cock inside her mouth, but knowing she would hate herself if she did.

"It's all right, Judy," a voice called from the bathroom door. "It was my idea for Ted to come in here. It's my present to you."

"Lori!" Judy exclaimed. "I don't understand! I...."

Lori chuckled, then smiling she shook her beautiful blonde hair around to her back. She licked her lips seductively.

"Go ahead, Judy! Suck his cock! You'll love it! Then when he's nice and hard, let him fuck you like a queen. And he wasn't lying, you'll like it as least as much as he does. He knows how to fuck!"

Judy didn't know what was going on. She was as confused as when she first heard the voices coming from the front room. But she wasn't going to argue about the situation, not with Ted, his cock inches away and getting harder all the time, urging her to go down on his gorgeous prick.

Judy let the towel slip from her tits and slide down her body and to the floor of the shower. She stepped out of the shower and stood on the bath mat, still dripping, letting Ted feast on her huge tits for a minute. Judy was pleased to see Ted's cock jerk upward slightly. Then, not able to wait any longer, she knelt at Ted's feet and took his cock in both hands and tongued his cockhead. She ran her tongue around the stiffening rim on the head, then bathed the entire, monstrous, bulbous cockhead with little licks and kisses.

"Lick it, Judy! Lick my cock! That's it, make the head all wet and slick! Get it hard and slippery, so it'll fit all the way inside your tight little cunt! Make it grow, baby!" Ted urged gently as Judy went from licking and kissing to actually sucking the head into her hot mouth.

Judy found the taste of Ted's cock immensely appealing. As she sucked, she tongued his piss slit, which really drove him wild. Ted had removed his fist from around the base of his cock and let her have complete control. Judy jerked his now stiff cock with both hands as she sucked all of the huge bulging cockhead inside her mouth. Ted's cock was fully hard and wanted to stand straight up and lie against his belly as he stood in front of her. It took a lot of pressure, and both hands, for Judy to hold the stiff cock horizontal so she could do him properly.

She had no idea how long he was, or how thick, but she knew she would be lucky to take even half of his length inside her pussy.

Judy continued jerking and sucking with abandon. She had managed to take all of his cock head and several inches of the thick shaft into her mouth, then slid his cock nearly all the way out of her mouth, using both hands to guide him. She could taste the barest traces of come leaking from Ted's cockhead. She gathered the precious fluid up with her tongue and swallowed it down. The hot taste of Ted's pre-cum only served to make Judy hotter. She wanted Ted's cock so badly inside her pussy she could almost scream.

"Let's go to the bedroom," Ted said weakly. "I want to fuck you on the bed."

Judy was ready and didn't need to be told a second time by Ted. She reluctantly took her mouth from Ted's prick, but kept both hands on his fully hard and huge cock so she could lead him to the bedroom to get fucked. In the bedroom Judy let go of Ted's cock. She lay on the clean sheets on her back, letting Ted take her all in. She arched her back to accentuate her large tits. Judy parted her legs, letting Ted eye her thick dark bush and her wet cunt.

"You are one fine piece of grade A, tight assed pussy," Ted said, his cock standing nearly straight up. "Before I fuck you, though, I want you to get a pussy licking."

Judy could hardly contain her horniness as Ted crawled between her legs in a sixty nine position. She hungrily went for his cock, feeling his probing tongue on her clit at the same moment she took his cockhead back into her mouth. She sucked as Ted licked her frothing pussy. She felt Ted running his tongue from very near her asshole along the length of her slit to her clit for some circular motions. Then he repeated the route and got his lips into the action as well. It drove Judy wild. She responded by sucking even more of Ted's cock into her mouth, though she was now at her limit. His eleven inch plus prick was banging against the back of her throat on every gentle thrust. Judy's pussy was on fire. She absolutely had to have his cock in her pussy. She was about to take her

mouth from his prick to beg to fuck her when she felt him raising from between her legs.

"Get ready, baby!" Ted said softly. "We're gonna fuck now!"

He pulled his cock out of her mouth. Judy could only watch, wide eyed, as he got in the proper position between her splayed legs. Balancing himself with one hand, he took the other hand and grabbed his thick pole of cock and put it at the entrance to her pussy.

"I want you to guide my cock into your cunt," Ted said.

Judy reached up to reclaim her prize. She gripped Ted's cock firmly. She pulled the hot, swollen cockhead to the moist slit of her pussy. She pitched her hips slightly forward at the same moment she pulled his cock into her. She watched and felt the enormously large head break past her slippery pussy lips and go part way into her fuck-hole. She watched in amazement as the thick cock spread her pussy lips wider than she thought possible. There was no pain at all. She was aware of her insides getting hotter and her pussy expanding to meet the demand.

She also wanted more of the beautiful prick inside her pussy. She urged Ted to start pumping in and out of her gently as she pulled on his cock, taking him in, inch by inch. She kept her head cocked up to catch every hot inch of the veiny cock as it disappeared and reappeared. Judy's pussy was so hot, so slippery, yet still the fit was exceedingly tight.

Judy took her hands from Ted's cock and fondled his balls, all the while watching as more and more of his hard prick sank into her eager pussy on every stroke. It was almost as if her pussy was absorbing his cock.

Judy soon began to raise her hips all the way off the bed to force more of Ted's cock inside her cunt. Ted got the idea and started applying more force to his fucking strokes. She loved the way his wide bodied cock stretched her pussy wide and sent tingles running from her hot pussy to all parts of her body. She realized she had been coming almost continuously since she put his cock into her pussy. Judy let go of Ted's balls so she could feel and hear them slap against her ass as he drove into her cunt. Ted was now fucking her with a steady, forceful pace, sinking his rigid prick into her cunt to about the eight or nine inch mark. Judy loved every minute and every inch of the fucking, but she also realized she wasn't going to be able to tame Ted's cock in its entirety on this night.

"Keep fucking me, Ted!" Judy managed to get out between gasps. "But don't go any deeper, I can't take more of your big cock. You feel so good inside my pussy, but I can't take any more of you. Just keep fucking me the way you are!"

Ted nodded and kept at it, fucking in and out of Judy's hungry pussy like a relentless piston driving in and out of a cylinder. Judy rubbed her clit with her fingers and watched with rapt interest as the thick, long cock jabbed in and out of her pussy. She knew Ted was used to fucking but couldn't believe how long he was able to fuck her without shooting his load.

Ted picked up the pace as he fucked in and out faster and faster, making Judy's almost continuous orgasms even more intense. After a solid two minutes of this fast paced fucking, Judy felt a spasm deep within her cunt. She knew that Ted was going to come. Ted pulled his cock out of her sopping fuck-hole and had her pump on the thick swollen organ with both hands.

"That's it, Judy!" Ted said, breathing heavily. "Jerk me off with your hands and let me shoot my come all over your tits and belly! Pump it, baby, pump it!"

Judy watched the swollen cockhead, noting that a quantity of come had already leaked onto the tip of his head and glistened invitingly. She wanted to lick it off right now, but given Ted's position, on his knees between her legs, the

only thing she could do for now was jerk his thick, pulsating prick until he squirted.

"I'm coming, I'm coming! I'm gonna shoot my come all over your body!" Ted exclaimed, his eyes tightly shut.

Judy watched as the first thick, creamy glob of hot come shot from the slit in the head of Ted's cock and landed on her belly. The jism pooled in her navel. Judy squealed with pleasure and pointed the cock upward slightly more. The next shot landed on her right tit, between her tits, and all over her belly. Judy pumped and pumped on Ted's prick, still using both hands, wanting Ted to keep squirting his juice. At long last Ted stopped spurting, until his cock deflated slightly and only spasmed, but shot no more.

Judy had him move from between her legs to the side of the bed. He stood above her, his cock now semi hard. She pulled it down into her mouth to suck the very last of the come from the head of his cock into her mouth. When she had sucked his cock dry, she took it out of her mouth and stared at it lovingly. Ted had given her such pleasure, pleasure she never knew existed. And now she was hooked. She wanted to keep fucking, she never wanted to stop. Judy could tell, quite obviously, that Ted's prick was in no condition to do any fucking right now.

"Thank you," Judy said, taking her eyes off Ted's cock to look him appreciatively in the eyes. "I've never been fucked like that before. I didn't know a man could give me so much pleasure. Thank you, Ted."

Ted smiled in return, but said nothing. He didn't have to say a word. Judy knew she had given him much pleasure as well. But now Judy's mind turned to the issue which was in the back of her mind since the moment she first heard Ted's voice on the other side of the shower door.

"Isn't Lori wondering what is taking us so long?" Judy asked, still stroking Ted's cock, hoping she didn't sound as bewildered as she was.

"Oh," Ted laughed, "I think she has a fairly good idea of what caused the delay."

"You know what I mean," Judy said, "I mean, don't you think we should get up and go out to the living room to join her?"

"Somehow, I don't think she's missed us while we've been fucking," Ted said with a grin.

Judy was now completely befuddled. Something wasn't adding up until she heard a familiar moan coming from the front room. It was clearly a moan from Lori's lips. Then Judy heard a grunt, definitely a sound from a man. Lori was getting fucked in the front room while Ted was doing her in her bedroom. The picture was beginning to clear up.

"Who's with Lori?" Judy asked.

"Lori and John are getting to know each other a little better. John is my roommate."

"You mean you don't care if John fucks Lori while you're only yards away?" Judy asked, surprised at the calm manner in which Ted had related the interaction between Lori and John.

"He's my friend, my good friend, just as you are Lori's good friend. Lori willingly shares me with you, and I willingly share her with John. Do you find that

so shocking?" Ted asked.

Judy admitted that she did find it shocking that they could share each other with others without apparent jealousy.

"You also find it exciting to think about what must be happening right now to Lori?"

Judy conceded that she did wonder what was going on and it had crossed her mind to sneak a peek into the front room.

"Then do it, take a look, see how they're getting along," Ted said.

"Do you think Lori would mind? Doesn't she want her privacy?"

"Believe me, she won't mind. In fact, she'll get off on it if she's knows you're watching. She'll probably ask you to join her in the fuck, if I know my lady."

Judy could hardly believe what she was hearing, but knew in her heart of hearts that what Ted was saying was true. She stroked more urgently on Ted's still soft cock, hoping it would rise so he could fuck her again. As much as she wanted to see Lori taking in a real cock, she would rather have Ted hammering away at her cunt with his big prick. But Ted's cock would not rise.

Tingling with anticipation, she got up from the bed, still completely nude, with the traces of Ted's come still sticky on her tits, and walked from her room down the short hallway, to the very edge of the living room. She shielded her body behind the wall in the hall and poked her head around the corner. What she saw blew her mind, and forced the juices in her cunt to flow like a river.

CHAPTER FOUR

A man lay on his back on the plush brown carpet of the living room floor. Lori had straddled his face and placed her blonde haired cunt squarely over John's mouth. Judy could hear the smacking sounds John made as he licked and sucked her beautiful pussy. The sight of John giving head to Lori was hot enough, but the ultimate turn on was the huge cock that Lori was sucking with great enthusiasm.

To Judy's amazement, John's prick was at least as long as Ted's, though it was difficult to be absolutely certain because much of it was thrusting in and out of Lori's pretty mouth. Her lips strained to accommodate the hard cock. There was no doubt about the thickness of John's impressive cock. It was definitely thicker than Ted's cock.

Judy found herself frozen, unable to take her eyes off of the mutual suck session in front of her. She very much wanted to see the rest of John's cock when Lori freed it from her hot mouth, but most of all she wanted to see what John's prick looked like when it was fucking in and out of Lori's tight, blonde haired cunt.

Judy found her hand had automatically gone to her own cunt as she watched Lori lovingly stroking John's long thick cock with both of her hands, still sucking like a mad woman on the head and several inches of his huge cockshaft. Judy could see Lori's cunt juice running from her cunt and down John's cheek, and she could see Lori getting off on the pre-cum which leaked from John's cock. Lori slicked the jism all over John's veiny cockshaft and used it to lubricate her hand job on him.

Judy's cunt was on fire, sopping wet and fully ready to have a cock fucking in and out of it. She listened to the two lovers moaning in ecstasy as they pleased each other. She wanted to see if Lori could take all of John's massive prick. She

wanted to watch the contrast as John, with his coal colored pubic hair, rammed his prick time after time into Lori's perfectly trimmed blonde haired cunt. Just thinking about the fucking to come, combined with her deft fingers upon her clit, forced Judy to experience a satisfying orgasm.

After a solid five minutes of mutual sucking and licking, Lori climbed off of John. She moved to the couch and lay on her back, spreading her legs wide in anticipation of the cock which was about to enter her. John, at this point, got up from the floor. He was taller than Judy had expected, at least six feet, with a heavily muscled body. His cock arched well above his navel, hard and thick. Judy could barely contain herself when she saw it from a full frontal position as he turned to join Lori on the couch.

John's cock was a work of art. It had to be close to a foot in length, with thickness to match, and topped off by a mushroom shaped, perfectly proportioned cockhead. Judy noticed a large amount of come was smeared all around the piss slit on the gorgeous cockhead. Judy longed to run to John and bury his beautiful prick in her mouth, as far down her throat as she could take it.

"Come over here and fuck me with your giant prick, John!" Lori said to the gorgeous stud. "I want to feel every inch of your nice cock fucking my pussy!"

John smiled as he got between Lori's legs. He had her part them still wider. Then he used his own hand to place the monstrous head at the very entrance to her cunt. He teased her by running his cockhead along the length of her puffy pussy lips. He spread her cunt lips part way open by pushing the head between Lori's lips.

"Come on, baby! Please put it in me! Please fuck me now!" Lori begged. "Give me your cock! Fuck me right! Do me hard, John! Fuck me with that nice cock."

Judy's cunt was on fire. She worked three fingers as far up her cunt as she

could as she frigged away on her clit with the other hand. She came again and again, and still she hadn't seen John's cock actually penetrate Lori's pussy. John continued to tease Lori with his cock, putting it just at the entrance to her fuck-hole, then running it up her steaming slit to her clit, where he made the cockhead give her clit a massage. The come from his cock was mixed with the cuntjuice in Lori's pussy and served to send Lori almost over the edge with excitement.

"Give it to me! Give it to me!" Lori screamed. "I want you to fuck me!"

Judy could tell John was getting turned on as well. His teasing of Lori had also done a number on him. Judy noticed his cock was even harder than when Judy was sucking on it. It was incredibly veiny, obviously super hard and so big Judy questioned that Lori would be able to take much more than half of its length. Even getting the thick bastard in her fuck-hole to start with would be an incredible accomplishment. But Lori was not to be denied.

Lori removed John's hand from his prick. She scooted her hips forward slightly on the couch, aligning her fuck hole perfectly with John's fully hard, arcing cock. She pulled the huge cock head to her pussy lips. Judy watched as the thick, purplish red head of John's cock somehow parted Lori's tight pussy lips and sunk into her beautiful cunt. Lori gave a yelp, more of pleasure than pain. John began gentle thrusting motions, with Lori still guiding the cock expertly in and out of her with both hands.

When John had buried his cockhead and about three thick inches of shaft in Lori's spasming cunt, Lori took both hands from the base of his prick and used them to spread her cunt lips wide. It gave Judy a perfect view of John's cock driving in and out of her best friend's pussy. For the briefest moment Judy's eyes went from the fucking zone to catch the expression on Lori's face. She expected to see a look of absolute bliss. Instead, she saw Lori watching her fuck herself with both hands. Lori was smiling, obviously pleased to be putting on a hot show for her. Judy felt momentarily embarrassed about being found out in the act of spying on their fucking. This feeling quickly vanished when she realized that it turned Lori on even more to be seen getting fucked.

"Come closer!" Lori said. "Come over and get a real up close and hot view of me getting fucked!"

The comment caught John's attention and he turned to see a dark haired woman, completely nude, with huge tits and a perfect bush walking toward him. Introductions didn't seem necessary at the time, so he just smiled, also pleased to have an audience.

"Don't be bashful," John said, in a deep, hypnotic voice. "You're welcome to watch."

Judy felt as if she was in a trance. She was drawn closer, step by step, as if by some powerful force much stronger than her. Without being aware of even taking the steps herself, she found herself sitting cross legged on the floor only inches away from where John's veiny, rock hard prick was plowing into Lori's pussy. Unbelievably, John had now buried more than half of his immense prick inside Lori's pussy. John pulled his cock slowly out of Lori, then shoved it back in. Time and time again he pushed it in, pulled it out, then did it all over again, pushing it deeper and deeper on every stroke. Judy watched the line of cunt juice creep farther and farther up the shaft as John plunged deeper and deeper.

Judy resumed fucking herself with her fingers and doing her clit. She ached to have the two lovers invite her to join them. John had more than enough cock to satisfy both of them and she yearned to have the magnificent cock reaming her pussy. She knew she couldn't take all of it, after all she had not been able to master Ted's smaller cock in its entirety, but she lusted after it like a sex starved nympho.

"Deeper, John, fuck me deeper, baby! I can take more of your prick! Give it to me harder!"

John took this as his cue to pick up the pace and pressure of the fucking. He fucked in and out rapidly, using long powerful strokes, with each one forcing another half inch of his prick past Lori's wide spread, pink pussy lips and into her fuck-hole. Judy continued working her own cunt with both hands, getting four fingers into her cunt and rubbing madly on her clit with the thumb and forefinger of her other hand. She was almost drooling with lust as she watched John's hard cock ram deeper and deeper into Lori's pussy.

Lori found herself totally consumed with the feelings John was setting off inside her cunt. She felt wave after wave of electric joy radiate from her pussy to all parts of her body. She felt her nipples harden into tight little buds and her skin turn to gooseflesh. She felt herself fucking back to John by bucking her hips up to meet his downward thrusting dick. She moaned as each thrust sent still more cock inside her stretched cunt. She felt the head of John's cock getting perilously close to the end of her fuck-hole. Lori had only recently managed to take all of Ted's prick all the way inside. And though she had never measured either cock, she knew John's cock was longer and definitely thicker. She wanted to conquer this cock so badly, to have it all inside her hungry cunt, but she knew it was going to be close. He was the best fuck she had ever had, and she wanted to please him as much as he was pleasing her.

"Lori," Judy gasped in amazement, still doing herself as she watched the biggest cock she had ever seen slide in and out of Lori's cunt, "John's almost got his whole prick inside you. I can't believe you can handle his cock. It's so big, it looks like it's going to split you in two."

John backed off slightly on his furious fucking pace, letting Judy really eye his prick in great detail. Judy couldn't help herself from reaching out with one hand, taking it for the moment off her swollen clit, to rest it lightly on the still exposed part of John's rock hard shaft. John didn't object and even smiled his approval at what she was doing.

Judy marveled at the veiny hardness, turned on by the slick pussy juice which coated the part of the shaft which he had managed to put inside Lori's cunt. Though John had put nearly nine inches of prick inside of Lori, it still left room on

the thick shaft for Judy to wrap her tiny hand part way around it. By doing this, it was almost as if she was the one fucking her friend with the huge cock. It reminded Judy of the many times she and Lori had screwed each other with the dildo. This was the same feeling she got when it was her turn to do Lori, except now the cock was the real thing, much larger, and alive with a lusty power she never knew existed.

"That's it, Lori," Judy heard herself saying, the way she used to talk to her when she fucked her with the dildo. "You're fucking this cock so fine, your pussy is on fire. I can see the pink on the insides of your pussy, the way you hold your cunt lips apart with your fingers. I can see John's cock as it goes inside you. I wish you could see his prick going in and out of your pussy, spreading your cunt, spreading it even wider than when I fuck you with the dildo. Oh, Lori, it looks so nice!"

With one hand still working around the base of John's absurdly thick cock, she removed her four wet fingers from her pussy hole and moved them to massage Lori's clit. Lori's clit was even more swollen than her own. She worked her fingers all around the pink turgid nodule, pleased to hear Lori moan loudly in response. Judy took her hand from John's cock to allow him to get more of it inside Lori's pussy.

"More, John!" Lori begged, her voice choked with passion. "Give me more of your cock! Fuck me harder! Fuck me harder! Fuck me, baby! Bury your big, thick prick all the way to the bottom of my hole! Ooooh, baby, it feels so big and hard when you shove it in! Do me some more."

John resumed the rapid pace of fucking which he had employed before Judy had joined in.

Judy, realizing there was no longer any room on John's cock for her hand, reached around behind John's firm ass and fondled his large, dangling balls as he pounded into Lori's pussy relentlessly with his nearly coming cock. Judy couldn't believe what she was doing. She ran her fingers along the hard root

from near John's ass to the point where his ball sac began. She heard moans and groans coming from both lovers now, obvious evidence that she was doing a good job, and that the three of them were a good team.

"I'm coming, I'm coming!" John called out urgently. "I'm almost ready to shoot all my juice!"

"Let me see you shoot it! Don't squirt it inside me! I want to see it splatter all over me!" Lori said, coming herself, but coherent enough to help John remove his throbbing, rock like prick from her tight cunt.

Judy watched as the huge cock was rapidly removed from Lori's sopping, exhausted hole. The instant the bulbous cockhead was clear of Lori's cunt, a thick, creamy glob of cock cream shot full force onto Lori's cunt hairs. Lori squealed with pleasure as John used both hands to jerk himself off. The second glob was ejected from the cockhead to just above Lori's navel, landing with a splat on her taut belly. This time Judy was the one who squealed, amazed at how much jism John was producing. She was thrilled at the quantity of come Ted had produced, but John was something else again. In two huge squirts he had already deposited more come onto Lori's belly and cunt than Ted had delivered to her in total.

Judy watched come shot after come shot being spit with great force from John's thick, powerful cock, the massive cock head almost quivering as each thick wad of come left the piss slit. Lori squealed as the juice splattered her belly, tits, and neck. The come pooled in the hollow of her neck and the slight depression directly above her navel.

"Now, suck me dry!" John commanded, moving from between Lori's legs to position himself just beside her head. "I want you to get every last drop of what I've got to offer."

He needn't have said a word. It was clear to Judy that Lori craved John's cock. If he hadn't suggested finishing off with a suck job, she would have.

"And I want you to stroke my cock while Lori sucks the head," John said to Judy, "unless you'd rather watch."

"I'll help," Judy said meekly.

Lori sucked while Judy stroked lovingly on John's huge, but softening prick. Judy found herself fantasizing about having the cock fucking her. It had been a definite turn on to watch John and Lori pleasuring each other, but now that she had seen it, she wanted to feel the same sensations that Lori had felt. She wanted to be fucked to the point where she would be out of her skull with desire and passion, the way she had seen Lori react. She had seen Lori fucked to a dimension of physical pleasure which bordered on the mystical, and she desperately wanted to experience that for herself.

"You have a beautiful body," John said, smiling at Judy. "Your tits are absolutely gorgeous."

After Lori finished sucking what she could of the come which remained in John's prick, she took it out of her mouth quickly, went to work on the come which still remained on her body. She massaged the viscous material into her cunt hairs, getting some of it on her fingers and rubbing the come onto her clit and all around her pussy lips. Similarly, she rubbed the come on her tits, neck, and belly into her skin like it was some sort of exotic body lotion. She saved only a small drop or two on her fingers to taste.

"Thank you, John," Lori said. "That was a nice fuck."

Judy figured her roommate had just made the understatement of the year. If

what John had done to Lori was a nice fuck, Judy wondered what a royal thrashing would look like.

"You were better than nice," John said sincerely. "I always wondered what you'd be like, and now I know. I must say you didn't disappoint me. Ted is a lucky man to have you."

"Thank you, John," Lori said, sitting up to give him a peck on the cheek.

Judy was floored by what she heard. From their words it was clear she had just seen the two of them in their first lovemaking session together. From the way they went at it, one would have assumed they'd been lovers for years.

Then John got up abruptly and announced he had to leave. Judy hid her disappointment. She had had hopes of getting a chance to take his cock inside her pussy tonight. John apologized for having to rush off, but he had just been assigned to graveyard and had to be in the plant by eleven. Judy could tell Lori was also disappointed to see the stud leave. The two horny roommates sat on the couch and watched John get dressed and leave.

CHAPTER FIVE

Judy was glad the next day was a Saturday. She was so exhausted from all the fucking that she would have been no good at the drive up window. She slept until nearly noon, luxuriating in the comfort of her bed and the hot scenes from the night before which kept flashing through her brain. Just thinking about it made her want to fuck right now.

The bathroom was between her room and Lori's, so she couldn't tell if Ted was screwing Lori unless he was really hammering away on her. Judy imagined, if they hadn't already fucked this morning, they soon would. Lori had been at

least as turned on as Judy was last night, probably more, and undoubtedly relived the magnificent fuck which John gave her in her dreams during the night. Judy envied Lori. Her steady was a stud to be proud of, but Ted's roommate was something from another planet with his monster cock and amazing technique to go along with it. And Lori apparently was able to have both of them, no strings attached.

Judy had been astounded when she learned she had been involved with John and Lori on their first fuck, and had tried to get clarification on exactly what the scene was. But shortly after John took off for work, a recovered Ted emerged from the bedroom, sporting a semi-hard cock and a winning smile. Judy had hoped Ted and Lori would invite her to join them, just as John had allowed her to help out when he did Lori. But Ted apparently wanted to focus all of his considerable sexual energies upon Lori. Judy reluctantly watched big dick Ted carry Lori to her bedroom, ready to fuck her properly on her bed. As if to punctuate his meaning, Ted closed the door behind him. Judy went to bed, but had to frig herself to another climax before she could go back to sleep.

Judy showered and dressed before whipping up a breakfast for all three of them. Though she hadn't heard a peep from Lori's room, she knew they were in there. Judy wouldn't be surprised if Ted had jammed his cock about halfway down Lori's throat by now. From her time with him from last night, she knew he was extremely hot for getting his cock sucked. And Judy knew Lori loved sucking it.

Judy had just served herself a generous portion of the scrambled eggs, buttered her toast, and sat down, when Lori came out of the bedroom, naked and beautiful. A full night of fucking definitely agreed with her. Her blonde hair was tangled, but sexy looking. Judy studied Lori's fine cunt hair to see if she could detect the telltale signs of come. She saw only the wispy, closely cropped bush hairs, lovely and inviting as usual. Lori's tits, while not huge, were gorgeously shaped, with perfect nipples. Lori leaned against the wall next to the refrigerator.

"Oh, Judy, I had myself a time last night. I've never gotten fucked like last

night. It was a night for the record books, I can tell you."

"I had a pretty good time myself," Judy said, taking a bite from her toast.

"So I heard," Lori said, smiling even more broadly. "Ted said you did pretty well for a rookie. Did you like helping out with John when he fucked me?"

"I loved it!" Judy said, unable to keep her enthusiasm under wraps. "I couldn't believe how big his cock was. In fact, I couldn't believe how big Ted is. But, I wanted to ask you about what Ted thinks about all this. He didn't care about John?"

Lori sat down at the table and helped herself to one of Judy's slices of toast. Her tits were even better looking up close. Judy felt like forgetting about her eggs and toast and diving into her roommate's tits. They looked plenty good enough to eat. She caught herself, as she did want to hear how the threesome, Ted, John, and Lori all fit together, how it all came to be.

"Last night was the first time for John and me, as you probably figured, but it started a long time ago," Lori began. "Ted introduced John and me after we had gone out once or twice. It was a natural thing to happen, what with Ted and John being best buddies and roommates and all. Anyway, as soon as I met John, I had this immediate attraction to him. It wasn't like I didn't care anymore about Ted, not like that at all. Ted is super, in the sack and out. But with John, it was this animal magnetism. I got this really strong desire to fuck with him whenever I was around him. I tried to fight it at first. After all, it isn't too cool to dump your boyfriend for his roommate. What kind of class is that?" Lori asked rhetorically. "Then, when I really analyzed the situation, it dawned on me that I was creating an either or problem, when it didn't have to be one at all. To make a long story short, I decided to talk to Ted about it, how I loved him, and always would, but that I did have this strong attraction, in the physical sense, to John. It took time, but eventually we worked through it, to the point where he was comfortable with the idea of John fucking me, and not getting possessive about it."

"Was I part of the plan for last night?" Judy asked.

"Well, I have to admit I was glad to see you were home when we got here. And you being in the shower made things work out perfect. You didn't object to me suggesting that Ted go into the bathroom, did you?"

"Of course not," Judy said. "I was just surprised that you would let him do it. I thought you'd have a problem with possessiveness."

"I thought I'd worked through all that, but I have to admit, when Ted told me what it was like to fuck you, I did get these little feelings of jealousy. Is that strange?"

"Sounds pretty normal to me," Judy said. "After all, this is pretty scary stuff, sharing your lover with another person. I don't ever want it to change what we have together."

"Me neither," Lori agreed wholeheartedly, before nibbling again on her toast.

"And Lori?"

"Yes?" Lori said, knowing full well what Judy was going to suggest.

"I'd like it to happen again. I'd like to continue what started last night. I never felt the feelings that I felt last night. It was unbelievable and I don't want it to end."

"I want it to continue, too, Judy," Lori said, her eyes boring into her roommate's. "And I don't think we'll get any complaints from our men."

The next week at work seemed to drag on like it would never end. She felt like a kid waiting for summer vacation, when the hot days of May seem to stretch forever toward the horizon. The reason for her restlessness was clear enough. Lori had set up a double date for Friday, exactly one week after the fateful night in their apartment. Lori had set her up with John, which made her cunt hot to just think about it.

Judy tried to distract herself with fantasies about the guys who came through the drive up window, but it only helped for the briefest amounts of time. As soon as she had checked out their bulges, and run through a few hot mental scenarios, she found herself clock watching, counting the minutes until she'd be with John, feeling the power of his cock in her hands, on her lips, in her mouth, and ultimately, prying her cunt lips apart and drilling her till she cried. She went over time after time in her head what she had seen John and Lori do. The sight of John's hard, thick, pulsating monster of a cock busting past Lori's slippery, pink cunt lips for the first time still played as fresh and vividly in her mind as if it was happening again in real time.

Lori and Judy went straight from work on Friday to the Back Room, a popular watering hole in the southeast part of town. John and Ted were to meet them there at six. It gave Lori and Judy time to have some private time before the studs arrived, as well as toss back several drinks. When the men did arrive, the ladies were very relaxed and ready for the fun to begin.

John arrived first and sat at the corner table between Lori and Judy. Judy was pleased to see he was sitting closer to her than Lori, though she figured before the night was over he would fuck both of them. They had talked about how they hoped the evening went and what combinations developed.

John drank beer to the ladies' gin and tonics, and by the time John had taken his first sip, his free hand was feeling Judy's firm thigh. She responded by

massaging his muscular upper leg, staying several inches away from his crotch. They winked at each other, not letting on to Lori about what was going on underneath the table.

Judy felt her pussy beginning to get wet, though John had just now worked his hand beneath her dress to her panties. He massaged her cunt and clit through her sexy lace panties. She could feel her juices flowing now, some of them seeping into her panties. As John talked to Lori, while working on her pussy, Judy moved her hand from his thigh to his firm bulge. She slowly unzipped his loose fitting slacks, which allowed her to slip her hand inside to rub his lengthening cock. She ran her fingers over his thick, bushy, black pubic hair. She let her hand lightly glide over his semi hard shaft, letting her fingers play lightly on the swelling cockhead.

In the darkened room, situated as they were in the corner of the bar, they had ample privacy to grope each other without anyone in the sparsely occupied place intruding.

Judy felt John's firm hand and searching fingers lift the waist band on her panties and slip beneath them. She spread her legs slightly, allowing him access to her cunt and turned on clit. Judy stroked slowly up and down on John's now freed prick. It was sticking out of his pants, giving her room to work.

By the time Judy had nearly stroked John to a full hard-on, Ted arrived, ready to party. He was grinning like a rooster trapped in the henhouse. He knew there would be lots of fucking tonight. He sat down close to Lori, gave her a peck on the cheek and offered his apologies for being late.

The foursome ordered another round of drinks, but the conversation never really developed, because as John and Judy were working on each other under the table, Lori went for John's healthy cock. Fifteen minutes after Ted arrived, they decided to head on back to the ladies' apartment.

Judy had hoped to continue her hand job on John on the drive over to her apartment, but she remembered they each had driven, so a short separation was in store for all of them.

Judy drove as fast as she could without being too obvious about breaking the speed limit. She arrived first at the apartment and had time to put on a new album and light a pair of candles. Getting fucked by candlelight. This was going to be some kind of experience.

"How do you want to do this?" Lori asked when she arrived, ahead of the two men. "Do you want to start off with Ted, do John first, or put on a show for them?"

"A show?" Judy asked, having a pretty good idea of what Lori was driving at.

"You know, doing a little tease, dancing to the music, which is great by the way, then getting naked right in front of them, going down on each other, maybe getting in a little dildo action. They'd be busting out of their pants, their cocks would be so hard."

"I think you've already made up your mind," Judy said, smiling.

"That obvious, huh?"

"Yep. But it sounds hot, and we haven't really had a good session between us for a while. I'm hot for it. Let's do it."

The two girls giggled with excitement about their act. They were still giddy with

pre-fuck excitement when Ted and John came in. Lori took each of them by the hand and led them to the couch.

"What's going on, honey?" Ted asked, searching Lori's face for clues.

"Relax, babe, you'll get plenty of fucking in tonight, don't worry," Lori said, a gentle teasing tone in her voice.

Judy turned the lights off so the living room was only dimly lit by the two candles. She flipped the album to the second side, the side with the harder rock numbers on it. She wanted some hot music to move her ass to. Lori joined her in front of the two men. The two horny ladies danced to the beat while unbuttoning their blouses. Midway through the first song on side two, they were down to their bras. Ted and John both whistled when they saw how outrageously big Judy's tits were, and how the bra pushed them up and out, making them look even more inviting.

"Oh, baby!" Ted said. "I had forgotten how nice your tits are. Let me suck those tits, Judy! Bring your nice tits over here and let me run my tongue all around your hard little nipple."

Judy didn't say a word, but kept dancing and shaking her ass seductively, letting them get an eyeful of her tits shaking as she moved. Lori unsnapped her bra and let her beautiful, but smaller tits hang free. Her nipples were already hard. Judy followed suit and took her bra off, nearly knocking the guys off the couch with their own horniness when she let her tits fall out into the open. She played with her nipples as she danced, following Lori's lead.

Still moving to the beat, Lori bent down to Judy's waist and unzipped the zipper of Judy's skirt. She helped Judy step out of her tight, navy blue skirt so that she was dancing in front of the two studs with growing hard-ons wearing only her panties and high heels. Lori stood partway up and paused at Judy's big

tits to lap away on first one tit, then the other. She made a big production of making slurping and smacking sounds as she worked over Judy's tits with lips and tongue, causing Ted and John to grunt their approval.

"That's it!" John said, finding his voice. "Suck her big tits good, Lori! Get her all hot for my big cock! I want her nice and wet for my cock! I'm gonna drive my dick so far into her cunt she'll scream with pleasure!"

Lori worked away, semi dancing as she did so, her tongue moving in four directions at once. Judy was getting more and more turned on. It felt so nice to be moving to the music and to have Lori giving her tits such a great tongue lashing. She also had to admit to being turned on by having such a hot effect on Ted and John. She knew both of them were sporting full hard-ons and she couldn't wait to see them, touch them, suck them.

Judy's hands went beneath her panties and started working on her own cunt as Lori sucked and licked. The studs whistled their approval and Judy responded by slipping completely out of her panties. Her dark pussy hair was sopping from all the attention her tits were getting. She wiggled her ass, letting the guys have a nice view of her firm, beautifully rounded ass.

Lori came up from Judy's tits and the two hot ladies kissed for several minutes, still moving sexily to the music as they French kissed. Then Judy helped Lori out of her skirt and panties. They were both completely naked, save their nearly identical black, high heeled shoes.

"Come over here and sit on my lap, ladies," John said. "I'll give you something nice and hard up your cunts."

Ted laughed and baited Lori, telling her to come over and suck his cock. He made a few humping motions as he sat on the couch, his hard cock visible through his tweed slacks.

Lori moved close to Judy and whispered to her that they should double team Ted to start with and make John watch.

"It sounds great, let's do it," Judy said eagerly.

Together, Lori and Judy knelt before the surprised but smiling Ted. Judy slowly unzipped his pants, pleased to see his long, hard cock straining against the thin material of his jockey briefs. As Judy ran her hands all over Ted's big cock, keeping still on the outside of the underwear, Lori tugged his pants off after removing his shoes and socks. Ted helped out by taking his tie off, then his shirt. John looked on enviously, hardly able to keep from jerking off. Lori joined Judy in working her hands all over the impressive bulging prick beneath the underwear. She lifted the waist band of the shorts off his muscular abdomen. The head sprang free and his cock jutted up above his navel.

"That's a nice big cock you've got there," Lori said, lightly running her fingers on the underside of the cockhead.

Judy pulled Ted's shorts down past his hips, then pulled them completely off his body and threw the shorts on the pile of his other clothes.

Lori bent over Ted's cock and sucked the head into her mouth, past her brightly painted lips. Judy went to work on his sizeable balls, sucking one ball completely into her mouth, rolling it around, then going to the other ball and giving it the same hot treatment. Lori sucked more deeply on Ted's prick, taking all the head and several inches of his thick shaft into her mouth on the down stroke. Judy attempted to get both of Ted's big balls into her mouth at the same time, but gave up to content herself with one ball at a time.

Rather quickly the two ladies were able to get into a rhythm, sucking Ted's cock as if they were of one mind. Ted moaned and groaned as he got the double

suck of the century. John sat very still and watched. Judy could tell he was boiling inside, barely able to wait until he got the same treatment.

Every minute or so Lori and Judy traded off, so Judy got a turn on sucking the meaty head and thick cock shaft. Lori didn't mind sharing the wealth, and she also got off on doing his balls, tonguing him with quick, short licks.

"I want both of you to suck my cock at the same time," Ted said, now bucking his hips to Lori's bobbing head on his cock. "Each of you take a side of my dick and run your lips up and down the shaft."

The ladies weren't about to argue. Judy loved it, getting to slide her mouth from the hairy base of Ted's thick prick, up along the side of the shaft, while Lori was doing the same, until their hot mouths met at the top of Ted's swollen cockhead. Over and over again the two foxes slid their slurping mouths up and down on Ted's prick, thrilled to lick every swollen inch of his cock flesh.

"That's it, girls! That's it, babes! That's the way to suck my cock. Oooh, ladies, it feels so nice."

Judy was ready to get fucked. She took her mouth from Ted's nearly bursting at the seams prick and stood up in front of him, her ass to him.

"I know you'd rather stick your big prick up my cunt than have Lori suck you all by herself," Judy said.

Ted, without saying a word, pushed Lori away from his cock and stood up to give it to the rookie roommate. He had Judy reach around behind her ass and guide the big prick to the very entrance of her cunt.

"Get on your knees, right here on the rug," Ted commanded. "I want Lori to watch me fuck you proper."

"I won't be watching for long, Ted," Lori said, sitting on the couch, fending off John's roving hands.

"Oh! Oh!" Judy cried, when she felt the large, slick with saliva cock head bust past her pussy lips and sink into her pussy. "You're even bigger than last week. Please go slow!"

"Don't worry about a thing," Ted said reassuringly. "I'll give it to you only as fast as you can take it. That's a promise."

As soon as the words were out of his mouth, though, Judy received a quick, hard thrust, which sent at least half of Ted's cock into her tight cunt. She yelped at the surprise of the sudden penetration, but found herself panting and calling for more. She moved her hips back and forth, aware of Ted sinking more of his throbbing cock into her hole on every stroke.

Lori had not been able to watch for long. She crawled under Ted and took his full, swinging balls into her mouth as his prick hammered into Judy. Lori watched with great pleasure as, inches away, a huge cock pounded in and out of Judy's cunt, stretching the hole to the tearing point. She was amazed at how Judy was able to take more and more of her boyfriend's cock. Lori sucked for all she was worth on Ted's balls, knowing it would help make his prick as hard and big as possible, serving to further intensify the feelings Judy was experiencing in her cunt.

John called out for Ted to fuck Judy faster and sink more of his cock into her cunt. He was still fully clothed and somehow was able to contain his emotions and not leap into the fray. But Judy was aware of him. As she took inch after inch of Ted's cock into her sloppy cunt, she watched John, noting his huge bulge,

knowing what beauty lurked beneath his pants.

Lori reached up and helped Ted drive his prick into Judy's pussy, wrapping her slender hand around the powerful base of his cock. She massaged Judy's turned on clit with her free hand, all the while sucking on Ted's hanging balls.

"I want all of your cock tonight, Ted," Judy said, pleased at how her horny cunt had expanded to meet the demands of Ted's hard driving prick. "Oh, it feels so big and fat and hard in my pussy, baby! I just gotta have more of your giant cock inside me!"

Ted grunted and drove harder and faster, sending shivers of pleasure rocketing throughout Judy's pussy and to all parts of her body. She bucked like a wild woman, now aware of Lori's hand hitting on her pussy lips on every thrust. Judy realized Lori was helping with the fuck and that she had been able to take all but a slender fist width of Ted's massive prick into her cunt. It renewed her determination to take his entire length.

"Harder, baby, harder! Fuck me as fast as you can! Sink it all into my pussy!" Judy called to Ted.

"Do it, Ted!" John joined in. "Give her all of your cock, get her tight little hole ready for my cock, get her cunt all warmed up for my prick!"

Ted gave two mighty thrusts and managed to bury his entire length inside Judy's pussy, causing her to come in a great rush. She felt like the cock inside her was the size of a rolling pin, and she loved it. Judy heard the slurping sounds coming from below and knew Lori was still sucking away on the huge balls. She felt Lori's tender, expert fingers doing her clit, keeping her orgasm going. She let Ted's cock stay buried in her all the way to the hilt for several moments, luxuriating in the sensations of being so totally dominated by cock. Then she picked up the fucking motions again, ramming back onto his cock on every

stroke, effectively burying the prick completely inside her every second.

"I want some of your cock," Lori called from below, taking her mouth from his balls when she realized he was dangerously close to coming. "I want to have some of the fun, too."

CHAPTER SIX

Judy felt Ted removing his glorious prick from her pussy so that he could attend to his girlfriend. She didn't like the idea of him pulling out in mid fuck, but she had experienced all the fun so far and Lori did deserve some attention for a while.

Lori lay on her back and spread her pretty blonde haired cunt wide. She licked her lips as she stared at Ted's fully erect, blood engorged prick, only inches away.

"Put it in me, stud!" Lori said. "Shove your beautiful cock all the way up my cunt! Fuck me, baby!"

Now it was Judy's turn to help. She seized Ted's prick and guided it to Lori's wide open pussy. The head easily slipped into Lori's cunt. Judy kept her hand on Ted's cock, thrilled at the power it possessed. She helped Ted push more and more of it into Lori's pussy. Lori breathed heavily as Judy guided the cock past the half way mark into her pussy.

"Do my clit, Judy!" Lori gasped. "Diddle my clit while Ted fucks me!"

Judy gently rubbed her fingers all over and around the swollen nodule. In no time Ted was making full strokes into Lori's cunt, pulling his prick out until only

the head remained inside her pussy, then ramming full force to the very depths of Lori's pussy.

"Oh, Ted, it feels so nice tonight!" Lori said, breathing hard. "I'm coming every time you hit bottom! Fuck me harder, baby! Give me all you've got as hard as you can!"

As there was no room left on the cock for her hand, Judy worked on Ted's balls, which had now drawn up tightly in his sac. Ted was about to come.

"When I pull my cock out of her pussy," Ted directed, "I want you to jerk me off with both hands and squirt my juice all over her belly and tits."

When Ted pulled out of Lori's steaming pussy and handed his cock to her, Judy could hardly believe the sight. It looked like it had expanded even more while fucking Lori. The head was absolutely gigantic and the entire cock was covered with Lori's cunt juices. Judy latched onto the pulsating prick with both hands and jerked as fast and hard as she could, trying to duplicate the pace and fury of the fucking motions. She watched as the first thick glob of creamy jism flew up to Lori's chin. Lori swiped it off her chin and into her mouth. Judy jerked on Ted's cock as shot after shot of sweet cream was ejected from the head onto Lori's tummy, tits, and face.

"I love it! I love it!" Lori screamed, scooping the come from her body into her mouth. "Keep squirting your tasty come! I want some more!"

Lori looked disappointed when the come stopped being pumped onto her body. Ted moved up to her head and let her suck the last droplets out of his cock, which seemed to appease her for a moment.

"Ready to get really fucked?" John asked from the couch, where he had taken

the whole hot scene in. "I've got a cock that'll split both of your cunts so wide you'll scream for me to stop."

"Fuck me!" Lori said, as soon as she got Ted's cock out of her mouth. "Fuck me right now!"

Ted moved out of the way and retired to the couch, exhausted but happy. John stood up and rapidly disrobed to show both the horny ladies a rock hard pole of cock, topped off by a throbbing, mushroom shaped head, which looked half again as thick as Ted's. Both women had managed to take all of Ted's impressive prick deep within their cunts, but managing to take all of John's inside their fuck-holes would be another matter. Lori had come close to accommodating John last week, but Judy had only watched. She knew she would be put to the ultimate test with John trying to bury his huge cock inside her.

"Get on all fours, Lori! I'm going to give it to you from the rear!" John commanded.

Lori wasn't about to argue. She would take it any way she could. All she wanted was John's beautiful prick busting through her cunt lips and driving down her hole. She couldn't concern herself with the position. She immediately got on all fours, arching her back to seductively position her pussy for John.

"That's it, baby! That's the way I like to see you, all hot and wet, and ready to take my cock. You're gonna love this even more than last week, 'cause I'm harder and hornier and bigger than last week!"

"Your cock is so beautiful, John! Please fuck me now!" Lori almost begged.

Judy had suffered long enough as she watched Lori getting in position to get reamed and listened to John teasing her with hot talk, his huge prick now only

inches away from Lori's pink, parted pussy lips. Unable to control her lusty impulses, she crowded between John and Lori, took the huge cock in her hands, and licked the bulging cockhead like it was an ice cream cone.

"Fuck me, John!" Lori moaned, cocking her head around to watch as Judy nearly gagged trying to take John's cock deeper into her mouth.

"Watch this, Lori! Watch your roommate suck my cock! Look how she's loving it!" John said, thrusting his hips in time to Judy's slurping and sucking. "She's getting it even harder for your tight pussy. She's getting my cock primed just perfect for you. You want it, don't you? You want to have my big prick jabbing into your pussy, don't you? I want you to beg me to fuck you. I want to hear how much you want to have this prick fucking you."

"Fuck me, baby! Fuck me with your big beautiful prick! I want to get fucked right here, right now, right in front of Judy and Ted! I want to feel you sink every inch of your cock into my cunt! Fuck me, John! Fuck me right now!"

Lori's words sent John to the edge. Judy could taste the come already seeping out of his plump, round cockhead. She wanted to keep sucking and listening to the hot talk between the two of them. It was making her hot, too. But John was ready to fuck, as ready as Lori was to get it. Judy watched Lori wiggle her ass frantically, motioning for John to take his prick out of Judy's mouth and sink it into her willing, waiting, slippery and tight fuck-hole.

"Here it is, Lori!" John announced, taking his prick out of Judy's hot mouth and placing the tip of the head on Lori's pink pussy lips.

John made several gentle fucking motions, pushing forward, ever so slightly, until the first half of his cockhead sank past Lori's stretched cunt lips and into her fuck-hole.

"Ooooh!" Lori cooed. "That feels so nice and hot! I love the feel of your cock inside me!"

Judy rubbed Lori's ass and ran her fingers along the top of John's incredibly veiny and fat cock. She watched as John pushed the rest of the wide head into Lori's pussy. Judy heard Lori gasp as she felt the true girth of the head spreading her apart and entering.

"That's it, Lori! You're doing fine!" John said, thrusting now with slightly more force. "I'm giving you more cock! Here it is, baby!"

In a slow, steady drive, John shoved fully half of his seemingly foot long prick into Lori's pussy. Judy watched the pink pussy lips being spread wider than she thought possible as John fucked in and out of Lori's hungry cunt.

"That feels so hot, John! Give me more cock! Sink more of your prick into my cunt! Fill me up, baby!" Lori said, breathing in short gasps.

Judy reached under John's driving cock and rubbed on Lori's clit, helping her come again and again. Judy fondled John's free swinging balls, her attention still focused on the plunging cock. She felt her own pussy literally dripping cunt juice. She was ready to have John inside her cunt. She envied what Lori was feeling. Judy wanted John to fuck her like she had never wanted anything in her life. She helped John push his cock deeper and deeper into Lori's pussy. She watched as the broad cock did its glorious damage, spreading the pussy lips wide and plunging even deeper.

Lori moved her hips back and forth to meet John, thrust for thrust, moaning and coming the whole time. She called for John to fuck her harder, to give her more of his enormous cock.

Judy took her hand from Lori's slippery, swollen clit and inserted it into Lori's tight asshole. She had done this on one occasion in the past when they had gone down on each other, at Lori's suggestion, and it had driven Lori absolutely wild. And that had been with only the dildo hammering away inside her pussy.

Judy knew her finger action in Lori's asshole, combined with John's cock sinking in and out of her cunt, would launch Lori's sexual experience into hyperspace.

"Oh! Oh! Oh!" Lori cried, when she recovered from the initial shock of having a cock up her cunt and a finger plunging gently in and out of her ass. "Give me more! Fuck me, John! Do me with your finger, Judy! Fuck me, both of you! I love it, I love it!"

Judy rubbed her own pussy as she pushed her finger in and out of Lori's asshole, sinking it into the second knuckle on the in stroke. The plunging cock had sunk in to Lori's cunt almost completely now. Judy licked her lips as John pushed harder and faster on every stroke, thrusting into the deep, tight hole, making Lori almost yelp with pleasure.

"That's the way to fuck her!" Ted said from the couch.

He had been silent for the entire time since John had taken over the fucking duties, but he had watched every second of the hot fucking session. Judy was pleased to see that Ted's cock was springing back to life and would soon be ready to fuck again.

Judy fucked Lori in the asshole in time to John's thrusts into her pussy. Judy had managed to introduce her entire forefinger into Lori's tight asshole, just as John had pounded his whole prick into her spasming cunt. John let her know

about the accomplishment.

"It's in, baby," John said, breathless himself, but still stroking for all she was worth. "I've buried my cock in your pussy. Every stroke I'm putting my entire prick all the way up your tight little cunt."

"Oh, it feels so nice, John, so nice and hard and hot! Keep fucking me!" Lori said appreciatively in response. "Keep doing my ass, Judy! Keep fucking my ass while John does me with his cock! Fuck me, baby!"

"Fuck her harder, John!" Ted called from the couch, his cock growing harder as he watched his stud friend work over his girlfriend. "Ream her pussy good!"

Judy found herself chanting along with Ted and Lori, urging John on, to fuck her harder. Judy inserted a second finger into Lori's gripping asshole, pleased to hear her friend groan with pleasure when she felt her asshole being spread wider still. In no time Judy was fucking with full strokes, both fingers diving in and out of Lori's ass.

"Get the dildo," the voice from the couch called, "I know she has the dildo in her dresser drawer, and I know she'd go crazy to get fucked up the ass while John is doing her pussy."

Judy dutifully got up from her position and scurried to the bedroom. She found the vibrating dildo at the bottom of Lori's underwear drawer. She hurried back to the front room. Judy sucked on the dildo first, taking the fake cock into her mouth to lubricate it for Lori's ass. She turned on the battery operated monster and pressed it to the outer rim of Lori's puckered hole. A few scant centimeters below, John's still hard cock rammed in and out of Lori's pussy. Lori's thin blonde cunt hairs were completely soaked by her own pussy juice and the come which had leaked out of John's turned on cock.

Judy pushed the gently vibrating cock forward and felt Lori's asshole expand enough to accept the head part way inside. Judy fucked in and out with the tool, finally succeeding in pushing all of the head and several inches of the life like shaft up Lori's ass.

"It's unbelievable," Lori gasped, "getting fucked by a real cock in my pussy and having the dildo vibrate my ass! It's absolutely unbelievable!"

Lori rocked her hips back and forth in earnest as Judy alternated her fucking strokes with John's machine like thrusts. When John shoved all of his cock into Lori, Judy pulled the dildo out of Lori's ass until only the head remained. Then, on John's outstroke, Judy pushed the fake cock into Lori. Lori was coming like she had never come before and moaned loudly with pleasure as the jolts of electric lust coursed through her supple body.

"Give 'em both to me all at once!" Lori commanded, humping madly. "I want that dildo buried in my ass at the same time John rams his prick into my pussy! I want to be completely full of cock!"

"That's the way I like to hear my baby talk," Ted said approvingly from the couch, his own cock slowly coming to attention as he watched the hot fucking.

Judy applied more and more pressure, sinking the pulsating shaft ever deeper into Lori's tight asshole. She drove it now in sync with John's piston like strokes.

Lori's ass seemed to get more turned on as more of the cock sank in. This, combined with the hot throbbing presence of John's cock reaming her pussy, was sending Lori places she had never been before.

"I can feel it, Judy!" Lori called. "I can feel the dildo going deeper into my ass

at the same time John's big prick is splitting my pussy apart. Judy, it feels so good! I want you to get fucked like this when I'm finished."

Judy had harbored exactly the same thoughts. But the way Lori was going crazy it didn't look like she would willingly give up either the dildo or John's cock to her roommate. Judy was so hot she went to work on her clit again as she continued pleasuring Lori with the vibrating cock. Judy came in no time, but this made her only hotter for the real thing inside her cunt. She wanted John's massive cock spreading her wide, sliding in and out, just the way Lori was getting it now.

"I can feel the dildo vibrating my cock from your ass!" John called, his cock just hitting the bottom of her pussy on the in stroke. "What a hot feeling, fucking this tight little cunt and getting a massage on my cock at the same time!"

The sensations proved too powerful to allow John to continue fucking. In short order Judy saw John's massive balls being drawn up in his ball sac and his cock getting even harder and veinier. There was no question he was going to squirt a massive load of hot cream in just moments.

"Get ready, ladies!" John called. "I'm ready to shoot! I'm gonna shoot my fucking juice all over your back!"

Judy took her fingers from her cunt to help remove John's long cock from the hot confines of Lori's slippery cunt. She placed the long, hard prick across Lori's ass, inches away from the dildo. Judy stroked across the top of John's cock as it lay on Lori's ass and watched as the first come shot skittered on the taut skin of her back, up her spine, to almost the nape of her neck. Judy kept working his cock with her hand and placed her head flat on Lori's back. She watched as the second come shot came boiling toward her. She opened her mouth and slurped it in. Shot after shot was ejected from John's cock, most of it hitting Judy's open mouth. She slurped it down, reveling in the hot, lusty taste.

When John finished shooting his jism, Judy sucked on his still puffy cockhead. She sucked until she had satisfied herself that every last drop had been sucked from him. Then she took his softening prick out of her mouth and whispered to him what had been on her mind from the first time she saw him giving his cock to Lori.

"I've got to have you, John," Judy said. "I want to have your beautiful prick fucking me! I want you so bad! Please, baby, let's go to my bedroom and fuck each other silly!"

John didn't say a word, but smiled and got up from behind Lori. He took Judy tenderly by the hand and led her away from the living room, to her room and waiting bed. Judy turned to see what Lori's reaction would be to her stealing the stud for herself. But what Judy saw assured her that her roommate would not be displeased with her. Ted was already off the couch, his thick hard prick in his hand, and was approaching Lori as she remained on the floor on all fours. It was apparent he was going to pick up the doggy style fucking where John left off. From the smile on Lori's sex crazed face it was obvious she was thrilled to have Ted pounding away inside her again.

CHAPTER SEVEN

"You have the most gorgeous tits I've ever seen," John said softly, caressing Judy's tits. "So big, but firm and perfectly shaped. Your nipples are hard, too. You want it bad, I can tell. You really want to get fucked, don't you?"

"Oh, yes, John!" Judy said, hardly able to believe she had him all to herself in her bedroom.

"In good time, Judy. First, I want to prepare you for it. Relax, enjoy, I'll give you

a fucking like you've only dreamed about."

With that said, he bent down to her perfectly sized tits and took her nipple into his mouth. Judy felt him rolling it expertly between his teeth. Then he switched to the other tit and gave it a sensuous work over. Next Judy felt her pussy being massaged and John's fingers playing lightly over her clit, causing it to swell even more. She moved her hips up and back, forcing his hand to apply more pressure to her steamy cunt. Judy ran her fingers through his thick, dark hair as he nibbled and sucked on her big tits. She was perilously close to coming and hadn't even taken an inch of his cock into her pussy. But he tongued and nibbled so expertly that it didn't matter. She was turned on to the max and it was only going to get better. She felt her chest heaving, almost involuntarily, in response to John's tit sucking.

After several minutes he took his mouth from her tits and sat up enough to reveal that his cock had been stimulated enough on his own work on her tits to become nearly erect.

"Here," he said, offering his cock to her, like it was a huge piece of salami.

Judy gladly took the head of it into her mouth, pleased to taste not only the juices from Lori's pussy, but the sweet remnants of his come, still thick on the tip. As she sucked, John spun around and dove between her legs. His darting tongue instantly found her slit. She felt her pussy being licked from asshole to the top of the slit. Her hips moved rhythmically to the tongue work. She would have screamed with pleasure, but her mouth was stuffed with his prick. She was astounded by its thickness. It made her tingle with a mixture of fear and excitement when she thought about how it would feel plowing into her pussy, wondering if she would be capable of handling him. Lori had managed to take his cock completely inside her pussy, but then she had been fucked a lot more times than she had. Judy was beside herself with anticipation, knowing that it was going to be great, regardless of whether she could handle the whole prick.

She used both hands, sliding them up and down on the shaft like she was

stroking a baseball bat, while she sucked with frenzied intensity on the fleshy head. She tongued the piss slit, pleased to find more pre-cum leaking for her to taste. She was amazed at how rapidly John had recovered after giving Lori such a fucking.

Judy had difficulty concentrating completely on the suck and hand job. Her pussy was being licked and sucked like never before by the turned on stud between her legs. Judy took her hands from his cock and massaged his huge dangling balls as she continued to suck the head and shaft into her mouth and down her throat.

When Judy had managed to take fully seven inches of cock down her throat, amazing her as well as John, he got up from between her legs and straddled her trim waist. His cock, fully hard, stood nearly straight up, arcing well above his navel. She stroked the wondrous cock as she drank in the beauty and power of it.

"I'm gonna fuck your big tits, Judy. I want you to hold them together for me," John said.

Then he positioned her hands on either side of her firm, huge tits. He poked the head of his massive cock at the bottom of her cleavage.

"Nice and tight, just the way I like it!" John said, smiling as he gave a mini thrust which sent his cock deeper into her cleavage. "Your hot tits feel so nice around my cock, baby! I could almost be satisfied with fucking you like this until I came, then squirting my jism all over your face. I'd love to see you trying to lick it into your mouth."

"John, do whatever you want! I just want your dick anyway I can get it! If you want to get off while you're fucking my tits, do it, baby!"

I love it so much, I don't care how I get it!"

"That's my girl," John said, thrusting more forcefully now, sending his cock more deeply between her tits, until the plump head reappeared on the top, inches from her mouth. "Looks inviting, doesn't it? Go ahead, take it in your mouth. I'll drive it up to your mouth on every stroke so you can suck just the head. It'll get me even harder and bigger for your pussy. That's right, Judy, suck it just like that! Oooh, baby, that's the way to suck my cock!"

Judy was loving every suck she managed to get on the head. She kept her chin on her chest, so when the head came busting through the tightness of her pressed together tits, it plopped right into her waiting mouth. John gently squeezed her hard nipples with his fingers as he fucked her between her tits. Judy felt her pussy getting hotter and wetter. She didn't know how much more of this warm up she could take before she had to start begging for him to fuck her. She wanted it so very badly, to feel his cock busting through her dark cunt hairs, spreading her slippery pussy lips wide, even wider than Ted's huge cock had spread them, then feeling the hot, hard rod of his cock sinking deeply into her. She remembered what it had looked like when John had buried his prick all the way in Lori's pussy. She envisioned what it would look like as John completely took over her cunt. She almost came thinking about it.

"I'm ready to fuck you, Judy," John said.

With that, John moved off of Judy's stomach and positioned himself between her legs, his cock inches from her pussy. He grabbed his thick, long cock at the base and pressed the full head into her sopping slit, forcing the first part of the head into her fuck-hole.

"Oh!" Judy cried, feeling already the cock stretching her pussy lips wide. "It feels so hot and thick! Push some more of it into me!"

John grunted and pushed forward, completely burying the sizeable cockhead in her hot cunt. Judy gasped slightly, not expecting the cock to feel as big as it did. Judy couldn't keep her eyes off the glistening prick as John pushed it in and out of her.

"You're so tight!" John said ecstatically. "And so hot and wet! I love it!"

He pushed more of his cock into Judy's pussy, quickly pulled it out until only the head was still inside her, then repeated the process. Judy was amazed at how good it felt. She had been so afraid of the size, fearing John would be too rough with her. But he was fucking her even better than Ted had, and he had been great.

John was living up to all her fantasies and more. She gasped as she felt still more of John's enormous pole invading the lower reaches of her cunt. Judy fucked back, trying to get into sync with his movements. She took her eyes from the fucking zone to see John smile slightly, a clear indication he liked the movements he was giving her. When her gaze returned to her pussy, she was shocked and pleased to see that John was now puncturing her with at least two thirds of his prick, gradually introducing more of himself as she was able to handle it. Just as Judy had seen Lori's pussy expand to take John's throbbing cock, she watched and sensed her own cunt as it opened up.

"Oh, Judy!" John said. "Lori taught you well, maybe too well. You're a better fuck than she is! You're a natural, baby! The way your tight little cunt grips my cock, but keeps on expanding to make more! You're a hot lady!"

Judy spread her legs still wider, to the point she was almost doing a split as she lay on her back getting drilled deeper and deeper. She even reached down and spread her cunt lips wide, so she could actually see the cock going into her fuck-hole. Her pussy lips were so slippery she could barely manage to keep

them apart.

"Oh, that's hot!" John said when he saw what Judy was doing. "Look at my cock going in and out of your pussy! It looks like it would never fit! Oh, baby, that's a hot sight!"

Judy had been coming in a steady succession of pleasure spikes since the initial insertion of John's cockhead into her hot pussy. As John fucked harder into her and continued making the hot statements about how great it looked, Judy experienced monster orgasm after monster orgasm. She bucked wildly, determined to take all of John's cock inside her body.

"Fuck me! Fuck me!" Judy heard herself scream, not caring who heard. "Screw me! Sink all of your big cock into my pussy! Do it, John! Fuck me the way you fucked Lori! I want to feel all of your prick inside my cunt! Keep shoving more of your cock in me!"

Judy abandoned her cunt lips and grabbed John around his ass, actually helping him pound into her cunt. She felt as if a log was being driven between her legs, a burning hot log that had no end. More and more of his magnificent prick was being shoved into her. He had not yet been able to bury the last of the thick base inside her. She watched his big cock as he pulled it nearly six inches out of her hole on the out stroke.

With still more cock to give her, Judy felt the spasming begin deep within her. She knew from being fucked by Ted that John was about to shoot his come. She wondered if he would have anything left to give, after so completely drenching Lori on the first fuck of the night.

John gave a slight grunt and wordlessly pulled his cock from the depths of her cunt. He motioned for her to wrap both of her hands around his cock as best she could and pump him for all she was worth. She responded with great passion,

stroking him at a blurring pace. The first glob of thick come was propelled several inches straight up as it was powerfully ejected from the plump cockhead. The glob came back down on the very tip of his cockhead, just as the second shot was being pumped out. She slid her hands up to the head and hurriedly spread the natural lubricant all over his long shaft. Shot after shot of come was ejected from the swollen head and Judy collected it as fast as it came out and used it to thoroughly coat his shaft, balls and pubic hair. She was amazed at how much he squirted.

Finally, after at least seven strong pumps of come, the head only produced a slow ooze. She took his head into her mouth and sucked the last of the come, all the while stroking his come covered shaft.

When she had sucked him dry, she went down to the thick, dark hairs around his balls and the base of his cock to lick up the come she had spread there. Finally, to John's great delight, she returned her lips and tongue to his shaft to lick all of the come into her slurping mouth.

"Thank you, John," she said when she finished cleaning him up, "for the best fuck I've ever had."

Then she lay her head on his muscular stomach and drifted into a deep, fuck induced sleep, her sensuous lips inches from his softening prick.

CHAPTER EIGHT

Judy and John fucked twice more, accompanied by the love sounds coming from the front room, where Ted and Lori were madly going at it. She and John seemed to be matched perfectly, though she still hadn't managed to take his entire prick inside her pussy. John had tried, she would give him that much. They just couldn't get enough of each other. The bad news, as far as Judy was concerned, was that John was leaving town for a week on Monday.

Since the hot sessions started on Friday, she had a feeling of being almost addicted to John, his cock and what it could do for her. The thought of not having him for the entire week was not a pleasant one.

"Penny for your thoughts?" Lori asked, as Judy stared out the window during lunch on Wednesday.

"Thinking about John, of course," Judy said, taking a bite from her tuna sandwich. "He's flying in Monday evening. I'm gonna pick him up at the airport."

"And just think how hot it's going to be, after waiting a full week," Lori said, trying to help her friend see the bright side.

"Sure," Judy said, "but how do I make it through the weekend?"

Lori didn't have an answer for that, so the two women tried to think of activities they could do to make the time go faster.

"You know what makes it double tough for me not having John this weekend?" Judy asked, her eyes almost tearing.

Lori shook her head.

"My birthday is Saturday. I was hoping John could make it back and we could have a party or something, just the four of us. But when I told him, he said there was no way he could make it back by then."

"What the hell," Lori said, "Ted and I will do our best to fill the bill. Leave it to me. I can't believe you didn't tell me sooner about it being your birthday. Nineteen years old, well, just leave it to me and I'll arrange a party you'll never forget."

Then Lori smiled, that sort of sly, wicked looking smile Judy had seen only a couple times before. She wondered what Lori meant by it.

The rest of the week passed quickly, thanks to a heavy stream of customers.

Fridays were always heavy, but this one was particularly so. Judy was beat when she finally checked out at six. Lori told her not to make dinner. She was going to put in some overtime.

"No drinks with Ted tonight, huh?" Judy asked.

"Not tonight, but he said he might come over later, after I'm there. But he might be busy, getting ready for your party tomorrow night," Lori said, giggling.

Judy didn't know what to make of it, so she waved goodbye and headed for her car. The moment she was inside her apartment she sensed something was awry. It was in the air, a certain feel to the apartment that gave her the clear sensation of not being completely alone.

Just to be sure, she thought it would be a good idea to check the rooms, to completely convince herself that she was alone. First, Lori's room. Nobody there. The front room was obviously vacant, as was the kitchen and bathroom. She pulled her knit sweater over her head, unsnapped her bra, stepped out of her skirt and threw them all in the bathroom hamper. She studied herself in the large mirror in the front room after she walked out of the bathroom, wearing only her silk panties. She pressed a hand under each tit, to show them to full advantage

to herself in the mirror. She moved her hands from below her tits, over her taut tummy, past her navel, and down the side of her narrow hips. She thought of John as she ran her fingers through her thick, dark cunt hair. She wanted him so badly, yet knew she would not have him again until Monday. And here it was Friday night. All alone with nobody to love. Then, it came again, the feeling of not being alone. She remembered she had not yet checked her own bedroom and the fear returned again, grabbing at the pit of her stomach.

Covering her huge tits with both hands, she tiptoed to the door of her bedroom. The door was closed. Slowly, she pushed it open. It creaked on its hinges. She gave a sharp little yelp when she saw the naked form of a man on her bed. An instant later, she was able to relax. It was Ted.

"You scared the shit out of me!" Judy cried, recovering quickly enough to notice that Ted's cock was up and ready to fuck.

"Sorry, I wanted to surprise you, not scare you."

"Well, you did both," Judy said, letting her hands drop from her tits.

"My, my," Ted mused, "your tits are looking fine tonight. In fact, your whole body is looking fine tonight."

"Thank you," said Judy, her eyes lingering on his cock, pleased to see it growing even larger as Ted took in her hot form. "Lori know you're here?"

"Absolutely. I'm part of your birthday present."

"My birthday is tomorrow."

"I know, I know," Ted said. "And we have something really special planned for Saturday. But tonight, since John is gone, I'm here to cheer you up."

Ted motioned for her to come over to him and sit on the edge of the bed. She did as he asked, feeling hotter with every step toward the bed, and almost forgetting about John. Ted had her lie on the bed, on her stomach, and he straddled her back to give her a back rub.

"You're tense, Judy, I can feel it in your shoulders," he said, deeply massaging her shoulders and upper back. "That's it, honey, just relax, let it go, let all the tensions melt away."

Judy could feel Ted's hot balls resting on the small of her back and his thick cock bobbing on her spine as he applied a deep rubbing pressure to her body. It felt so nice, so natural, so sensuous. She was aware of the day's tension slipping away and of the hotness coming to her pussy.

"Ummmmm!" Judy said. "That feels so nice! Do it a little lower!"

Ted worked his way down her back, scooting off of her when he got down to the small of her back and started to move on to her tight ass.

"You don't mind if I take your panties off, do you?"

"Please," Judy said.

Ted slipped them off, continuing to massage her the entire time. Judy was feeling so wonderfully relaxed and horny at the same time. As one firm hand

worked on her ass, she felt Ted's expert fingers lightly playing along the length of her cunt. She moaned with pleasure and moved her ass up and down to accentuate the hand action. Ted dipped one of his fingers into her fuck-hole, startling her, but sending a pleasurable current of passion through her body. She even shivered with pre fuck anticipation.

Ted rolled her over onto her back and spread her legs. Without making his fully hard cock available to her, he bent down and licked along the length of her pussy. He diddled her clit with his tongue and reinserted his finger into her fuck-hole. He fucked in and out with his finger as he played a hot number on her clit with his tongue.

"Do it, Ted! Do my pussy, baby!" Judy said softly, as she was carried away with pleasure.

Ted inserted a second, then a third finger, pushing deeper as his tongue kept up its steady pace on her clit. Judy quickly experienced her first orgasm, causing her to buck her ass up off the bed in hopes of forcing Ted's thick fingers more deeply inside her cunt.

"I want your cock! I want it, Ted! Give me your prick to suck on, baby!" Judy moaned as she felt herself being licked and finger fucked ever closer to another climax.

Ted nimbly spun round and planted his cock in her open mouth. She moaned as she hit her climax at the same moment she took his thick cockhead to the very back of her throat. She bobbed her head up and down on his cock, giving him head as best she could from her awkward position underneath him.

Judy motioned for Ted to switch places with her, which he promptly did. Now on top, she was able to give proper attention to Ted's long, throbbing cock. She fondled his balls with both hands as she swallowed more and more of his prick

on every downward bob. She aligned her mouth and throat with Ted's erect cock and was able to take nearly two thirds of Ted's prick down her throat.

Ted made fucking motions as Judy moved her mouth up and down on his veiny prick, all the while slurping on her sumptuous pussy. He took his mouth from her cunt briefly to commend her on her hot blow job.

"Oh, Judy, that's the way to do it! I love the way you're taking me deep! It feels so hot and tight fucking your mouth! That's the way to suck cock, honey! Do it, take it all the way in! Suck it good, baby!"

Judy doubled her efforts, forcing herself to swallow more of his prick, then quickly rising off his cock until only the thick throbbing head remained encircled by her lips. Immediately, she descended again, taking still more of his hot cock inside her mouth and down her throat. Ted returned to his licking and sucking, giving Judy as good as she gave.

Judy sucked him at a torrid pace for nearly five minutes, feeling her pussy responding just as feverishly as his cock was. She was loving every second of the sixtynining. They were able to get into a perfect rhythm, moving their bodies to maximize the action and pleasure of their hungry mouths. Judy, as she sucked his large cock ever deeper, tasted the sweet come which leaked from his bulging cockhead. It inspired her to go for it, to try and take his immense organ all the way down her throat. She had less than two inches left to conquer. She pulled her head off of all the pulsating shaft, the plum of a cockhead filling her mouth. Then, with a mighty downward movement, she allowed the thick prick to pass to the very back of her mouth, and actually slide down her hot throat, until she felt her lips brushing against the coarse hair on his balls and pelvis.

She had done it! She had deep throated Ted's incredible cock. She was only able to keep it down for a second, because she would gag from the size of the intrusion. She drew her head upward, took some air, and dove right back down on Ted's cock, completely engulfing it again. Ted was going crazy, bucking like a man possessed, which only cranked up Judy's sexual energy another notch. She

sucked him as hard as she could, giving him a blow job he never knew existed.

"That's it, Judy! Suck it, baby! Suck it all the way down your throat! You suck cock so great, I'm almost ready to fill your mouth full of cream! Suck it baby! Suck it some more!"

Judy would have loved to have Ted shoot his jism, all hot and sticky, into her mouth. Yet she also felt a powerful desire to have the huge cock plowing into her pussy, stretching her, going to the very bottom of her cunt, making her scream with pleasure. She wanted to be able to get on her back, spread her legs wide, and watch as the wide bodied cockhead poked through her slippery cunt lips and inched into her fuck-hole. She wanted to feel and see at the same time as thick inch after thick inch forced its way inside her tight, hot cunt.

Fortunately, Ted was thinking along the same lines. He abruptly moved his mouth from her cunt, and slid from under her. He held his cock in his hand, letting her get a good look at what her persistent sucking had done to it.

"It's nice and big for you now, Judy. Look what your blow job did for me, baby. See how thick it is? Imagine how this is going to feel spreading your little cunt apart, sliding inside your pussy. You're gonna love it!"

Judy didn't say a word, but kept her eyes glued to the glorious cock as she moved to her back. She licked her lips as she watched Ted's hand lightly stroke his prick.

"Give it to me!" Judy said weakly. "I want you to fuck me, Ted! Please, baby, fuck me!"

With his hand still wrapped around his prick, Ted pressed the sizeable knob of his cockhead to Judy's cunt lips. Judy watched as Ted moved his hips and

forced the head past her cunt lips. She gasped slightly, surprised after all her recent fucking that the sudden entry of the huge hardness still felt so incredible. She put her hands around the bulk of the cock which was still outside her pussy. It was wet with her saliva, slick and hard, ready to enter her pussy.

"I'm ready, Ted! Shove it in me, all at once! Just fuck me, baby!" Judy almost begged. "I can take it, Ted! Sink your big cock to the very bottom of my cunt! Do it, stud, fuck me the way I want it!"

Ted smiled slightly, said nothing, but did as Judy requested. With a strong, powerful thrust, Ted sank his nearly coming dick into the tight depths of Judy's fuck-hole.

Judy felt like her pussy was coming apart, so unbelievable was the sudden explosion of rock hard heat inside her. It was nothing she had ever experienced before, causing her to immediately climax in a series of spasms and writhing. She grabbed Ted's ass with both hands and helped him fuck into her, making sure that he buried the entire cock to the hilt. She fucked his cock passionately, feeling the magic feelings radiate from her pussy to all parts of her body, sending shiver after shiver of ecstasy through her. She never wanted Ted to stop fucking her.

"Oh! Oh! Oh!" she cried, unable to talk, so intense were the feelings her magnificent stud was giving to her. They banged together with tremendous energy as Ted continued to fuck her as fast and hard as humanly possible. Her pussy was absolutely sopping from the action. She could feel her cunt juices running from her pussy, down the crack of her ass, and onto the sheets. She humped back in sync to Ted's pile driving fuck strokes. Her insides were turning to hot jelly as Ted plowed away with his long, thick prick.

Ted bent down and sucked one of Judy's rock hard nipples into his mouth. Her tits were bouncing as they fucked, so savage was their coupling. Ted went to the other nipple with his expert tongue and mouth, licking, sucking, gently nibbling on her erect nipples Judy felt the hard cock inside her grow even harder, then

spasm slightly. Ted grunted, fucked her even faster, then pulled his cock out of her to let her stroke him as he shot his load.

Judy used both hands to jerk on his cock, pointing the straining head of it at her cunt hairs. She licked her lips as spurt after spurt of Ted's thick white cream matted down her thick, dark cunt hair. When he finished shooting, she had him slide up to her and push the still hard cock down to her so she could suck him dry. She took only the head of the cock now, sucking the sweetness from the piss slit, tasting the glorious combination of come and cunt juice, reveling in the hot smell of the recently finished fuck. As Judy sucked, she massaged her pussy, rubbing the come into her pussy hair like it was some sort of exotic cream rinse. When she finished sucking Ted's cock, she licked the residue of come from her fingers.

CHAPTER NINE

Lori arrived at the apartment at nine o'clock, several hours later than planned. Neither Judy nor Ted were terribly disturbed by Lori's tardy behavior. The hard-on which Judy had produced with her sensuous suck job after their first fuck of the night was not wasted. Ted dutifully reamed her pussy again, screwing her for a solid twenty minutes before he shot his load. They then showered, dried themselves, and retired to the bed once again, this time to pleasure each other with a hot, languid sixty nine. They slurped and sucked, in no hurry to consummate their passion with an actual fucking.

Judy worked Ted's cock over like it was a giant lollipop, rimming the beautifully thick cockhead, tonguing the piss slit, gobbling up his furry balls, and generally feasting on his cock. As she did so, Ted lapped away at her steamy cunt, slowly licking her from asshole to navel. When Lori finally arrived, the two were ready to begin their third fuck of the evening.

Lori appeared in the doorway to Judy's bedroom and coughed loudly to get the attention of the lovers. Judy had both hands wrapped tightly around Ted's

cock, pumping like mad, ready to help him insert it in her cunt.

"Don't I get to share any of that big cock?" Lori asked, feigning a pout.

Ted told her to get undressed and jump in the bed, as he'd be pleased to fuck both of them. Lori quickly dropped her act and stripped in record time. Once on the bed, she sucked on Ted's cock as Judy continued to stroke the shaft.

"Ummm!" Lori said, taking her mouth from around the head. "I can taste some come leaking from the top of his head! Ummmm! I love Ted's come, don't I, baby?"

Ted smiled and directed Lori to help slide his cock into Judy's pussy. He had Judy get on all fours, ready to take it from the rear, doggie style. Lori fondled Ted's swinging balls as she pushed the puffy head past Judy's more than ready cunt lips.

Ted quickly sank the length of his prick into Judy, fucking her with strong, powerful strokes. Lori was impressed at how Judy was now able to handle her boyfriend's cock in its entirety. After several minutes, though, Lori was more interested in having Ted's hot cock fucking her pussy than watching Judy take it time after time to the depths of her cunt. Lori took her hands from his balls and rolled away from them, spreading her legs wide as she lay on her back.

"Fuck this, stud!" Lori said seductively, spreading her cunt lips, forcing Ted to get an eyeful of her blonde haired pussy as he reamed Judy. "You know you'd like a change of pace right now. You know you'd like to shove your giant cock all the way up inside me. Come on, Ted, give a lady a break! Take your cock out of Judy and fuck me!"

Judy hoped Ted wouldn't listen to Lori, though she knew she had received her

fair share of Ted's cock. After all, Ted was Lori's boyfriend. She felt Ted's prick being pulled all the way out of her turned on pussy. She turned to watch Lori help guide Ted's cock, all slick with her pussy juice, past her wet cunt lips.

"That feels so hot, Ted!" Lori cooed, as she pulled with both hands on his cock, stuffing the large prick into her.

Within three thrusts Ted had managed to completely enter his whole cock into Lori's tight, hot cunt. Judy watched as the two fucked, impressed at how well they moved together. Judy felt her pussy yearning for more as Ted drilled Lori again and again. Judy fingered herself as she watched Ted hammer away and listened to Lori moan in the throes of passion.

After several minutes, Ted quickened the pace, an obvious indication that he was approaching his own orgasm. Judy had already witnessed Lori coming at least three times since Ted had jammed his cock in her cunt. Now it was Ted's turn to come for the third time this evening. He pulled his cock out of Lori at the very last instant and spewed his hot come on her belly and fine blonde cunt hair. He shot a respectable amount, considering how much jism he had already deposited in and on Judy already.

By this time Ted was exhausted, so the two horny roommates took the opportunity to go down on each other. Ted looked on with pleasure, but was unable to manage another hard-on. Judy got into her mutual lick session with Lori so much that she didn't even notice when Ted got up from the bed and left the room. He came back with the dildo, humming and vibrating, and ready to ream either one of them. Judy was first. As they stayed coupled in their sixty nine position, Judy on top, Ted moved around behind and slipped the first several, thick inches of the humming monster into Judy's cunt.

It was sensational, getting licked by Lori's expert tongue while Ted gently pried into her pussy with the vibrator. After she climaxed several times, Ted withdrew the fake cock from her and moved on to Lori's willing pussy. In such a manner, the three of them fucked and sucked for the better part of an hour, until Ted had

his cock hard again. Then he took turns fucking them. They continued on in this way until all of them were completely satisfied and exhausted. They all slept together in Judy's bed and didn't arise until nearly noon on Saturday.

After a sumptuous breakfast, again prepared by Judy, Ted left, telling them he would be back for the party later in the evening. The two women talked about the hot times of the night before.

"That was incredible last night," Judy said, "I've never been fucked so much in my life. Ted was great."

"But," Lori said, "I hear something in your tone which tells me something was missing. Am I right?"

"You know me well, friend," Judy said, looking directly at her roommate. "It's John, I suppose you know that too. As great as it was last night, I found myself thinking about John, pretending it was his prick fucking me instead of Ted's. When I sucked his cock, I dreamed it was John's big prick crawling down my throat. I can't get him out of my mind."

Ted returned to the apartment at six, his arms filled with three bags of groceries. He began preparing a special Chinese dinner for them, part one of the great party which he and Lori had planned in honor of Judy's birthday. Judy wanted to help, but she was not allowed. Ted did most of the meal preparation, with assistance from Lori. Lori also kept Judy well plied with drinks.

The three of them dined to soft music and soft lights. Judy imagined nothing could have been more romantic, except for the fact that she didn't have John with her. When they finished, Lori cleared away the dishes and brought each of them a fortune cookie.

"You first," Ted said, indicating Lori.

Lori broke her cookie apart and read, "Expect the unexpected."

Ted read his, "Good things come in threes."

And finally Judy, "Your hottest dreams will come true tonight."

Ted and Lori giggled between each other and Judy looked on, not knowing what was going on. She did know these were highly unusual fortunes.

"What's going on?" Judy asked, watching the two of them trying to stop grinning.

There was a knock on the door, which caused Lori and Ted to actually break out laughing. Judy was completely perplexed about their behavior, and she decided the several glasses of wine she had before and during dinner had not aided her deductive reasoning powers either.

But when she opened the door, she nearly fell down in shock. It was John. She squealed with delight, wrapped her arms around him and hugged him tightly to herself. She wanted to drop to her knees right then, unzip his pants, take his cock out and start sucking. She was so hot for him she couldn't believe it.

John explained, after they unclenched, that he had been planning all along to come back on Saturday and surprise her. Then, Ted had gotten in touch with him and suggested they all get together for a party. So here he was.

Judy wanted to adjourn to her bedroom with her stud right now, but Lori had

other ideas and the two studs appeared to be in on what she was setting up. Judy decided to go along with whatever was planned. She knew, in the end, she would get to fuck John, so it didn't matter if things were delayed for several minutes or several hours. If Lori was in on the plan, Judy could rest assured it would involve a lot of hot sex.

"Judy, you wouldn't mind making drinks for all of us, while I get things set up, would you?" Lori asked.

"No problem," Judy answered, as Lori escorted the two studs to her bedroom.

Judy quickly got the drinks together. She knew what each of them enjoyed from their previous encounters. She gathered up the drinks on a tray and made her way to the bedroom. It had only taken her two minutes to prepare the beverages, but already Lori had done her work. All three were completely naked, with Lori kneeling between John and Ted.

Lori sucked on Ted's half hard cock while she gently stroked on John's hanging prick. Ted beckoned to Judy for her to give him his beer. He sipped as Lori continued to suck vigorously on his cock. Judy gave John's drink to him so he could also drink while being worked over by the hot and horny Lori. As Lori seemed to want to have the studs to herself, Judy contented herself for the moment with watching. She plopped herself on the bed and drank her wine as she saw Lori making Ted's cock bigger with her mouth and slowly stroke John's magnificent cock to a huger state.

"Suck it deeper, Lori!" Ted commanded. "I want to see my cock go all the way down your throat! That's it, baby, suck it good! Make it nice and hard for Judy's birthday present!"

So that was it! Judy tingled with anticipation when she heard the words. This was all merely preparation for her. Lori was getting the men ready to service her.

Suddenly things seemed a lot more interesting. Judy peeled her clothes off and sat on the bed with legs spread, so she could rub her own pussy and give John and Ted a good view of her while they were worked over by Lori.

"Get an eyeful, Judy," Ted said to her, "because Lori is getting my cock primed to fuck you silly. Take a look at how big and hard my cock is! Watch Lori taking it down her throat! Look how thick it is and think how nice it will feel fucking your pussy! Ummmm, doesn't it look good, baby?"

Ted twisted his body to show off his long cock to best advantage. Lori sucked on it sensuously, letting her lips slip from off the shaft, then slide hotly over and off the thick cockhead, giving Judy a complete view of the whole prick.

"He tastes good, Judy," Lori said, before putting the cock back into her mouth.

Judy couldn't keep her fingers from diddling her clit, so hot and inviting was the sight. As she pleased herself, she switched her attention from the exciting spectacle of Ted's cock plunging in and out of Lori's widely stretched mouth, to the mind blowing sight of Lori trying to do justice to John's ridiculously thick cock. Judy watched as Lori tried in vain to completely encircle the gargantuan cock with her hand as she pumped up and down on it.

"Suck me now!" John said. "Give Ted a hand job while you suck my prick for a while."

Lori immediately responded, abandoning Ted's hard cock for the larger, more exciting prick which John offered. She had trouble just getting the entire cockhead into her tiny mouth. There would be no deep throating this cock. But somehow she was able to take part of John's cock down her throat, much to Judy's amazement. She watched her friend go nearly out of her mind with pleasure as she sucked on John and worked Ted's cock over expertly with a flailing hand.

In short order John's cock was completely hard and Lori found herself in the envious position of kneeling right in the middle of two horny studs with fucking on their minds. She returned her mouth to Ted's cock, only to switch back over to John's a short time later. Back and forth she went, trying to satisfy both men completely and driving herself absolutely wild in the process.

"Suck it, baby! Suck it, Lori! Suck me harder!" Ted called out, urging Lori to keep up her frantic pace on his cock.

John joined in with his encouragements for Lori to suck him harder. The hot sucking and sexy talk was doing a number on Judy as she watched and listened. Her pussy was on fire with desire and she massaged herself to several climaxes as she waited for her turn.

"We're ready for the birthday girl," John announced, withdrawing his hard prick from Lori's mouth. "Ted is gonna fuck you first, nice and gentle to get you ready, then I'm going to give you a birthday present you'll never forget. Ready for a fuck, Judy?"

He needn't have asked. Judy smiled weakly, her eyes alternating from drinking in all of Ted's cock to savoring the hot sight of John's fully erect prick. She wanted to have John stuff his stiff prick inside her cunt right now and not even bother with Ted. As good as Ted could fuck, as exciting as he could be with his big powerful cock, John was twice as good. She didn't tell John any of this. Getting fucked by Ted, with the knowledge that John was in the wings, ready to fuck her when she was sufficiently warmed up would satisfy her.

Ted moved between her legs, which were now widely spread, and John moved to the side of the king sized bed to observe until he was ready to get into the action. Lori, not willing to simply watch Judy get all the fun, moved in front of John to suck him lightly from a kneeling position.

"Take my cock, Judy," Ted said. "Put the head of it in your pussy, baby, make John even hotter for you. That's it! Ummm, it feels so hot slipping between your tight pussy lips. Ummm, that's it, that's the way to take my cock in your pussy! Take it deep, Judy, take it all the way in!"

Judy watched inch after inch of Ted's cock pumping in and out of her cunt. John saw how turned on his lover was and took his cock from the tight suck job Lori was giving it and placed it on Judy's moistened lips.

"I think you need this, honey," John said tenderly. "Suck me while Ted is fucking you. It will help you enjoy him more too."

Judy hungrily gobbled up John's puffed cockhead, thrilled at the hotness and hardness of it filling her mouth. She sucked and tongued the bloated cock, taking as much as she could as Ted fucked her pussy at a steady pace. After sucking for several minutes, Judy returned her gaze to the fucking site, and was pleased to see Ted burying his whole cock inside of her. It felt so thick and hard on the inside of her steaming fuck-hole, stretching her cunt in a fantastic way. She humped back, meeting Ted's downward drives, stroke for stroke. Lori got on the other side of Judy, opposite John, and went to work on Judy's tits.

What a birthday present, Judy thought to herself. Ted was fucking her beautifully while John let her suck his cock, and Lori was slurping and sucking on her tits. Her three friends were forcing her to experience one climax after another.

Lori, after a time, moved from Judy's tits to her pussy, darting her tongue back and forth on her clit as Ted's cock pounded in and out of her only inches away. It was blowing Judy's mind. She had never been so perfectly serviced. Her three friends were loving her so beautifully she never wanted it to end.

"Feeling good, Judy? Feeling like this is the fuck of your life? Looks hot, doesn't it, the way my cock is going in and out of your tight cunt?" Ted asked as he fucked away on Judy. "Well, the fun is only beginning for our birthday girl. I think you're ready for the main course."

Ted picked up the pace on his fuck strokes, slamming in and out of Judy's cunt as Lori continued flicking her tongue on Judy's clit. Judy sucked ferociously on John's cock, dreaming of the moment when it would replace Ted's in her fuck-hole. She humped upward to Ted's cock, even more aggressively than before, determined to make him come. Once he shot his load, she would be assured of having John to fuck. But the studs had other ideas, ideas which Judy would be thrilled about very shortly.

"Let's do it," John said, taking his rock hard prick from between Judy's lips. "Come up to her head and let her suck off while I fuck her pretty little cunt."

The switch was quickly made and Judy felt her hands insides turning to butter when John's bruising prick forced its way past her widely spread, pink pussy lips. Lori helped out by prying Judy's cunt lips wide with her fingers while John entered her. Judy, now sucking on Ted's cock, lifted her head up from the pillow to watch Lori assisting and John's cock penetrating her for the first time of the evening. She would have screamed with pleasure if Ted's cock had not been thrusting in and out of her mouth. Instead, she moaned and grunted with each pump of John's massive prick into her fuck-hole.

"It's unbelievable!" Lori gushed, her eyes transfixed on the hot sight inches from her view. "Judy, his prick is so big, and your pink pussy is so tight around his fat cock."

Then Lori took the part of John's cock which had still not been shoved up inside Judy and wrapped both hands around it, like she was strangling a snake. She helped John fuck in and out of her roommate's tight cunt, almost coming herself from the sight of it.

"Beautiful, Lori!" John said, watching her help out on the fucking of Judy. "Keep working my cock into her with both hands, but don't go too fast. We only want to give her as much cock as she can take, and not rush it. She's loving it just the way you're doing it!"

Judy had been blown away herself at the sight of more and more of John's cock disappearing inside her black haired cunt. It felt so hot inside her pussy, stretching her to the max, making her come almost continuously. Judy watched Lori take one of her hands from John's cock, allowing more of the shaft to be driven into her. Still, Lori worked John's prick up and down with one hand pumping like mad, and managed to lick and tongue Judy's clit at the same time.

Ted's cock was now halfway down Judy's throat, pushing in and out at a steady pace. Judy was loving it. Ted's cock was just perfect for sucking. It was huge enough to be challenging, but not so large as to be unsuckable. And John's cock was the perfect one to have reaming her pussy, making her crazy with desire, forcing her to experience feelings she didn't know existed.

Ted held Judy's head as she sucked on him, positioning it so she could continue to watch John and Lori do the magic number on her pussy. Lori had now taken her hand from John's cock so he could try and sink the last several inches up tight inside Judy. Lori was nearly as turned on as Judy was, alternating her sucks now from Judy's clit to the hairy base of John's prick. Lori reached around behind John's ass and fondled his balls as they slapped into Judy's ass on the inward thrusts.

Abruptly, John decided Judy needed to be fucked in a new position in order to maximize her pleasure. He got Judy to get on all fours on the bed, so she could continue sucking Ted's cock as he knelt in front of her, and take his cock from behind, doggy style. Lori saw her opening. She crawled beneath her roommate, so she could watch the hot action from below and help out as she was fit.

Judy loved it. She rocked forward and gobbled up Ted's hard cock, then moved back to take John's thrusting prick still deeper inside her cunt. Whichever way she moved she got more cock. She moaned and moved faster, back and forth, back and forth, fucking and sucking, fucking and sucking.

As a bolt of white hot heat seemed to spread her entire pussy apart, Judy felt John's pelvis slam against her ass. John had just shoved his entire cock completely into her hungry cunt, sinking it all the way to the end of her fuck-hole. Judy quivered uncontrollably, overcome by an intense series of mind bending orgasms. She felt like she was going to pass out, but somehow managed to stay coherent. She sucked more of Ted's cock down her throat as she felt John pulling half of his length out of her pussy, preparing to drive it all the way in again. This time she was ready for it, though the result was the same, another spike of pleasure sending her to still loftier heights of ecstasy.

"Fuck me! Fuck me! Fuck me!" John grunted forcefully as he slammed into Judy, spreading her tight pussy wide to accommodate his prick. "Take it all, Judy! Take my cock all the way to the bottom of your beautiful cunt! That's it, baby! That's the way to make your tight pussy grab my prick! Oooh, it feels so hot and tight around my cock!"

In addition to the explosion of heat inside her cunt, Judy felt hot, wet caresses on her pussy lips and clit. It was Lori sucking from below. Her gentle tongue and lip action was the delicate counterpoint to the violent cunt reaming John was giving her from behind. And Ted continued to drive his horny cock in and out of her mouth and down her throat.

"I'm gonna fill you full of come, Judy, 'cause I'm about to shoot my load!" Ted shouted. "Get ready, baby, here it comes!"

Ted pulled his prick from deep within Judy's mouth and throat and handed it to her to pump. She jerked on his cock, keeping the ballooned cockhead only inches from her waiting mouth. She continued to hump back and forth with her

hips as she took John's cock all the way inside on every thrust.

"Shoot your jism in my mouth!" Judy said hotly. "Shoot it in my mouth! Fill me up with your hot fuck juice! I'll eat every bit of it! Shoot it, Ted! Give me your hot cream! I love it!"

The first hot jet of come splashed against the back of Judy's throat, then shot after shot landed on her tongue, hit her teeth, splattered her lips, and dribbled down her chin. She slurped and swallowed all she could. When Ted stopped coming, she put his cock back in her mouth and sucked the last of his juice from the fat head. She scooped the dribbles from her chin and swallowed it. She felt the hot cream slide down her throat and it made her spasm with pleasure.

"Here I come! Here it is!" John called, pulling his cock from her hot, slippery depths.

Judy cocked her head to watch John place his massive cock on the crack of her ass, the long prick lying heavy on her spine. He didn't touch it as the thick cock spasmed slightly, then started to shoot. The first glob of hot liquid skittered up her spine, over her shoulder and drooled onto the bed. Several thicker wads of come followed, covering her back with his jism. As shot after shot of John's pent up desire cascaded onto her delicate back, Judy cried out with pleasure, so intense were the feelings which this master fucking had released. Lori crawled from beneath Judy and went to work on licking up John's hot fuck juice. Then Judy collapsed on her back on the bed, believing she had just experienced the most perfect fuck possible.

CHAPTER TEN

"That was so fantastic! I've never felt like this before!" Judy said appreciatively to her two studs. "I came so many times I lost track. I've never had such loving. You were great, all of you!"

"I hope you don't think we're through," John said. "This was only the warm-up, baby. The night is still young, and we intend to give you something you'll never forget."

Judy was stunned. She had been lifted to hitherto unknown heights and John was saying they were just getting started! Her mind reeled with the possibilities of what might happen, what hot combinations were left, and how much more pleasure she could stand.

Lori had gotten the vibrator out and started working on Judy's still swollen clit. The men sat nearby, watching as they recovered from the first fuck of the evening. After teasing Judy with some light movements, Lori removed the fake cock from her clit and pushed it half into her pussy and turned on the motor. Instantly, Judy's cunt was awash with a tingling sensation as the pulsating rubber prick did its magic. Judy let the exhilarating vibrations make her pussy work a number on her entire body. She moved to Lori's fucking motions, eagerly gobbling up the sizeable cock after three thrusts. Then Lori really started reaming on her, using full six inch strokes to bury the humming monster all the way inside of Judy's cunt on every shove.

"I want some too, baby!" Lori said, sliding up to straddle Judy's face. "Lick my pussy while I fuck yours with this cock."

Judy instantly flicked the hard nodule of a clit between Lori's wet pussy lips. Lori quivered above her as she worked on her friend's blonde haired bush. Judy was giving as good as she was getting, which was apparent from Lori's enthusiastic moans and groans. Even the studs couldn't help commenting on the action.

"That's it, Lori! Shove that dildo all the way in! Shove it to the very bottom of Judy's cunt!" John said.

"Judy ain't the only one getting the business," Ted observed. "Look at Judy's tongue working Lori's cunt over, sliding ah up and down her pussy slit, then flicking away at her hard little clit. Judy's doing her just fine. Both of them are going to be ready for some big hard cock real soon, John."

Judy thought the dildo fucking would never end, nor did she want it to. The vibrator was being jammed relentlessly in and out of her hot hole as it vibrated madly, maintaining her at the very peak of sexual excitement. She was able to get into a hot rhythm with Lori, sucking her in perfect time to the ream job she was getting from the top side. Judy loved the taste of Lori's cunt. She also liked the idea of performing in front of the studs, getting so hot for them and actually forcing their cocks to get hard again. As her face was covered by Lori's gyrating cunt, she wasn't able to see either of the studs, what their reaction was to the hot show in front of them, or if their big cocks had fully responded to the heat only feet away. She didn't have to wonder for long. John was the first to speak.

"Keep doing each other, ladies. I'm just going to replace the dildo with something a little more substantial. Here, baby," John said, handing his fully hard cock to Lori, "put this in her hole."

Lori removed the vibrator from deep within Judy's cunt and lay it on the side of the bed. Then she grasped John's thick cock firmly in both hands, pleased to feel it was still slick with Judy's pussy juice around the base. She pumped his thick cock several times before placing the head of it at the outer lips of Judy's pussy. She helped John push it forward, parting the lips and sinking below them into the fuck-hole.

"Oh!" Judy gasped. "It feels even better than the first time tonight!"

"You haven't felt anything yet," John said confidently. "Ted and I have a surprise for you. Like I said, the first time was only a warmup. We've got some

mind blowing fucking left to do tonight."

"Give Judy more of John's cock," Ted said from the side of the bed, watching the action intently and looking for the moment when he would get involved. "Judy's pussy is in need of more cock. Give it to her, Lori!"

Lori pulled on John's cock and made more of it disappear inside of Judy's pretty cunt. Then Lori reached around to John's ass and actually got him into a slow rhythm of fucking gently in and out of Judy, sinking his cock deeper and deeper. Rather quickly Lori and John had managed to shove his whole cock inside.

Judy was coming in waves as John slowly fucked her with full strokes, stretching her cunt walls in every way possible. It felt so incredibly hot to have the hard cock prying her apart, sliding in and out, relentlessly reaming her. She moaned as she sucked on Lori's sopping cunt. As she floated toward another climax, she was aware of Lori climbing off of her and being replaced by Ted. He placed his hard cock in her hands, which Judy immediately guided to her mouth. Trading a hot cunt for a big cock was not a bad trade, she thought.

Judy loved it, lying on her back, taking John to the hilt in a slow and steady fashion while she sucked more of Ted's cock down her throat. She was able to just be on her back and get serviced by the two hottest studs imaginable.

Lori decided to help out with her hands. She grabbed both cocks at their bases and pushed them in and out of Judy's cunt. John was now able to sink all but the hand width of Lori's slender hand into Judy's cunt. It turned Lori on tremendously to be in charge of the fuck, holding on to both hard pricks as they reamed on Judy.

Normally, Judy would have wanted all of John's cock inside, but it was hot for her too to have Lori helping out on the fucking. She felt John's cock being

shoved powerfully into her pussy, then, just before he would have hit bottom, Lori's fist bumped into her bush and the stroke started over. Lori's hand did a similar number on the suck job. Judy was able to deep throat ah but the width of Lori's guiding hand.

"That's it, studs!" Lori called out triumphantly. "Fuck this girl good! Give her all you've got! Fill her cunt, fill her mouth with your big cocks! Fuck her good, studs!"

The hot foursome continued, driving Judy crazy as she hit mind blowing climax after mind blowing climax. She couldn't imagine anything hotter than what was happening now, but in the back of her mind she remembered what John had said about there being something special.

"Let's do it!" John said, quickly taking his cock out of Judy.

"All right!" Ted said enthusiastically, likewise removing his swollen prick from her mouth.

"What's going on?" Lori asked, still trying to hold onto the withdrawn cocks. "She's just getting hot! Fuck her some more! Shoot come all over her! I can't believe you're quitting now!"

John and Ted ignored Lori's complaints. John rolled to his back, his slick, hard cock bobbing in front of him, arching well past his navel. He motioned for Judy to straddle him and slide down on his cock.

"Ride his cock like you're riding a fucking horse," Lori said when she saw what the arrangement would be.

Judy happily climbed on top of John and felt the hot shaft piercing her fuck-

hole as she sat down on him, lowering herself slowly down, his cock going deeper and deeper into her.

"That's it, Judy!" John said. "Slide down, let my cock go all the way up your cunt!"

Judy positioned herself so her huge tits hung in John's face. He couldn't resist the temptation. He sucked first one large nipple, then the other. Judy rode the hard prick up and down, getting into a hot, fast fucking pace. She loved the new angle at which John's cock was doing her,, stretching her pussy in an all new manner.

"Ready for more?" John asked, after taking Judy's huge left nipple from his lips. "Ready for still more fucking?"

"Oh yes, baby!" Judy gasped, wanting cock any way she could get it, but now knowing what John was talking about. His cock was all the way inside her. How could she have more?

Judy felt movement on the bed and instantly realized what was happening. Ted had moved on top of her, on top of them, so she was in the middle. It was effectively a sex sandwich, with her right in the middle of the hot action.

"Feel this, Judy," Ted whispered in her ear.

He put the head of his thick cockhead at the outer rim of her puckered asshole. He pushed gently, then more forcefully. Judy felt the slickness of her saliva still thick on his cock and acting as a lubricant. Ted pushed again, this time succeeding in getting part of his cockhead up her ass. All the while she rode up and down on John's cock.

"Feel it!" Ted exclaimed. "Feel my cock going up your ass! This is your surprise, baby, getting to fuck both of us at the same time, John's dick fucking your tight little cunt and me doing you up the ass!"

"This is hot, this is hot!" Lori said over and over again as she watched Judy getting the royal fucking of a lifetime. "You can't believe what this looks like, Judy, with John's cock spreading your pussy and Ted's prick busting into your ass. It's hot, Judy, I can't believe how good it must feel."

Judy didn't need Lori to tell her how great it looked and how great it must feel. She was experiencing it, and words couldn't come close to conveying how incredible it was. It was like her body had been invaded and taken completely over by the two huge pricks. She squirmed on John's cock, which only served to make her even hotter and bump her ass back to meet Ted's driving cock, now with the head completely sunk into her ass. She felt heat all through her cunt and now invading her ass. It was driving her insane with lust. And to top it off, John was still sucking on her tender tits, turning her big nipples into hard little cherries.

"Oh! Oh! Oh!" Judy cried out, not able to contain her inferno of emotions. "Fuck me, John! Fuck me with your nice hard cock! Screw me up the ass, Ted! Get all of your prick inside my ass! I want to have all of your cocks fucking me! Oh, fuck me, fuck me!"

Ted applied more power to his deliberate thrusts from on top, pounding his cock deeper and deeper into Judy's ass. Judy fucked more urgently on John's cock. She desperately wanted to have all of Ted's prick buried up her ass, but she also couldn't get enough of John's talented cock.

"Ummmm!" Lori said, still watching. "It's hotter than ever, Judy! Ted's shoved more than half of his big prick up your ass! They're fucking you beautifully, Judy!"

Oh, my, Ted's cock just went in farther! He's almost buried it!"

Then, just after Lori said it, Ted did hit bottom with his prick, at the same instant John filled her cunt with his big cock. Judy moaned and babbled incoherently as her body went through a series of spasms, clear evidence of her hitting yet another climax. When she came down from her peak enough to regain her composure, she began humping, first to meet John's cock, then back to help Ted completely bury his cock up her ass. Whichever way she moved she got fucked, either up her pussy or up her ass. Then, to make things even hotter, every thirty seconds or so she stopped, so the studs could fuck her in sync, so they both filled her with cock at the same moment, withdrew together, only to do it again. She couldn't take this for more than three or four strokes before she started humping and returned to the alternating fuck rhythm. It was intensely hot, a beautiful way to handle two cocks, but not so intense that she was in danger of losing complete control of herself.

"I love it when they fuck you together!" Lori said when Judy stopped her movements again to let the studs go at her with all their passions. "It looks like you're being taken over by their big cocks! It's so hot!"

Judy was aware of John giving Ted a signal and the next thing she knew she was being rolled over, so Ted was now beneath her, his firm prick imbedded to the hilt up her ass. John now was on top, in perfect position to powerfully fuck her, the way only he could. It also gave Lori an opening to slide her hand in and rub Judy's clit, as if she needed anymore stimulation.

"This is even hotter!" Lori exclaimed. "Getting to watch John's big prick fuck you to pieces! Fuck her faster John! Do her good! Give her every thick inch of your horny cock! Ummm, Judy it looks like your tight little pussy is getting a real screwing, the way your cunt lips are spread so wide! This is hot!"

Judy was aware of the hot hardness deep within her ass. She felt every inch of John's cock as it plowed into her fuck-hole, stroke after stroke, taking her to the crest of one climax after another. Her tits were bouncing wildly as the two

studs fucked her with such energy and enthusiasm her whole body was being rocked madly up, down, and sideways. Judy felt the expert rubbing of Lori's sensitive fingers on her clit, making the whole affair several degrees hotter.

Then Lori went around behind John's driving ass and fondled his large balls, cupping them so they wouldn't continue to slap against Judy as he fucked her. Even this was not enough for Lori. She wanted to be involved more intimately. She managed to get her mouth on John's balls, then slide down to lick on Ted's as he shoved his cock in and out of Judy's ass. The added stimulation on their balls was enough to send the studs to the point of no return.

Ted screamed out that he was going to shoot his load. He fucked harder, actually getting part way off the bed as he pumped his hard cock into Judy. The jets of come were pumped out of his cock with great power, filling Judy's ass with the hot cream. After he shot his load, he kept fucking her, his cock pumped dry, but still hard.

Judy felt John's big prick spasm once, deep within her, then again, and she knew her stud was ready to come. He fucked in and out of her sopping cunt with even greater vigor, determined to give her the very best of what he had left.

"Shoot it on my tits and in my mouth, John! Give me all of your come! I want to see your big cock come ah over me!" Judy said urgently, not wanting to have him come deep within her pussy where she couldn't see the action.

"Here it comes, baby!" John said, pulling his huge, swollen cock from the depths of her pussy. "Hold on to my balls while I shoot jism on your tits."

Judy reached up and took his large, come filled balls in her hands. Lori wrapped both of her hands around the thick shaft and pumped madly on it, pointing the bulbous head in the general direction of Judy's big tits.

"Shoot, baby!" Lori urged, impatient to see the big cock dump its creamy load on her roommate. "Shoot your hot come ah over her, John!"

No sooner had she spoken than the first thick wad of come flew with great force from the tip of John's cock and splattered onto Judy's erect nipple on her left tit. The second shot went still higher and splashed onto Judy's chin and neck. Shot after shot of the fuck juice flew onto Judy's tits and face, until it just dribbled out of the puffy head and drooled down to her firm tummy.

Judy beckoned him up to her mouth where she sucked him dry while Lori happily tended to her come covered tits and belly, lapping it up like a kitten slurping milk.

"That was beautiful!" Judy said to John, after she had removed his prick from her mouth. "Ah of you have been so wonderful! Thank you!"

John smiled down at Judy and said, "You're talking like this is going to be a one time thing."

"Isn't it?" Judy asked. "Isn't this just for my present?"

John looked down at Lori, and at the grinning Ted, who had just taken his prick from Judy's ass. They all looked at each other, then at Judy. Lori acted as the spokesman for them all.

"Judy, something tells me this is the start of something big. I think we'll all be seeing a lot more of each other in the days ahead."

THE END
