

Wayward Mothers

by Michael Corbett

Chapter One

Opening the sliding glass door at the back of her den, Anna Hill took a deep breath of the refreshing air. The breath pushed her enormous tits out even farther than usual, and she wondered if Troy was noticing. He was out there somewhere in the dark back yard, and if he was watching, he should be able to see the entire front of her magnificent body. Her white nightgown was long but sheer and was all she had on. Her oversized tits with their big deep- pink nipples and her brown triangle of cunt hair were plainly visible through the fabric.

Troy was the oldest of her three children. The other two, Doreen and Brian, were teenagers too. They were out on dates tonight. It was a Thursday night, but this was summer. Anna grimaced at the thought that they were probably not having any more fun on their dates than Troy would be having if he were on a date tonight.

She forced a smile onto her beautiful face and untied the ribbons at her nightgown's neckline and the sash at the waist, leaving the gown hanging open all the way down the front. Her pussy hair was bare now, as were the inner slopes of her tits. She felt a tingle of lust in her nipples and in her tight cunt. Reaching back, she took some of her long blonde hair in her hands and stretched her arms high overhead, lifting the hair in a sensuous fan that caught the light behind her. Then she shook her hips and torso wildly, jiggling her huge tits.

"Get ready, Troy, boy," she whispered. "Here I come, and when I get there, you're gonna cum, too. And cum and cum and cum!"

Thinking about the massive prick she had seen the day she'd spied on him in the shower, she slid the screen door open, stepped out, and closed it behind her. The moon was almost full and was well up in the sky, but she couldn't see Troy yet. After a few more steps, though, she heard his transistor radio playing softly, and knew then where he was. The Hills' back yard was huge and neat. There were four flowerbeds, and the only trees were in a little grove right in the back yard's center. The music was coming from there.

No one but Troy could see her as she walked back to the grove. There was a nine-foot-high redwood fence all the way around the back yard. Troy was sitting on the ground, his back against the trunk of a maple tree. His radio sat on the ground near him. Anna stopped five feet from him. He did not seem surprised to see her.

"Hi," she said. "That's some real sexy jazz you're listening to."

Troy looked at her angrily. "Sex is all you think about, isn't it, Mom?" he said sullenly. "I saw that little exhibition you put on at the door to the den just now. It's the kind of show you usually put on naked upstairs in your bedroom with the curtains open and the lights on. Everybody in the neighborhood knows about those shows, Mom, and plenty of people watch them. The boys across the street, Greg and Eric Stone, see you naked up there in your bedroom nearly every night."

"Good for Greg and Eric," Anna cooed. "And what's wrong with you, lover? Tempted by what you see?"

She pulled her nightgown farther open, leaving her immense tits naked, totally exposed to her son's gaze. He did not look away. She felt her nipples and clit stiffening, her tits and cunt heating up.

"You slut!" he cried, but he was staring at her pussy hair and her huge tits as if he couldn't see anything else. "You go out with men all the time and stay out real late! Sometimes you even bring men home, and I know what you do with them. My bedroom's just down the hall from yours, so I hear a lot of moans and grunts. Shoot, Brian and Doreen hear some of them, and their bedrooms are downstairs. Dad was right. You're nothing but a whore!"

"That's me, doll. I'm a slut and proud of it," Anna said, using one hand to squeeze her tits as he stared at them, then using her other hand to stroke her clit and cunt lips as he looked down at them. Juice was beginning to seep out of her cunt. She got some on a finger and sensually licked it off before sticking the finger deep up into her aching pussy. She saw a growing cock-bulge in the crotch of Troy's jeans.

She and her ex-husband, Jeff, the father of all three of her children, had gotten divorced a year ago. They had married when just teenagers themselves, and Anna was in her mid-thirties now. The first two years of the marriage had been good, but then Jeff had had an affair with a woman who worked in his office. Anna had found out about it, and she told him she thought an open marriage would be a good idea. Each of them would be able to fuck and suck with other people, or as a couple they could swing with other couples.

Jeff had found the idea repulsive. He had wanted Anna to be angry at him, to make him feel guilty, as the backward anti-sex religion his parents had taught him had made him feel. He had started going back to church, and had gradually become fanatical. He condemned her when she went braless or wore sexy clothes. He was angry when she got a job as a secretary. He said his wife's place was at home, and the only place for provocative displays of her voluptuous body was in the privacy of their bedroom. The situation became worse when he stopped eating her pussy, stopped fucking her up the ass, and stopped letting her suck his prick. Eventually, he had reached the point where he fucked her eager pussy only once every month or two.

He had taken the kids to church as often as possible.

"Your mother's a bad woman," he had told the kids over and over. "She's a remorseless sinner because she flaunts her body in public and disobeys me, her husband. She's probably a whore, too. I can't prove she's going to bed with other men, but any woman who acts like she does has to be a whore."

When Jeff finally walked out on her, he had tried to get custody of the kids, but since he never had caught her with another man, Anna had gotten custody.

She had only one problem - the kids themselves. Troy drove himself, Doreen and Brian to church every Sunday. They were sullen around Anna and often spouted religious slogans at her. They went out on dates but came home disgusted if their dates made a pass at them. The lovely Doreen always wore long skirts, loose blouses with high necklines, and a bra, hiding her wonderful figure as much as possible, especially her big luscious tits.

Anna didn't want her kids to remain the miserable, sex-hating creatures their neurotic father had turned them into. She had decided there was only one thing she could do about that.

"You're filth!" Troy blurted as she worked a finger up and down in her yearning cunt and kneaded her whopping tits. "You're going to hell, Mama!"

Anna laughed and started grinding her flaring hips softly in time to the sensuous jazz coming from the radio. She slipped her nightgown off, and as it fell to the ground, she watched the look in Troy's eyes intensify as he stared at her fantastic naked body. The cock-bulge in the crotch of his jeans surged into hardness and he tried to look casual as he covered it with a hand.

"Has it ever occurred to you that not all religions have been as shitty about sex as your father's religion is?" Anna asked as she began squeezing her tits again and working two fingers up and down in her wet pussy while she kept grinding

her hips.

"What?" he said, and looked up into her eyes for a moment before returning his gaze to her giant tits and the fingers sliding in and out of her sultry cunt. He had seemed surprised by what she had just said.

"That's right, lover," she crooned, pinching her turgid nipples and forcing a third finger up into her pussy. Lowering her head, she lifted her tits one at a time and bit her nipples lightly and felt them swell even more. She worked three fingers up and down in her cunt faster. She was really getting juicy, and she was enjoying herself. In a throaty voice, she said: "In ancient times, doll, fucking was often part of religion, especially when people were worshipping goddesses of love and fertility. Sometimes they fucked right in the temples. Sometimes they fucked in sacred groves. There was lots of wild dancing, and maybe some of their groves were a bit like this little grove here."

She was squeezing her luxurious tits again, and she began putting a few lascivious thrusts in with the grindings of her hips. Juice was oozing out of her fiery cunt and down her hand as she kept pumping the three fingers up and down inside herself. Troy was staring at her as if he were hypnotized, and Anna was almost surprised when he spoke.

"You're kidding," he croaked. "People.. . actually did that ... in their religion?"

She thought she saw him rubbing his hard cock through his jeans.

"You can believe it, doll," she said as her lust grew. "I think worshipping a goddess of love and fertility is a good idea."

He nodded slowly, and, still doing bumps and grinds with her hips, Anna moved toward him. Taking his head in her hands, she pulled it to her loins and

rubbed her pussy in his face. She thrilled as his lips touched her pussy lips, and a jolt of lewd electricity tore through her splendid body as her son's tongue darted into her sweltering cunt.

"Yes, baby!" she cried. "Eat me! Eat your mama's hot pussy!"

"Aaawnhhh!" he groaned, and he latched onto her lush ass with his hands and jabbed his tongue deeper into her cunt. She used both her hands on her tits now, rubbing her heavy tits against each other, crushing them against each other as her passion drove her on.

Troy swirled his tongue around and around in her sweet pussy as he reeled the lively tongue out of her and shot it back in. Her clit was erect and his upper lip was pushing on it repeatedly, sending her pleasure soaring.

"Uuunngh!" she grunted. "Yesss, honey! Oooh, great goddess, what you're doing to your hot mama!"

More juice was seeping out of her cunt walls, making it easier for Troy's tongue to rush up and down inside her. He was squeezing her round asscheeks rhythmically, curling his fingers deep into the firm warm flesh. He seemed to be trying to pull her closer and closer, as if he wanted to bury his whole head in her wet pussy.

She looked down at his head, but the lower part of it was so far between her thighs that she could not see his lips or tongue at all. She could only feel them, the lips pressing against her clit and pussy lips and twisting around excitingly, the tongue slithering up and down in her burning cunt, spinning and somehow driving farther and farther up into her.

"Ooooh! Aaahhh! Wonderful! You're tearing me up, baby!" she moaned.

Her head rolled back and she stared blankly up as her joy kept surging higher. Her son feverishly ate her white-hot pussy. She exploded with a tumultuous orgasm then, the powerful contractions shaking her and launching both her body and her soul into ecstasy.

"Aaaiiieee!" she howled. "I'm cumming, Troy! Yesss, lover, you're making your whore of a mama cum! Ahhh, aaah, oooohhhh!"

She could even feel it in her toes as the contractions kept slamming through her wanton cunt. Her orgasm went on and on as Troy's lips and tongue kept thrilling her clit and pussy and her hands squeezed and wrenched her huge tits. But when the last contraction finally pounded through her, she wanted her son's prick in her.

Pushing his head back, she hissed: "It's time to fuck, hot stuff!"

"Yes, Mama, yes!" he panted. "I want to do it to you!"

Anna dropped to her knees beside him and unfastened his jeans before practically ripping them and his undershorts down to his knees. His immense prick was iron-hard and was sticking straight up, jerking with the pulse of his blood. She grabbed his cock and she tingled all over as she felt it throbbing in her hand. Then she swung a leg over him, straddling him on her knees, and stuffed his bulging cockhead into her dripping pussy.

"Yesss!" she gasped happily, and with a fierce lunge downward, she completely impaled her searing cunt on his prick. "Uuunghhh! Oooh, my darling son, what a cock you've got! It's splitting me open, and I love it!"

"Aaawww! My God, I'm a motherfucker now!" Troy cried. "I'm a motherfucker

and it's sensational! My prick feels terrific in your hot pussy, Mama!"

Anna's colossal tits were just inches from his face. He grasped her tits and squeezed them deeply before pulling one of them to his lips. He kissed the big engorged nipple and started sucking it eagerly.

"Ahhh, good, honey, that's it! Suck your mama's big old tits!" Anna breathed.

She still had her cunt all the way down on his stupendous cock, and she began wiggling her hips softly, rubbing her taut clit back and forth against him, pushing more pleasure through her overripe body. She began clamping her cunt powerfully around Troy's huge prick time after time.

"Uuunnnh, Mama, what're you doing to my prick?" Troy groaned. "That's unbelievable!"

"Oooh, it feels great to me, too, lover!" Anna purred. "I'm snapping my pussy around you. You've never had your cock inside a snapping pussy before, have you?"

"No," he said. "I've heard of snapping pussies, though. So this is what one feels like! I love it, Mama! Oh, yesss!"

He sank his fingers deep into her fleshy tits every time she clenched his prick with her pussy. He lashed one of her bloated nipples with his hot tongue, heightening her lewd excitement, then stuffed as much of a tit as he could into his mouth and started sucking on it vigorously.

"I bet my pussy's the first cunt you've ever had your prick in," Anna cooed, still clamping her juicy pussy around him over and over and wiggling her broad hips

from side to side.

"Yeah, the first one," Troy answered in a muffled voice around her tit.

"It's not likely to be the last," Anna said.

Flashing him an obscene smile, she started moving slowly up and down and grinding her hips at the same time. She snapped her hungry cunt around his enormous prick every time she sat all the way down on him, and she paused then to give her hips an extra grind or two to massage her swollen clit against him. He hung onto her tits greedily and kept squeezing them, sucking one tit while he rubbed the other against his cheek. But the way he held onto her tits meant that she stretched them every time she moved upward to slide her clinging pussy up his rigid prick. The stretching of her great tits gave her an extra sensation of pleasure, making her excitement grow faster.

"Aaahhh, I love having my son's cock inside me!" she moaned. "I love having him suck my tits while we fuck!"

Troy moaned around the chunk of tit stuffed into his mouth. He chewed softly on the fat tit, and prodded it with his tongue again and again. Pulling that tit out of his mouth, he crammed all he could hold of her other tit into his mouth and began sucking it while he kept kneading both tits.

Anna knew she was going to cum again. It would be the first orgasm she had ever had with one of her sons' cocks up her cunt, and she wanted it to be overwhelming. She wanted to build up to it gradually so that her anticipation would make the orgasm even sweeter. She kept working her snug pussy up and down Troy's long prick and simultaneously revolving her hips, literally screwing her cunt up and down his cock.

She savored every sensation - the thickness of his cock each time she slowly sat down on it and felt it forcing the walls of her pussy wider, the tremendous length of him each time she'd totally skewered her cunt on him, the delight in her distended clit whenever she brushed it against him, the feel of his hands and lips and tongue and teeth on her awesome tits. There was also the sensation of her own power every time she snapped her searing pussy around his hard prick, and she ran her hands up under his shirt and rubbed his lean belly and well-muscled chest.

The orgasm kept getting closer and she craved to pound her pussy wildly on his prick but forced herself to keep moving slowly, drawing out the anticipation as long as she could. But then she couldn't control herself anymore and she gave his cock the fiercest snap of her pussy yet and clenched his chest muscles frantically with her hands. Then she relaxed her cunt but hung onto his chest muscles as she started rushing her body up and down, churning her oven-hot cunt up and down in violent spirals on his throbbing cock.

"Aaaiieeee, yessss!" she squealed. "I'm gonna cum, honey! Bit my tits! Tear 'em off my fucking body while my cunt tears your prick off your body! Ah, aaahhh, that's it, baby!"

Troy dug his fingers farther into her massive tits and yanked hard on them. He was still sucking and chewing lightly on one of her tits, but now he sank his teeth in deep and worked his lower jaw from side to side, sawing his lower teeth back and forth in her soft sensitive tit-flesh. Anna's orgasm erupted and she impaled her cunt on his prick and swung her hips insanely as her pussy convulsed.

"Aaannnnhhh! I'm there!" she wailed. "I'm gettin' off with my own son's cock up my cunt! Ooohhh!"

She sobbed rapturously with every furious contraction of her overheated pussy. She flung her hips backward and forward, from side to side, around and around, reveling in the forbidden ecstasy of orgasm during incest with one of her own sons. She was also rubbing her turgid clit against him madly, keeping the

pleasure roll- ing through her. Another orgasm began jarring her almost as soon as the first one was over and she whimpered and moaned and howled as her pussy jerked.

At last she started moving up and down again, sliding her twitching cunt quickly straight up Troy's immense prick until only a couple of inches of it was still inside her, then plunging down again to fill her pussy with him passionately. Then she rapidly ground her hips a few times before charging upward again so that she could come back down and spike herself on him once more.

"Aaawww! Goddamn, Mama!" Troy ranted as he yanked her tit out of his mouth. "You're about to feel my cum in your pussy! Yeah, I'm gonna shoot off in my own mother's red-hot cunt! Oooh, sheeit!"

She felt his prick heaving then and she yelped gleefully as he bit into one of her mammoth tits again and sucked on it as if he expected to receive desperately needed milk. His blistering jism started fountaining into her flaming cunt and the feel of her son's cum belting into her shoved her pleasure to a new peak and set off another orgasm of her own.

"Aaaiiii! Your mama's cumming with you, honey! You're gettin' me off again!" Anna babbled as the contractions blasted through her. She rode up and down his prick with her pussy even after his juice stopped squirting into her. She kept going until her cunt stopped twitching and she felt his cock beginning to wilt.

Chapter Two

But she wasn't finished with him yet. Slipping her cunt off his prick, she swung off him and knelt beside him and wrapped her thumb and forefinger around the base of his cock. She wrapped her full lips around his cock and let them slide down until they met her thumb and forefinger. Virtually his entire prick was inside her then, with his cockhead in her throat, and she started sucking on him

ravenously.

He got hold of her fat tits again and started squeezing them while he pressed them against each other. Anna wiggled her tongue around against his prick as she sucked him, and she tasted his cum and her own pussy juice. She felt his cock growing again as lust made more blood flow into it. His cockhead was in the top of her throat, but as his prick swelled, its head went deeper and deeper. She felt as if some sensuous snake were growing inside her and crawling down her throat. When his prick was rock-hard again, the head was at the bottom of her throat and she blew hot air all over his whole cock.

"Ooooh, yeah, Mama, blow my big cock!" Troy moaned. He started pulling her tits downward every time he kneaded them, and Anna moaned in response.

She began working her head slowly up and down, sliding her clinging lips all the way to the tip of Troy's cockhead and back down to the base of his shaft. Her tongue slithered around on him constantly, and occasionally she paused to swallow bits of the mixture of son-jism and pussy juice that had coated his prick during their fucking and cumming.

"Mmmmm! Unnnhhh!" she groaned as her passion mounted.

She sucked on him avidly as she dragged her lips up his cock, and as she slid them down it again she twisted them around on his stiffened flesh. When she'd swallowed all of his cum and her cunt juice that had been on his prick, his cock was still slick, only now with her warm saliva. Gradually, she picked up the pace of her head movements, but her lips kept covering the entire length of his great prick every time she went up or down.

"Ahhhh, God, it's so good I can't stand it, Mama!" Troy rasped, twisting her huge tits back and forth and pulling them downward as he rubbed them against each other.

Anna whimpered jealously and slashed at his prick with side-to-side motions of her hot tongue while she kept sliding her lips up and down. Half an hour ago she had never yet committed incest at all, but now this was the second hole she'd had one of her sons' pricks in. Anna felt that she was more of a whore now than ever, and the feeling thrilled her.

She started pausing each time her lips reached his cockhead, and she drummed her tongue on the purple, helmet-like head of his prick, then teased his cockhead with her teeth before enclosing his shaft again with her moist lips and pushing her head back down. Sometimes she slid her lips halfway down his shaft before dragging them slickly back up to his prickhead, but sometimes she pushed them all the way down him, taking his cockhead into the bottom of her throat again.

Her tongue slapped his cock, poked at it, writhed around on it. Her lips, too, writhed around on his prick as she slid them down it, and she kept sucking eagerly on him as she pulled her lips upward.

Anna speeded up the motions of her head again but kept pausing when her lips came up to his cockhead so that she could beat her tongue on it and skate her teeth on it. Troy pulled and wrenched her tits wildly. Her cunt yearned for another fuck, but she wanted to feel his juice splashing into her mouth and throat first.

She sucked his cock harder and the writhings of her lips and tongue grew more feverish. Her mouth was getting hotter, as were her tits and her cunt.

"Aawwnnhh, Jeeesus, suck my cock, Mom!" Troy crowed. His body began to writhe as much as her lips and tongue were writhing around on his prick, and he jerked with greater fury on her stupendous tits. "I'm gonna unload! Yeah, drink my hot juice!"

Anna moaned with lewd triumph as she felt his cock bucking around between her lips and in her mouth and throat. Her sucking became more intense, and her gorgeous blonde head moved swiftly up and down as his scalding cum began spurting into her. Then she plunged her head all the way down on him and stayed there, letting the rest of his creamy jism shoot into the very top of her chest. She almost choked, but she loved every heave of his prick and every liquid leap of his hot cum.

When every bit of his juice was in her belly, she slowly dragged her lips back up his cock and lashed him with her tongue on the way. As she pulled her lips off him and sat up straight, she gripped his prick fiercely with one hand, trying to keep him hard.

"Ahhhhh," she sighed. "Delicious!" "That was incredible, Mom," said Troy. "I - I'm really glad you got me to do this." He still had hold of her huge tits, and he squeezed them gently.

"So am I, lover," she purred, working her hand up and down his stiff cock. "And if this prick of yours stays hard long enough, we're going to do some more of it. Let go of my tits for a minute. As soon as I'm ready, I want you to stick your cock up my cunt again, and after we get going, you can get your hands back on these great big tits."

"Tremendous!" Troy answered, releasing her tits.

Quickly, Anna turned away from him and went to her hands and knees. She moved out into the middle of the grove.

"Come and get it, baby!" she hissed, looking back over her shoulder at him and now using her loin muscles to open her cunt invitingly and then snap it shut, again and again. "Come fuck your mother's hot pussy again and again. Fuck me

tike a dog!

"Hell, yes!" Troy gurgled, and he came scrambling to her on her knees. She grinned obscenely as he emerged into the moonlight and she saw that his great prick was still hard. He fitted his cockhead into the opening of her gaping cunt and took hold of her hips.

Troy grunted and started shoving his prick into Anna's sopping cunt. He shoved it in slowly. Anna's delight rose as his prick moved deeper and deeper into her, and when he was completely inside her, she snapped her cunt around him and waggled her hips from side to side, making her pussy and his cock move from side to side as well.

"Ohhhhh, lover!" Anna moaned. "What a super prick you've got! How does it feel to be fucking your mama like a dog?"

"Awwww, it's terrific, Mama!" Troy gasped. "Unnnngghhh, what a squeeze you're giving my prick!"

"That's what a snapping pussy's for, lover!" she murmured, and she snapped her cunt at him over and over while she kept swinging her beautifully curved hips from side to side. He started pumping his cock slowly backward and forward, drawing everything but his cockhead out of her before pushing his whole prick back into her sweet pussy. Anna clenched him with her cunt often, stopping his cock's movement every time, but she held on for only a second, then relaxed her pussy again and let him slide his gigantic prick along inside her again. She began working her hips, pulling her cunt forward as he pulled his cock backward and sending her pussy back to meet him when he shoved himself forward once more.

"Ahhhhh! Now start grinding your hips, babe," Anna told him.

Troy obeyed, and her pleasure increased. The hip-grinding heightened the sensual friction between his prick and her sweltering pussy.

Anna started grinding her hips in the opposite direction to the way he was grinding his. That made the friction and pleasure rise even more, and both she and her son groaned with joy. Her monumental tits were hanging and swinging ponderously with her slow fuck-motions and she decided it was time for more pleasure there, too.

"Get those hands on my tits again now, honey," she ordered.

Troy slid his hands forward from her hips along her sides and down onto her tits. He placed his palms against her tits and stretched his young fingers as far as he could up onto her white tit-flesh. His palms were against her big pink nipples, and as he squeezed her tits, her nipples pressed into his palms delightfully. He squeezed her tits just as he began pushing his cock forward into her pussy, and the farther his prick went into her cunt, the deeper his fingers curled into her tits.

Anna's weighty tits were very sensitive, and between Troy's hands on her jugs and his prick in her cunt she was soon nearing orgasm again. "Aaeeee, yesss, my stud of a son! Give it to this bitchin heat!" she ranted. "Movethat cock a little faster, babe!"

She started moving her hips faster, and Troy kept pace with her. Both of them were still grinding their hips as they pumped, and Anna was still snapping her pussy around his prick two or three times on every wonderful stroke of his hard cock in and out of her blazing cunt.

"Oooohh, I'm there, baby, I'm there!" Anna wailed. Fabulous contractions kicked through her seething pussy, shaking her with overpowering pleasure. She

shuddered as the orgasm rocked her, and for a minute her hips went wild, sometimes pushing her erupting cunt at her son's prick with short rapid thrusts faster than he could keep up with, but at other times launching her pussy back in long hard thrusts to meet his advancing cock explosively.

"Yeah, Mama, romp like crazy with that fine pussy!" Troy whooped. He kept his fingers deep in her enormous tits, hanging on and jerking them around to try to give himself leverage to meet her wild uneven thrusts.

"Unnnngghh! Ooohhh!" Anna grunted with every convulsion of her boiling cunt. She shook her head violently, making her long blonde hair fly, and hurled her pussy back at her son's driving cock as long as her orgasm kept ripping through her.

When her cum was over, she slowed her hip motions and got them back into a rhythm. Troy settled into the rhythm with her, but it was a quicker rhythm than the one they'd been in before her orgasm. He squeezed her tits as he pushed his cock into her cunt and squeezed them again as he pulled himself most of the way out of her.

Anna was thinking that since he had already cum twice that night, this might turn out to be one hell of a long fuck. She could already feel another cum getting ready to burst loose inside her steaming pussy.

"Ooohhh, yeah, babe, fuck your mama!" she cried. "Fuck your mama!"

Chapter Three

Marie Stone was thinking that it was a beautiful Thursday night. She was taking a walk around the quiet suburban neighborhood she lived in. The moon was almost full on this warm night and big moons always made Marie feel

especially sensuous.

She and her two kids, Eric and Greg, had moved into the neighborhood six months ago, three months after her divorce from the boys' father. It would have been a great marriage, Marie reflected, if only Jason, her ex-husband, hadn't fucked so damned many other women. At least, that was what Marie was in the habit of telling herself. Deep down, she knew that the real reason Jason's love affairs had enraged her was that he had had the nerve to do what she had wanted to do.

Ever since hitting puberty, Marie had always had a deep yearning to be a slut- Her sex drive had always been intense and she had always craved to have a wide variety of cocks shoved into her hot cunt. Even after falling in love with Jason and marrying him while still a teenager, she had wanted other guys' cocks in her.

The truth was that in spite of all her wild cravings she had still been a virgin until Jason fucked her for the first time five months before their marriage. Only one man besides Jason had ever fucked Marie in her whole life, and she thought that was a goddamn disgrace for a woman in her mid-thirties, particularly a woman as attractive as she was. She'd been told many times that she had a gorgeous face, and she definitely had one of the most voluptuous bodies a woman could ever want. She was slim in all the right places, but she had broad hips, a big round ass, and huge tits. Her skin was smooth and deeply tanned and she had long black hair, alluring dark eyes.

The one man besides Jason who had fucked her had been a guy she'd let pick her up, in a singles bar three months ago. The damned bastard hadn't wanted anything but a quick fuck. There'd been practically no foreplay, and the fuck had lasted all of two minutes. After shooting a nice load of cum into her hot tight pussy, he'd gotten up, tucked his prick back in his pants, and gone on his way, leaving Marie to lie there and jack herself off.

" Ooooh, I need a prick!" she whispered. " I need a prick in my cunt, in my

mouth, up my fucking ass!"

Even though she was walking down the street, she had to struggle to keep her hands away from her tits and pussy. Damn it, she wanted to run wild! She wanted to be like Anna Hill, that slut who lived across the street. Anna brought home a parade of men at all hours of the day and night. One of the windows of Anna's second-floor bedroom faced the street, and with the curtains open and the lights on Anna stripped naked in front of it nearly every night, whether there was a man with her or not. Anna's strip show usually went on sometime between eleven at night and two in the morning, and a surprising number of people walked up and down the street during those hours hoping to see it.

A small rock lay on the street's narrow shoulder, and in frustration Marie kicked it, then yelped with pain. She'd forgotten she was wearing a pair of rubber thong sandals, damned scanty protection for her tender feet. The only other two things she was wearing were similarly scanty - a strapless halter that left nearly half of her huge tits bare, and a pair of short tight shorts that left two inches of each of her luscious asscheeks hanging out.

At the moment she was walking down a street that ran parallel to the street she lived on, and abruptly she realized that if she cut across the yard she was in front of and headed toward her own street, the second yard she would cross would be the yard next to Anna Hill's yard. There was a high redwood fence around Anna's backyard, but if Marie stayed far enough away from it, she'd be able to look up at Anna's second-floor windows. Maybe Anna would put on a show at one of her side or rear windows tonight. Marie knew it was unlikely - the strip shows were always at a front window and it was a bit early for the nightly show anyhow - but she was desperate and she had a feeling that the more she saw Anna running wild, the more likely she would be to gain enough courage to run wild herself.

Stopping, she looked up and down the street and at all the front yards and nice houses. She saw no one, and quickly stepped into the yard she'd been in front of. She told herself to look casual but she couldn't stop herself from walking fast. Her hefty jugs bounced with every step, fighting her strapless halter and

forcing it down. As the fabric slipped, it rubbed her nipples and made them swell. She looked down and saw that the tops of her areolas were in sight. When she looked up again, she realized that she was in the backyard next to Anna Hill's.

Marie stopped under a tree. The moonlight was bright but under here she was in darkness. Looking up at Anna's second-floor rear and side windows, she saw that unfortunately they, too, were dark.

"Damn!" she hissed.

Then Marie Stone did something she had had no idea she was going to do. She jerked her halter down with all her strength. The catch in back gave way and she threw the garment down and grabbed her massive tits, curling her fingers deep into the naked flesh.

"Ahhhh, yes!" she moaned.

Almost before she knew it, she was swept away by a second impulse, and she kicked her sandals off and hustled out of her shorts. Standing there naked under the tree, she found herself feverishly squeezing and twisting and stretching her tits and pinching her big brown nipples with one hand and massaging her clit and cunt lips with the thumb of her other hand and using four fingers to finger-fuck her already juicy pussy.

"Yessss! Ooohh, yes, goddamn it!" she panted. "Ahhh, ooohhhh!"

She thought she was taking leave of her senses when she suddenly heard another moan from somewhere else.

She froze.

For half a minute of slowly passing seconds she heard nothing except the crickets.

Then she heard a hoot owl.

"Whooo?" it said. "Whoooooooo . . . whooooo?"

She relaxed. It had been only an owl.

She chuckled softly and started squeezing her tits and pinching her nipples again, and rubbing her engorged clit with her thumb and pumping the four fingers up and down in her cunt, stretching her hot cunt crazily.

Then she heard another moan, and this time she knew it wasn't an owl. It was a woman getting fucked.

And the woman was in Anna Hill's backyard.

Somewhere on the other side of that tall redwood fence that whore Anna Hill was getting fucked.

Marie pulled her fingers out of her cunt and ran to the fence. She began putting her eye to the tiny 'hairline cracks between boards, trying to see something on the other side.

She saw nothing, but now she could hear low rhythmic moans, the kind a woman makes when a hard cock is slapping home in her pussy at a regular pace.

Marie had to see them. Looking forward along the fence, she saw a hackberry tree fifty feet away. Some of the branches almost touched the fence, and one branch was low enough. She ran to it, grabbed that branch, and pulled herself up into the tree. Ignoring the little scrapes the tree's bark gave her smooth skin, she climbed higher and could soon see over the fence.

She saw Anna and the guy immediately. They were fucking like dogs. They were ninety feet away in the little grove in Anna's backyard but Marie could see them through a space between two of the trees. The moonlight was streaming down on them. Anna was on her hands and knees naked and the guy was kneeling behind her, his pants down to his knees, and he was steadily pumping his cock in and out of Anna's wanton cunt. He was fucking her with long strokes, pulling almost his whole prick out of her before driving every bit of it back into her pussy, and Marie realized that his prick was enormous. No doubt he was some wild stud Anna had picked up in a bar.

"Aaaiii, yesss, give it to my hot pussy, baby!" Anna squealed as she worked her hips to meet the stud's fuck-thrusts. "Your old whore of a mama is gonna cum again!"

Marie was so enthralled by the lewd spectacle that for a minute she didn't realize that Anna had spoken the word mama. Marie was sitting on a thick limb and she leaned back against the trunk and started kneading her own fleshy tits as she stared intensely at Anna and the stud fucking like wild animals. He was pulling Anna's great tits back and up, almost pressing them against her lean belly, every time he shoved his whipping prick into her juicy cunt, then swinging her tits forward and down as he drew his cock back. What a log of cock he had! Anna was obviously loving having it inside her. She was panting and moaning with pleasure as it stroked in and out of her pussy.

Then she realized that Anna had used the word mama. Your old whore of a mama is gonna cum again, she'd said.

Marie had hardly looked at the guy's face, and since he was sideways to her, she couldn't see it all. She'd been concentrating on his hands swinging Anna's tits around and on his cock fucking Anna's cunt, anyway. But now she looked at his face.

The idea of Anna getting fucked by one of her own sons excited her. Marie hoped it really was Troy or Brian punching out Anna's greedy pussy with his huge prick. Marie moved one of her hands down to her own cunt and for the second time that night began working four fingers in and out of it, stretching her pussy wildly. With her other hand she kept squeezing her sensitive tits. She was so hot she thought she was going to cum.

"Come on, baby! Be Troy or Brian!" Marie whispered. "Be fucking your own mama's filthy pussy with that great big cock you've got. Come on! Turn your head so I can see your face while you fuck that whore!"

Marie's nipples and clit got as stiff as they'd ever been as she lustfully watched the guy she hoped was one of Anna's own sons keep pounding his awesome cock into Anna's cunt. Anna and the stud looked as if they were revolving their hips as they fucked, and Marie knew that created more joy for them. She imagined revolving her own hips as a prick the size of this guy's stroked in and out of her sizzling pussy.

"Ahhh, unnn, awwnnhh!" Anna groaned. "Faster, damn it, ooohhh, faster! Yessss! Ohhh, yes, ram that sweet cock to me, lover!"

Then, as he and Anna began stepping up the pace of their fucking, the guy turned his head for just a second.

It was Troy!

"Ooooh, yesss, beautiful, Troy!" Marie whispered passionately. "Stick it to her! She's a whore! Stick it to your mama!"

Knowing that it was Troy over there fucking Anna gave Marie an extra rush of excitement that launched her into a jarring orgasm. As her pussy quaked, Marie had to bite her lip to keep from crying out in ecstasy. She twisted one of her tits dementedly and smacked her four fingers up into her flaming cunt wildly.

My God, she was seeing incest! She was watching a teen-aged boy fuck his own mother, and they were so bold that they were doing it in their backyard! It was the most thrilling thing Marie had ever seen and it was making the finger-fucking she was giving her own cunt more exciting than any fuck she had ever had with a cock. Her orgasm kept kicking through her pussy and torrents of juice rolled out of her. She jerked both of her immense tits downward, giving her pain that only added a fresh edge of intensity to her obscene pleasure. Then she jerked one of her heavy tits up to her mouth and jammed as much tit-flesh into it as she could.

"Unnnngghhh, aaahh, unnnngghhhh!" she grunted insanely, and she started squirming delightedly. Marie was no longer conscious of where she was. She knew only that she was having a tremendous orgasm while she watched Troy Hill fuck his own mother as if she were a bitch in heat.

When Marie's orgasm finally faded out, she realized she was lucky that she hadn't fallen out of the tree. But she had no time to worry about what could've happened. Troy was drilling his enormous prick into Anna's obviously eager pussy at top speed now, and his whore of a mother was driving her cunt back to be impaled by his every thrust.

"Aaaiiieee, I'm making it again, my mother-fucking son!" Anna ranted.

"And this time I'm making it with you, slutty Mama!" Troy crowed.

Marie moaned frenziedly and tore at her tits and violently twisted her four fingers back and forth as she pistoned them up and down in her fiery pussy. She could almost feel Troy's scorching jism shooting into her cunt, and the knowledge that his cum was at that moment actually shooting into his own mother's voracious cunt was enough to shove Marie into another orgasm of her own.

"Ahhhh, yes, yes, yyeess!" Marie whimpered as she kept tearing at her tits and frantically finger-fucking her cunt. She writhed with every contraction of her pussy, but she gazed fixedly at Anna's and Troy's fucking bodies until their fuck-motions stopped and Troy pulled his prick out of Anna's cunt.

Marie's own orgasm was over by then but she watched disappointedly as Anna picked up a white nightgown and walked back into the house with Troy.

Chapter Four

Marie wanted to see more. She wanted to yell at them to come back outside and fuck some more where she could watch.

Suddenly she knew not only what she wanted but also what she needed, and she intended to have it. As she scrambled down out of the tree, she was in such a hurry that she almost fell. She dashed back to the first tree she had stopped under and hurriedly put on her shorts and sandals. Picking up her torn halter, she held its cups against her massive tits with her forearm as she dashed out of the backyard. She crossed the street at angle and strode across her own front yard and up her front steps to her front door.

She knocked on the front door loudly and her son Greg, opened it almost immediately. As expected, he'd been watching TV in the living room, just as he had been when she left. Her older son, Eric, was at one of his buddies' houses and likely wouldn't be home for two or three hours yet. Marie stepped inside and closed the door and was glad to see that Greg was staring at her halter and her tits.

"Mom, what happened to your top?" he asked.

"I happened to my top, lover," Marie whispered. "Do you think I look as good as Anna Hill does? Do you think my tits are as big?"

She threw her halter aside then, letting her son gaze in shock at her tremendous naked tits.

"Mom!" he gasped, but Marie's only answer was to hurl herself at him. They tumbled to the soft carpet and Marie French-kissed him deliriously and clawed at his shirt and jeans. Her passion strengthened her magnificent body and Greg was too stunned to resist. She ripped his shirt open and undid his jeans and got them and his shorts down to his thighs and grasped his naked prick. It thrilled her to find that his cock was big and already hard. It wasn't as long as Troy's log of a cock, but she thought it was just as thick.

Pulling her mouth away from his, she twisted quickly and wrapped her burning lips around his prick just under the head. She had part of her son's cock in her now! She moaned insanely, and kept moaning as she whipped her hot tongue back and forth across his cockhead.

"Mom! Mom, we can't!" Greg yelled.

"The hell we can't!" Marie hissed, raising her head. "We can and we're going to! Shit, we already are!"

Her head went down again and her full moist lips slid down her son's turgid prick until they touched the thumb and forefinger she had around the bottom of his shaft to hold it steady. His cockhead was in her throat then, about halfway down it, and she tingled as she realized she'd never had a cockhead in her throat before. She'd had no trouble at all practically swallowing Greg's big dick, though.

She grunted as an obscene happiness raced through her body. She started sucking his prick furiously and pumping her head swiftly up and down. Her lips clung to his stiff cock, and when she went up, she stopped with them just under his cockhead. Then she lashed his cockhead with her tongue a few times before plunging her head back down until her lips touched her thumb and forefinger again.

With her other hand she dragged her shorts down off her hips and down her thighs. In a few more seconds she had the shorts and her sandals off and was gloriously naked again. She soon felt juice from her lustful cunt trickling down her thighs as she kept sliding her lips up and down Greg's throbbing cock, and she started rubbing her clit and pussy lips with her avid fingers.

"Squeeze my tits, lover!" she growled, raising her head off his prick for a moment. "Grab 'em and just squeeze the living shit out of 'em!"

"Awwwhhh!" her son groaned as her lips enveloped his cockhead and her tongue darted at it like a machine gun. "Oooohhh! Oh, yesss, Mama! Awwww, I can't believe this but it's fantastic! Yes, I've gotta grab your big tits! And keep sucking my prick!"

She was sucking him fervently and moving her lips up and down the whole

length of his prick again as he took hold of her tits. For several seconds he rubbed her tits lightly, even shyly, but then his fingers squeezed her tits and began wriggling around crazily in the soft flesh.

Marie whined around his thick cock. As she kept sucking him and slipping her lips up and down him, she shoved four fingers into her cunt again and began moving them in and out of herself. Her excitement climbed higher, and when some of Greg's wriggling fingers made their way down to her big swollen nipples and started raking back and forth across them, a terrific orgasm began blasting through her shapely body.

"Unnnnnh! I'm cumming!" she cried in a muffled wail around his prick. "Mmmm, mmmm, aaannh!"

"Jesus fucking Christ!" Greg croaked in amazement. "I still don't believe this shit! My own mother is sucking my cock and finger-fucking her own pussy while I've got her great big tits in my hands, and now she's cumming, by God! All fucking riiight!"

Greg smashed her tits against each other and kept raking her taut nipples with his fingers. Marie moaned joyously as her pussy twitched with her powerful orgasm, and she flailed Greg's generous cock with her tongue as she sucked him and slid her lips along on his prick. She was having an orgasm with one of her own sons' cocks in her mouth and throat, and for the first time in her life, she felt that she had truly become a whore.

When the orgasm was over, she pulled her head up and flicked his cockhead with her hot tongue as she spoke. "Let go of my jugs now, stud! It's time for you to eat mother's pussy! You and your whore of a mommy are gonna sixty-nine, lover!"

"Great, I love to eat pussy!" Greg raved. "And I bet your pussy'll be the

sweetest one I've ever eaten, Mom!"

He gave her tits a last, deep squeeze before releasing them, and Marie pulled her fingers out of her cunt. She had his prick in her mouth again. She straddled his head on her knees. Her overdeveloped tits were crushed against his trim belly, her engorged nipples poking at his flesh, and when she felt him part her cunt lips with his fingers and dart his tongue at her erect clit, she knew he hadn't been making an empty boast when he let her know he'd eaten pussy before.

"Aaaahhh, ooohhh, baby! Yeah, lick your mama's clit!" she sobbed. "Suck your mama's hot cunt, you son of a whore!"

She plunged her head down all the way, taking every hard inch of his big cock into her mouth and throat again, and started sucking on him as if she wanted to suck his whole body into hers.

Greg started giving her overjoyed clit long slow licks with the flat of his tongue. It nearly drove her crazy. She thought she was going to cum again. She did cum when he stopped the licking and pressed his lips against her juice-drenched pussy lips and began sucking furiously. Even up inside her, her cunt walls could feel the sucking, and an orgasm broke loose inside her like a storm.

Marie moaned around his cock. She still had his whole prick inside her and she sucked on it even harder. When she paused for breath, she made her tongue crawl all over him like a mad serpent. When Greg paused for breath, he sent his tongue snaking into her tight wet pussy and she could feel her cumming cunt twitching against it. When he reeled his tongue out of her and started sucking again, she shuddered with fresh pleasure.

He was sucking her clit at the same time he sucked her pussy, giving her double joy, and she began having another orgasm almost as soon as that one was over. She yearned to wiggle wildly, and she had to fight to keep her hips

from moving because she didn't want to move her clit and cunt away from his lips and tongue. But she wiggled her body above the waist and rubbed her colossal tits against his belly.

Once more she started working her head up and down, dragging her lush lips up him slowly, then twisting them around on his shaft just under his cockhead while she jabbed his cock-head with her tongue, then sliding her lips down him fast, taking his cock into her mouth and throat so quickly that she felt she was about to swallow him whole. Then she sucked ravenously before dragging her lips up his prick again.

"That feels great, Mom! Aaaaww!" Greg groaned.

She felt him push two fingers deep into her sultry cunt and began working them back and forth. He wiggled the fingers and twisted them and bent them, giving his mother a delicious assortment of thrills.

She beat on his cockhead with her tongue, then plunged her lips down to the bottom of his shaft again, and he started whipping his tongue back and forth across her ecstatic clit. She squealed with joy, then squealed more loudly as a new orgasm tore through her. Her cunt was convulsing against his hotly moving fingers this time, and more juice rolled out of her cunt walls to drench his fingers.

"Gumming!" she whimpered around his prick. She felt his cock start bucking and knew that he was going to cum, too.

"God, Mama, I'm gonna shoot off!" he yelled. "Are you gonna drink my juice?"

Marie's only answer was to pumn her head up and down on his prick at top speed and to suck on him like a vacuum cleaner. She grunted hysterically as his scalding cum jetted into her mouth and throat. Her own son was having an

orgasm inside her! It was the most exciting thing that had ever happened to her, and it was even more exciting because she was cumming herself, cumming because of what his fingers and tongue were doing to her stiff clit and her fiery pussy.

As soon as Marie had all his jism inside her, she let his prick out of her, pulled away from his tongue and fingers, and whirled around. His cock was still hard, and straddling his loins on her knees, she stuffed his bloated purple cock-head into her dripping cunt and sat down on him all the way. With his whole prick in her, she snapped her pussy around him and wiggled her hips.

Greg gasped, reaching up and taking hold of her fat tits. "I don't believe this, either! My cock's up my mama's cunt now and she's got a snapping pussy! Hot almighty damn!"

Marie gave him a proud and licentious smile. Opening her mouth wide, she let him see his cum inside her. Then she closed her mouth and gulped his juice down into her belly. When she opened her mouth again, his mouth opened as wide as hers and he squeezed her tits fiercely.

"Hell fucking yes!" he whooped. "You swallowed my cum, Mom! Fantastic!"

"Yes, and I loved it," Marie whispered, "especially since I've still got my happy old cunt clamped around your cock! I want this prick to stay hard, baby!"

She gave him the licentious smile again, wiggled her hips a few more times, and let the pussy pressure off him, only to begin snapping her cunt around him again, with short strong clenches of her inner muscles.

He yelped, and wrenched her incredibly full tits every time she clamped her pussy around his prick.

When she was sure his cock was going to stay erect, she purred, "Now raise your head a little, lover, and watch my cunt slide up and down this big cock of yours! Watch yourself being a motherfucker!"

He raised his head and squeezed her heavy tits as Marie, wiggling her broad hips again, slowly slid her torrid pussy up his turgid prick. Her swollen pussy lips extended down his cock, clinging to him silkily. Marie was looking down between the deep cleavage created by her tits and watching the lascivious sight and getting even hotter. Greg's prick was glistening with the abundant juice of her cunt, and seeing his thick cock come into view as she dragged her pussy sensually up it was igniting new fires of lust inside her rich body.

She finished dragging her pussy delightfully up her son's cock until only an inch of him was left inside her. Reaching down with one hand, she trapped her distended clit between two fingers and began massaging it lightly, making her joy climb.

"Now pull me back down!" she hissed. "Haul on my great big tits and pull me down so that my cunt swallows your prick again! But make it slow, lover, and keep watching!"

"Awwww, my mama's got a wild mind!" Greg crowed, and grinned wickedly as he started pulling Marie's gigantic tits downward. Bit by bit her slick pussy slid down his sizeable cock. "Goddamn, this is super!"

"Ooooh, yeah!" Marie moaned. "Unngghhh!"

She was still watching, too, her eyes taking in the distorted shapes of her huge tits with his hands sunk into them, the tension in his bulging arm muscles, and his hard cock as it slowly vanished into her descending cunt. She could feel her cunt coming down around him and being forced farther open, and she could feel

a pleasant ache in her tits and a hot and growing pleasure coming from the rubbing her fingers were giving her engorged clit.

Most of the swollen flesh of her cunt lips was pushed up inside her now, giving her and Greg a better view as her pussy slid down his prick. As he finished pulling her all the way down on him, Marie took her fingers away from her clit and let her straining joy-knob be pressed down against his lower belly, right in his cock hair. Then she wiggled her hips lustily, massaging her clit against him, and she felt herself surging toward another orgasm.

"All riiight, those beautiful hips of yours are going wild, Mom!" Greg cheered. He was still holding her overripe tits stretched downward, and he began rubbing them against each other, adding to her pleasure.

"My beautiful hips aren't all that's going wild!" Marie squealed as the contractions started punching through her. "My beautiful pussy's going wild, too! I'm gettin' off again, baby! I'm cumming with my motherfucking son's prick filling my red-hot cunt! Ahhh, ahhh, aaaieeee!"

Her hips seemed to take on a life of their own, still wiggling hotly but also doing marvelously vulgar bumps and grinds at high speed. She was moaning loudly and Greg caught her frenzy. He started pumping her mountainous tits up and down, pushing one upward while yanking the other downward.

"Ohhh, honey, tear me up!" Marie groaned. She was still cumming when she began moving her body up and down. After drawing her furnace-hot cunt halfway up his stiff prick, she would shove herself back down and spike her pussy on him again. But as she made her up-and-down motions, she also twisted her hips vigorously, putting extra action on her rapacious cunt.

Greg started working his lean hips then, thrusting his large prick up to meet his mother's pussy every time she drove her body downward.

"Aaahhh, fuck your mama, fuck your mama!" Marie babbled. Another orgasm began pounding through her lush body and she grabbed her tits and squeezed them rapturously while Greg kept pushing them and pulling them. "I'm there again, doll! Unnnnh, ooooh, oohhh!"

Juice was flooding out of her cunt and forming a growing pool on Greg's lower belly, leaving his cock hairs sopping. Marie's hips gyrated lewdly as her son kept impaling her sweltering pussy on his hard prick. The gyrations continued even after her orgasm was over, but she slowed down because she did not want this first fuck with him to end too soon.

Her slow movements were tremendously lewd and tremendously pleasure-giving. Her hips revolved in small circles and large circles, then swung slowly from side to side or forward and backward, constantly changing the sensations as she slid her tight cunt along on his cock. Meanwhile she rubbed her mammoth tits and teased and pinched her big nipples. Each time Greg skewered her juicy pussy on his pulsing prick, she snapped her pussy around him and ground her hips or wiggled them warmly and massaged her turgid clit against him.

"Ooooh, sweet cock, baby! I love your sweet cock!" she moaned.

"And I love your sweet pussy, Mama!" Greg crooned. He was still pumping her tits up and down and driving his cock up into Marie's steaming cunt.

A new set of contractions started churning through her pussy, and she whined with delight but kept her motions slow and luxurious. The unhurried sweeps of her hips continued to go this way and that and to keep the joy flowing through her body. Orgasm after orgasm danced through her and she exulted in the feel of her boiling pussy twitching against her son's bulging prick.

Greg began shoving his prick up into Marie's seething cunt harder and faster,

and Marie kept pace with him.

"Am I as big a whore as Anna Hill?" she screamed.

"Yyyeess, Mama!" Greg shouted. "You're as big a whore as Anna Hill and your tits are just as big!"

His impassioned words helped spur Marie into the longest and most intense orgasm she'd had yet, and she rode up and down his big cock so fast that she seemed to be trying frantically to split herself open on him. She whimpered and grunted as her pussy quaked and his prick banged up into her.

"Aaannhhh, my balls are gonna let go!" Greg bellowed as Ms cock started heaving. "Aaaawww, yeah, my fucking juice is shooting into a whore's cunt!"

Marie felt his blistering jism gushing into her sizzling pussy and she was still cumming herself. "Aaaggghhh! Aaaiiii!" she shrieked, and she battered herself on his prick as long as his juice kept spurting.

Chapter Five

Anna Hill felt wonderful when she woke the next morning. Since the bedrooms of her two younger children, Doreen and Brian, were downstairs, she and Troy had spent the night together in her bedroom upstairs. Troy had fucked her hot cunt two more times and had spent an hour sucking her huge tits and eating her pussy.

Anna had another reason for feeling great today. She didn't have to go to work. She was in the first week of her two-week vacation. Today, if she got the chance, she was going to seduce Brian. She also wanted to do something about

getting Doreen fucked sometime, but that would have to wait. Anna knew plenty about seducing men and boys if they were at all susceptible, but she had no idea of how to seduce a young girl.

Brian was a husky boy, medium height and good-looking. Since Anna had never seen him naked, she didn't know how big his prick was, but she didn't care. All that mattered was whether or not she could make it get hard and get him to stick it into her.

Her chance came about two o'clock that afternoon. Doreen had strolled over to the house of her best friend, a girl her own age who lived three blocks away. Doreen spent a lot of time over there, especially when Anna was at home prancing around in revealing clothes. Today Anna was wearing a tube top that was four sizes too small for her, leaving her massive tits exposed down to just above her nipples, and leaving her trim belly naked from just below her tits down to the top of the cut-offs that were molded like latex to her shapely hips and ass. In front several strands of her pussy hair showed over the top of the cut-offs, and in back a generous amount of her beautiful asscheeks stuck out below the bottom.

Anna told Troy what she intended to do with Brian, and Troy gave her a shit-eating grin.

"Fantastic," Troy muttered. "I bet Brian's still a virgin like I was before last night. Can I help?"

"Sure, but not right away," Anna said.

After telling Troy what she wanted him to do, she went to Brian's room. Brian was lying on his bed, listening to a tape. It was playing sad music.

"You always listen to sad music, don't you, doll?" Anna said from the doorway. "Okay if I come in?"

"I guess so. It's your house," Brian said sulkily. His eyes swept her up and down, and he looked disgusted.

Anna entered the room and closed the door. He looked away from her. She eyed his muscular arms, and the bulges of the bunched muscles of his chest under his buttoned shirt.

"Looks like you've been hitting those pretty hard," she said, pointing to the set of weights and the bench-press in a corner of the room. "Your muscles are really big now. You must not hate the human body as much as you pretend to."

"It's okay to be strong," Brian sneered. "It's just not okay to be sexy, especially when you flaunt it the way you do, Mama. You're an embarrassment to all decent people!"

"I've got interesting news for you, doll," she said. "To me strength and big muscles are very sexy, and a lot of other women feel the same way. And as for me being an embarrassment to all decent people, there was a time when a religion as silly and sex-hating as your father's would've been an embarrassment to all decent people."

Then she told him what she'd told Troy last night about the role of sex in some ancient religions. Brian's look of amazement grew. She saw a look of doubt on his face and knew the doubt was over the religious absurdities his father had taught him. His gaze dropped to her huge half-naked tits, and from there traveled down her belly to the pussy hairs curling out over the top of her cut-offs, and on down to where the cut-offs were creased into the slit of her hungry cunt.

"I've always wondered what that wild dancing they did in ancient times was like," Anna purred as her heart pounded and the excitement of what was beginning to happen. "I figure it must've gone something like this."

Slowly and seductively, she started working her flaring hips from side to side.

"They would've gone easy at first," she whispered as she moved over to his tape player. "They would've wanted to take their time in building up to the climax!"

Reaching behind her, she grasped a tape that she had wedged partway into a back pocket of her tight cut-offs before coming to Brian's room. She put that tape into the tape player, slowly working her hips all the while. The music started, only a slow but insistent drumbeat at first, but then a saxophone joined in, then a trumpet, then a guitar.

As she gently but sensuously swung her lush hips from side to side, she glided back to the side of his bed. She began running her hands lightly up and down her bare sides between her hips and the bottoms of her tube top, and Brian shifted uneasily on the bed as his look followed the motions of her hands and hips.

The pace of the music began gradually to build, and Anna slid her hands up onto her tube top and started grinding her hips to the music's beat. Through the tube top, she rubbed the lower halves of her enormous tits.

"Ooooh, baby!"

Brian gasped and sat up in bed and crossed his legs. A bulge was rising in the crotch of his jeans, and he covered it with a forearm. He was staring at Anna intensely, his mouth hanging open, a look of both fear and eager lust on his

handsome young face, and Anna moved her hands up onto the bare tit-flesh above her tube-top and ran her hands around on the hot satiny skin.

"Mama!" Brian croaked. "Dear God, Mama!"

The pace of the music was quickening. The volume was rising. Anna's nipples, clit, and cunt lips were swollen now, and her cunt was getting juicy. The grinding of her hips became more emphatic, more lascivious. Dramatically, she slipped her fingers inside her tube top and thrust the garment down onto her lean belly. Then she twisted her shoulders back and forth hard, making her tremendous naked tits swing wildly.

"Aagghhh, Jeeesus!" Brian graped, and through his jeans he began massaging his stiff cock. "Mama, ohhh, goddamn, Mama!"

With a cry of lust Anna dove onto the bed, right on top of her teen-aged son. She writhed around against him insanely and kissed him hotly, her tongue swimming deep into his mouth. Brian made a weak grunt of protest and tried feebly to push her away, but then his arms went around her and he was hugging her and returning her kisses.

It took Anna less than a minute to get them both naked, and she took his hard prick into her hand and kissed its taut purple head and ran her hot wet tongue over it. His cock was a couple of inches shorter than Troy's monstrous prick and not quite as thick, but it was still a big cock and most importantly it belonged to one of her own sons. She could feel it pulsing in her hand as she raced her tongue around on its bloated head.

"Aaahhh! Ah, yessss, Mama!" Brian panted. "Ohhh, shit, this is unreal! My own mother's licking my prick! And it feels fantastic! Jesus, what's happening to me?"

She clamped her lips around his shaft just under his cockhead and slowly began moving her head downward, taking more of his throbbing prick into her mouth. She spanked him with her tongue and loved the little moans he gave in response. She was proud of him when she felt his hands touch her heavy tits. He rubbed her big pink nipples and her white tit-flesh timidly at first, but then he started sinking his fingers in a little.

She felt his cockhead going into her throat and she grunted with joy. She'd taken her hand off his prick now and she kept pushing her head downward, sliding her full lips down his shaft. When she had all of his prick inside her mouth, his cockhead was most of the way down her throat. She sucked on him madly then.

Still sucking him fiercely, she started teasing his cock with the tip of her tongue, and Brian began pushing his fingers deeper into her oversized tits. Her tits were hanging down against his hip and thigh, and he twisted them until her swollen nipples were against him. He kept them there and kept squeezing her tits, but also began working them back and forth, rubbing her nipples against him. More pleasure surged through Anna's rich body, and she started moving her head up and down, making her lips slide along| on his stiff prick.

"Ooooh, yeah, Mama of mine, that feels so sweet!" Brian ranted.

"To me, too, lover!" Anna crooned as she licked his cockhead. "And I love what you're doing to my tits! I bet I'm the first woman this prick has ever been inside, though."

"Yeah, and now I'm finding out what I've been missing," he answered as he kneaded her tits. "Ooooh, this is terrific, Mom!"

Anna twisted her lips around against his prick as she kept pumping her head. Her feeling of triumph heightened the physical delight she felt. She had seduced

both of her sons now!

"Until last night Troy had never had his cock in a woman, either," she murmured, licking Brian's turgid prickhead again.

The boy gasped and Anna chuckled lewdly and began lapping at the entire length of his iron-hard cock with her burning tongue.

"Holy God!" Brian said, and clenched her tits powerfully. "Who did Troy stick his cock into last night? It must've been you! That's how you know about it!"

"Of course it was me, lover! We're going to be a family of suckers and fuckers! Whores and studs, baby!" She opened her mouth wide and took one of his balls into her mouth and tickled it with her tongue and sucked on it heartily.

"Aaawww! Awww, sweet Jesus! Suck my balls, Mama!" Brian cried. "Do you mean Troy and I are gonna get to stick our cocks into

Doreen, too?"

"I hope so," Anna whispered, letting the first ball out of her mouth and licking it eagerly. "It may take some time, though." Her lush lips pounced on his other ball then and enveloped it and her tongue jabbed it repeatedly inside her mouth.

"Aaaaiii!" Brian squealed. With his fingers sunk deep in her tits, he worked her tits back and forth as fast as he could, massaging her big nipples against his flesh.

Anna let his second ball out of her mouth and tilted her head sideways as she

pressed her lips against the underside of his generous cock. She moved her moist lips up and down the whole length of his shaft, kissing his sensitive flesh, and at the same time swung her tongue back and forth, hitting his prick with the tip of her tongue over and over.

"How would you like to have your cock in one end of me while your brother has his cock in the other end of me?" she whispered, taking his cockhead into her mouth again and beating on it with her tongue.

"Sheeeit, yes, that'd be super! It'd be even wilder than this!" Brian rasped. "Troy!" she shouted. Troy shoved the door open and grinned obscenely. He was stark naked and his gigantic cock was raging-hard. "Hi, little brother," he said. "Glad you've joined the club!"

Brian gave a wicked laugh. "So am I, big brother," he replied. "I should've known Mom had something like this in mind. Come on over and fuck her, Troy! Fuck our whore of a mother while she sucks me off!"

Moving on her knees, Anna was already swinging her body around. She had been hunched over beside Brian but now she got between his legs. She never let his cockhead out of her mouth, though, and Brian never let go of her tits. As he squeezed her tits, her erect nipples wiggled around against his thick muscles.

As Troy bounded onto the bed behind her, she moaned, "Troy, baby, fuck me! But I want it up the ass, lover! Get plenty of juice out of my pussy and grease your cock and my asshole with it and then ass-fuck this old slut!"

"All riiiiight, Mama!" Troy cried, and stuck two of his big fingers into Anna's tight cunt. Her pussy was hot and sopping wet and it didn't take many trips for his fingers to carry enough juice from her cunt to his cock and her shithole. Anna enjoyed feeling his fingers going in and out of her cunt and asshole, and her incredibly tight shitter loosened up slightly as he finger-fucked it. She slid her lips

up and down Brian's cock with growing enthusiasm and darted her tongue at it passionately.

"Get ready, Mama, here it comes!" Troy growled, and pushed his bulging prickhead into the opening of her asshole.

"Yeah, big brother, stick it up her ass!" Brian whooped. He was sitting up just enough that he could see his brother's cockhead beginning to press into their mother's shitter, and he was kneading her tits excitedly.

"Yesss, put it to me," Anna groaned, and plunged her head all the way down on Brian's big prick and sucked on him feverishly while Troy shoved his immense cock up her hot asshole.

Troy pushed his long thick cock into her shitter slowly, gradually forcing the super-tight ring of her asshole open wide enough to accommodate his battering ram of a prick, and then bit by bit driving his prick deeper into her. It hurt Anna at first but she had known it would and she knew the pain would pass. She concentrated on the pleasure of licking and sucking Brian's cock and having Brian squeeze her colossal tits and feeling her nipples squirm around against the hard muscles of his thighs. The pain was gone by the time half of Troy's cock was inside her asshole, and now there was just a feeling of pressure there. She kept her head all the way down on Brian's prick. She found it was overwhelmingly exciting to feel one prick completely inside her mouth and throat and simultaneously feel another prick pushing deep into her shithole. She started feeling pleasure from Troy's cock up her ass, and the pleasure soared when she felt his flat belly against her lush ass and knew she had all of him.

She worked her inner muscles and snapped her asshole around Troy's cock and at the same time sucked harder on Brian's cock.

"Goddamn, little brother!" Troy yelled. "Last night I found out our mama's got a

snapping pussy, and now I've just found out she's got a snapping asshole, too!"

"Hell, I haven't had my prick in either one of them yet," Brian answered, kneading her tits avidly, "but-I've heard guys at school talk about snapping pussies! They say they're sensational!"

"And they're right, by God!" Troy raved. He had dug his fingers into Anna's broad hips as he shoved his prick into her sultry asshole, but now as she snapped her shitter repeatedly around his immense prick, he ran his hands up and down the warm smooth flesh of her thighs. It was just what he needed to send her over the brink into a jarring orgasm.

She whimpered around Brian's cock, and she began rushing her lips up and down his prick again, moving them wetly back and forth between the bottom of his shaft and his cpckhead. Her shithole was snapping on its own around Troy's cock now while her greedy cunt contracted around nothing at all. She wanted to make Brian cum so she could feel his juice in her mouth and throat and then cram his cock into her pussy, and she got what she wanted. "Good Christ, I'm gonna shoot off!" Brian howled as his prick started spasming.

Troy dug his fingers into her hips again and began pumping his cock backward and forward, drawing nearly all of it out of her hot asshole before drilling every bit of it deep into her bowels again. And just as Troy got his cock moving, the scorching jism started gushing out of Brian's cock and into her mouth and throat. Anna got her own hips moving, shoving her shithole back to greet Troy's log of a prick as he drove himself into her, and she sucked out every drop of cum that Brian's prick and balls would give. Then she swallowed his juice happily and looked up at him and licked her full lips.

"Mmmm, your cum tastes good, lover!" she moaned. "But now it's time for you to become a motherfucker! I want your prick in my pussy!"

She gripped Brian's prick tightly with one hand and jacked it fervently to keep it hard. When she released his cock, he pulled his legs up one at a time, and when she raised her hands off the mattress for a few seconds, he slipped his legs between her legs and wriggled down until his prick was under her loins. When Anna put her hands down again, she was on her hands and knees astride Brian, and Troy was still on his knees behind her with his huge prick up her ass. Brian had spread his legs just enough to get them on either side of Troy.

She reached back under her loins and grasped Brian's cock. It was still hard, and after she got Troy to stop pumping his hips for a moment, she drew her own hips forward until only a few inches of his prick were still inside her shithole.

"Get ready, honey!" She slipped his cockhead into her dripping cunt. "Now slowly shove it back up me, Troy," she ordered. She watched Brian's face. She knew this was going to be a sensational moment for all of them.

As she felt Troy's cock slowly pushing deeper into her asshole again, she moved her hips slowly backward, not only helping Troy get his oversized prick farther into her shitter, but also pushing her torrid cunt back to be speared on Brian's cock for the first time.

"Aaawww, Mama, that's wonderful!" Brian howled as her pussy slowly enveloped his big prick. "God, your cunt's so tight and wet and hot!"

She shook her beautiful blonde head wildly as her pleasure skyrocketed. Having pricks in her cunt and asshole at the same time was the most spectacular physical sensation she'd ever felt. Her heat rose along with her pleasure, and they both rose even faster after Brian took hold of her mammoth tits again. Her tits were hanging down against his chest, sitting heavily on him, and he started squeezing them and twisting them, making them squirm around delightfully against his flesh. When she had both cocks as deep inside her as they could go, she worked her inner muscles and clamped her pussy and her shithole as tightly as she could around her two sons' stiff pricks.

"Aannhh! Troy, Mom's using her snapping pussy on me!" Brian yelled.
"Ooooooh, Mama, it's unbelievable!"

"And she's snapped her asshole around my prick again!" Troy rasped.

Moaning, Anna wiggled her hips, swinging the two pricks from side to side with her cunt and shitter and rubbing her taut ch't against Brian's belly near the base of his shaft. A jarring orgasm erupted inside her, and she shuddered ecstatically every time her pussy and asshole convulsed around her sons' cocks.

"Aaaiiiii! You two young studs are making your old mama cum!" she wailed.

"Yeah! Ohhhh, shit, I can feel the contractions!" Brian gasped, driving his fingers deeper into her huge tits. "And I think I can feel your cock, Troy!"

"I know I can feel yours, little brother!" Troy replied. "I felt it even before she got us both all the way into her! Come on, hot Mama, let's get his double-fuck moving again!"

He slapped her hips with his hands, then gripped them firmly again and started working his hips. Anna grunted hotly and began pumping her own hips in time with Troy's, sliding her hot asshole and steaming cunt along on his and Brian's turgid pricks. They moved unhurriedly, and Anna snapped her pussy and shitter around their cocks each time they were both completely inside her. Then she swung her hips from side to side a few times and massaged her sensitive clit against Brian before working her hips forward again.

"Mmmm, ooooh!" she moaned.

Her bliss mounted swiftly. Two hard pricks were double-fucking her, filling her cunt and her asshole time after time. It wasn't long before she was cumming again. Her body jerked with every simultaneous twitch of her pussy and shithole, and she started moving her hips a bit faster, skewering herself on her sons' cocks more often.

"Yeah, let's go, Mama!" Troy grunted, keeping his fuck-strokes in time with hers.

Brian started groaning with joy every time she impaled her sizzling cunt on his prick, and he twisted her tits as he squeezed them. "Aawwwnnhh, dear God, I can't stand just lying here anymore!" he gasped, and he began working his hips, driving his cock into her hot pussy each time she pushed herself back onto him.

"Brian, baby, give it to me!" Anna sobbed. "Put it to me just like Troy is! Ahhh, uuuuuunnnhhh, uuuunnggghhh!"

Again she stepped up the pace as she pumped her broad hips, and her sons matched her thrust for thrust. Now when she had both cocks completely inside her, she paused only a second and wiggled her hips one time to rub her engorged clit against Brian's belly before moving her hips forward again. Then another orgasm began tearing through her and she stopped making even that brief pause. Her hips rampaged along, jerking her cunt and asshole most of the way off the two pricks and then jamming her thrillingly all the way back onto them. Troy and Brian speeded up their fucking again to keep their pace equal to hers.

"Aaannnnhhh, Mama, I'm gonna shoot off in your cunt!" Brian yelled.

"And I'm gonna cream up your ass, you wonderful whore!" Troy roared.

She felt both pricks heaving as they kept stroking rapidly in and out of her. She shrieked. Before that shriek was over, she was feeling their hot juice, her sons' loads of blistering jism belting into her blazing asshole and her boiling pussy. That detonated one more orgasm of her own, and she learned the ecstasy of feeling her cunt and shitter contracting around two cocks at the same time while both cocks fired scalding cum into her wanton body.

Chapter Six

Anna nearly wore Troy's and Brian's cocks out that Friday afternoon, but since both boys had dates the following Saturday night, she let them rest on Saturday. And until Saturday night she even rested herself. She thought about how to seduce her daughter, Doreen, but still couldn't think of anything.

Doreen had a date that Saturday night, too, and Anna hoped the boy would somehow get Doreen hot and manage to shove his prick into her, but Anna didn't expect that to happen. Doreen was one girl who knew how to keep her thighs together.

Early that Saturday evening, shortly after all three of the kids had left on their dates, Anna put on a pair of sexy shorts and a blouse that was missing its top three buttons and hopped into her car. She drove to a blue-collar bar where she had picked up several guys before. But she had picked up those guys one at a time. Tonight she wanted two guys.

To her surprise she found them easily. Thad Barns and Kurt Rutledge knew each other. Both in their late twenties, they were construction workers who had just finished a big job. They'd been intending to get drunk that night. Neither man was married, but both of them were ruggedly handsome and ruggedly built. And before leaving the bar with them, Anna reached down inside their jeans and found that both of them had huge pricks. She made it clear to them what she

wanted.

She would've dragged both of them out of the bar but she didn't have to. They came along eagerly, and followed her home just as eagerly.

It was only nine o'clock when she got home with them. None of her three kids were home yet, and she felt sure none of them would be home before eleven. She took Kurt and Thad into the den. She quickly stripped herself, Kurt, and

Thad naked.

She dropped to her knees on the thick carpet, right in front of Kurt and Thad. The two men were standing, facing each other, and she grasped their pricks tenderly. Each of their cocks was as huge as her son Troy's, and both were as stiff as steel. She kissed both purple cockheads and teased them with the tip of her tongue.

"Ohhh, yeah, do it to us, baby!" Thad rasped.

"God, it feels like you're using a hot feather on the head of my cock, Anna!" Kurt breathed.

Her tongue's touch soon stopped being feathery, though. Her nipples and clit tingled and swelled as her passion grew. Her passion urged her on and she took the taut cockheads into her mouth one at a time and let her tongue slither around on them. She stroked one prick with her hand while her lips and tongue worked on the other. She started taking more of each cock into her mouth, holding her wet lips around the shaft while her tongue flailed it wildly. Then she would suck hotly on that prick for a moment before turning her head to the other. But when she'd deep-throated each of the two immense cocks one time, she decided it was time for some fucking.

"Over there," she said, and nodded toward the coffee table.

The coffee table was low and sturdy and round, about four feet in diameter. Anna lay down on it on her back with her lush ass at the edge. Holding her legs up in the air in a big V, she squeezed one of her massive tits with one hand and rubbed her pussy lips with her other hand.

"Come and get it, you studs!" she purred. "I want one cock up my cunt and one cock between these big fat tits and I don't care who gets which!"

"Hell, yes!" both guys yelled, and lunged toward her.

Thad got to her first and knelt down on the rug. His hard prick was at just the right place to go into her sweet pussy and Anna brought her lovely legs down and wrapped them around him as he fitted his bulging cockhead into her tight cunt. By then, Kurt had reached the table, gotten onto it, and straddled her upper belly on his knees. As Thad slowly pushed his enormous prick into her wet burning cunt, Kurt took hold of her tremendous tits, mashed them together around his own oversized cock, and slid his cock forward in the midst of her tit-flesh.

"Aaahhh, yesss!" Anna moaned. "Your pricks feel sweet to my pussy and my tits!"

Raising her head, she smiled vulgarly as she saw Kurt's cockhead emerge from between her tits, and she let it slide between her full lips and lashed it with her tongue. At the same time, Thad finished shoving his prick into her lustful cunt, and she clamped her cunt around him as hard as she could in a series of quick fierce squeezes.

"Aawwnnhh, godamn, old buddy!" Thad crowed. "This hot bitch we've got has a snapping pussy! She's tearing my cock up with it!"

As Kurt squeezed her tits harder, Thad excitedly wiggled his hips. Since his prick was still completely inside her juicy pussy, the hip-wiggling made his lower belly massage her distended clit. More pleasure shot through her ripe body. As Kurt slowly slid his throbbing cock backward and forward in her warm tit-flesh, he increased her pleasure by trapping each of her big nipples between two of his fingers, and he squeezed her nipples every time he kneaded her tits.

"Ooooh, go to it!" Anna groaned.

Thad got his cock moving along in her pussy again, pulling all but an inch or two of his prick out of her before gently driving it totally back into her. She snapped her cunt at him constantly, sometimes lightly and tauntingly, sometimes so powerfully that he couldn't move his prick at all until she let the pressure off.

"Sheeeeit, my cock may never be this big again!" Thad yelled. "Anna, you're gonna crunch it down into nothing! But, ohhhh, God, don't stop!"

Anna laughed lewdly and kept snapping her pussy around Thad's cock. She licked and kissed Kurt's cockhead every time it came out from between her mountainous tits, and she moved her hands around sensually on both men, rubbing their bellies and hips and thighs and squeezing Kurt's lean asscheeks. She ran the tip of her forefinger around and around the opening of Kurt's asshole, moving the finger closer and closer until she finally began wriggling it slowly into him. He grunted and twisted his slim hips and moved his huge prick faster through her tit-flesh.

"Uunngghh, she's finger-fucking my ass while I fuck these great big tits of hers!" Kurt whooped.

"Yeah, I see her pushing that finger up your ass!" Thad answered as he kept stroking his colossal prick in and out of Anna's flaming cunt. He started rotating his hips, putting extra action on his cock and adding to her delight. Anna wriggled every bit of her forefinger into Kurt's tight asshole and then began twisting it this way and that. Kurt squealed and again moved his great cock along faster between her heavy tits. Anna kept twisting her finger but she also began pumping it in and out of his shithole at the same speed that his prick was fucking her tits. Kurt pushed her tits together harder, mashing them against each other and against his cock, creating more sensuous friction between his flesh and hers. Between her legs, Thad speeded up the thrusts of his rigid prick into her searing pussy, heightening the joy that was bolting through her.

Her orgasm exploded, and she writhed blissfully as her pussy convulsed. Torrents of juice flooded out of her cunt walls, and her inner heat soared. She whipped her tongue frantically across Kurt's swollen yrickhead every time it was within range, and she licked her tits while his prickhead was somewhere back in the midst of her tit-flesh. She fucked Kurt's super-snug asshole furiously with her continuously twisting forefinger, and he gasped every time she shoved it into him.

"Aaawww, hellfire, my juice is cuttin' loose!" Kurt shouted as his cock started bucking around between her giant tits.

"Yeah, shoot it all over me!" Anna squealed, and Kurt let go of her tits and leaned back. He grabbed his cock just as the first sizzling dollop of his cum came flying out. He waved his prick around like some fleshy baton, and his huge load of jism splattered all over her tits and upper chest and beautiful face. Laughing, Anna caught some of the spurts of cum in her hot mouth and swallowed them greedily.

As soon as his cock stopped heaving, she gripped it with one hand and raised her head higher and took a few inches of it into her mouth. She licked and sucked the prick while she jacked it hotly. She wanted to keep it hard. She

started snapping her sultry pussy around Thad's whopping prick again as he kept stroking it in and out of her.

But then she heard Thad gasp and his cock stopped moving.

"Oh, shit!" Thad hissed.

She saw Kurt's head turn as he looked to one side, and he said, "Goddamn!"

She looked where Kurt was looking and saw her daughter, Doreen, standing in the doorway. Doreen was home from her date very early and there was a strange look on her face, but at first Anna didn't give a damn. Still jacking part of Kurt's huge prick feverishly with one hand, Anna kept licking and sucking the few inches of that prick that were in her mouth, and she kept clenching half of Thad's cock with her eager cunt.

As she also kept watching Doreen, though, Anna suddenly gave a very large damn. She recognized that strange look on the girl's face. It was a look of fascination and lust. She'd never seen it on Doreen's face before. The girl's lips parted and her breathing was becoming rapid.

Anna kept stroking Kurt's stiff cock avidly but let it out of her mouth. As she spoke, she licked his cockhead between words and kept snapping her seething pussy around the half of Thad's prick that was still inside her.

"In all the excitement of sucking and fucking with these two great guys, I didn't hear you come in, Doreen," she crooned. "Just keep doing what you're doing, guys. It's my daughter."

"My God," Doreen murmured, "first I had to fight my date off because he

wanted to have sex with me, so I make him bring me home and I find you having sex with two men at once, and right here in the den instead of in your bedroom!" She was staring at Anna and Kurt and Thad, especially at Kurt's gigantic hard prick and Anna's cum-covered face and tits, and the look of fascination and lust was still on her beautiful young face.

"Thad, get that cock moving in and out of my horny cunt again, doll." Thad grunted and obeyed, revolving his hips as he slowly pumped his monumental cock in and out of her oven-hot pussy. Anna wriggled her own hips appreciatively and French-kissed Kurt's cockhead. Looking back at Doreen, she said, "You've never seen people sucking and fucking before, have you, daughter?"

Doreen shook her head but kept staring and said nothing.

"Come over here," Anna said. "You may as well get a good close look at what you've been so afraid of." She darted her tongue repeatedly at Kurt's bloated prickhead but kept her eyes on Doreen and smiled as the girl came slowly across the room.

Doreen looked seared, but when she stopped right beside them, she couldn't keep from gazing fixedly at Thad's huge, juice-covered prick as he slid it in and out of Anna's sopping cunt. Then she stared at Kurt's cock and her mother's hand gripping it and stroking it, at her mother's enormous naked tits and Kurt's jism all over them, and at her mother's tongue tickling Kurt's cockhead.

"You saw this big stud shoot his cum on my tits and in my face, didn't you, doll?" Anna cooed. She ran the forefinger of her free hand along on one of her naked tits, and when the forefinger was covered with Kurt's jism, she popped the finger into her mouth and sucked the jism off noisily and swallowed it.

"Yes, I saw that," Doreen whispered. Her face was deeply flushed, but she kept staring at the almost overwhelming amount of naked flesh in front of her,

"Take off your clothes, daughter," Anna said quietly. She took a couple of inches of Kurt's great prick into her mouth and sucked on it noisily as she'd sucked his cum off her forefinger. She moved her free hand to her left tit, the one nearer Doreen, and squeezed the tit deeply while moaning with passion. Doreen just kept staring. "Take off your clothes!" Anna said again, but this time there was a snap in her voice. 'It's time for you to become a human being instead of a tin saint. Get naked and get a cock in you! Find out how much pleasure there is in fucking!

Thad, honey, fuck my hot pussy faster! Ram it to this old whore, stud!"

"Whatever you say, Anna!" Thad answered, and he moved abruptly from slow fucking to fast fucking, slamming his stupendous prick all the way into Anna's cunt time after time. He grunted with every thrust, and Anna moaned rapturously every time his cock smacked into her.

Doreen gaped at Thad's prick as it battered her mother's juicy pussy, and then with little panting cries the girl began fumbling with her blouse buttons.

"That's right, daughter, get naked!" Anna raved. "Honey, this guy whose cock I'm licking is Kurt Rutledge. The stud reaming out my red-hot cunt is Thad Barris. Kurt, Doreen's still a virgin so be nice to her - but don't let her stay a virgin much longer!"

"I always do whatever a slut as nice as you tells me to!" Kurt chuckled, and when Anna let go of his prick, he climbed off the big coffee table.

Anna watched excitedly as Kurt gently embraced Doreen and kissed her on her full lips. Kurt helped the girl off with her clothes, pausing to kiss and fondle each newly exposed part of her voluptuous young body. Her tits were big and full and high-riding, with large nipples that were a delicate pink. Her hips flared perfectly and her ass was lusciously rounded. Her pussy hair was red, matching

the color of the long hair that framed her lovely face.

After dropping to his knees, Kurt lay down on the plush carpet and brought Doreen down with him. He French-kissed her passionately, darting his tongue deep into her mouth over and over, then kissed her ears, her neck, and down onto her torso. The girl moaned and squirmed as he lapped at her tits with his hot tongue and sucked her swelling nipples while he lightly massaged her clit and pussy lips with one hand.

"Oooohhh! Oh, dear Jesus God, I love it!" Doreen whimpered wildly.

The gorgeous young redhead ran her hands through Kurt's hair and along his back and upper arms as he kissed and licked his way down her lean belly. He bit into some of her pussy hair and tugged it playfully back and forth before letting it go and pressing his lips thrillingly against her pussy lips.

"Yeah, that's right, baby! Eat my daughter's pussy!" Anna ranted. She was staring at them as hungrily as she was snapping her torrid cunt around Thad's enormous prick every time he pounded it into her.

Doreen's pussy lips had started swelling and juice had appeared on them while Kurt had been rubbing them with his hand, but now as he eagerly kissed and licked them, more juice oozed out and they swelled even more.

"Aaaiiiieeeee, goddamn it, yyyeessss!" Doreen squealed, grabbing Kurt's head with both hands. His tongue started prodding her engorged clit and her squeals got louder. "Aannhh, aaahhh, fuck me, baby, fuck me! I need your cock!"

"Yes, do it to her, Kurt!" Anna hissed. "But put her in a position where I can see your cock going in and out of her! I want to watch my daughter getting fucked for the first time! Put her skirt under her to catch her cherry blood!"

Kurt spread Doreen's skirt on the carpet and put Dorren on top of it, lying on her right side and facing Anna and Thad. Kurt lay on his right side just behind the young redhead and pulled her upper leg back across his legs. Then he pushed his cockhead into the opening of her cunt, against her maidenhead.

"Shit, pop her, old buddy!" Thad whooped as he kept hammering his own hard prick into Anna's glowing-hot pussy.

"Ooooh, yeah, bust my cherry, Kurt! I don't want it anymore!" Doreen cried.

Anna was squeezing her own tits excitedly as she watched Kurt's oversized prick press harder against Doreen's cherry. Doreen groaned, then gave a sudden howl as her cherry burst wide-open and half of Kurt's stiff prick surged into her super-tight young cunt. Her cherry blood flowed, and Kurt slowly shoved his cock in deeper.

"Ooooooohhh, God, it hurt at first but now it's starting to feel great!" Doreen crooned.

When Kurt had pushed as much of his prick into her pussy as he could in this position, he just held it there instead of pulling it backward.

With one hand Kurt reached over to Doreen's front and started rubbing and kneading her big tits and softly pinching her nipples. She reached back and began rubbing his upper hip and one of his slender asscheeks.

After a minute Doreen said, "Aahhh, that prick feels better and better to my cunt, Kurt. I want you to get it going now!"

"You got it, honey!" Kurt replied. Still rubbing and squeezing her tits, he started pumping his hips slowly. His fuck-strokes were small at first as he worked his thick cock backward and forward only an inch or so a stroke inside Doreen's slick pussy. His fuck-strokes gradually got longer, though, until he was pulling all of his prick except his bulging cockhead out of her before filling her cunt with almost his whole prick. Doreen moaned with pleasure every time he shoved it into her.

As Anna watched them fucking, the lascivious sight added to the physical joy she felt, and she soon found herself having another powerful orgasm. Her hands clenched her mammoth tits harder and she screamed.

She writhed in ecstasy as her sweltering cunt twitched again and again and Thad kept battering her with his colossal prick. But she never took her eyes off Kurt and her daughter.

As Kurt kept working his cock in and out of Doreen's torrid pussy, he slid his hand away from her heavy tits and down her belly. His fingers found her tremblingly erect clit and he caught it between two of them and began massaging zestfully.

"Aawwnnhhh, Kurt, that's fantastic!" Doreen groaned. She started working her own hips then, pushing her wet cunt back to meet his thrusting cock.

"Yeah, you're gettin' to be a good fuck already, doll!" Kurt crowed, and he speeded up his fuck-strokes slightly, and laughed with pleasure when she instantly speeded up hers to keep up with him.

"Anna, you're about to get some cum in your pussy!" Thad bellowed. His cock was bucking and he grunted loudly as his scalding jism erupted into her blazing cunt. Anna came again, her pussy convulsing against his jumping prick. She whined hotly as she felt both his Orgasm and her own, and she wiggled her hips

crazily as long as she and Thad kept cumming.

As soon as Thad pulled his prick out of her, Anna came off the coffee table and fell to her knees in front of him. She took his entire cock into her mouth and throat and began sucking on him voraciously while she ran the edge of her tongue along the sides of his still-hard prick. She then slid her lips back and forth between his cockhead and the base of his shaft, and she kept sucking him and using her tongue on him. Every time she dragged her lips sensuously back to his cockhead, she took another look at Doreen and Kurt.

The beautiful young redhead had reached down between her thighs and begun rubbing Kurt's gargantuan prick as he pumped it in and out of her white-hot pussy. The expressions on both hers and Kurt's faces were ones of growing passion. Their hips thrust at each other in a steadily quickening rhythm. Doreen's moans were louder now. Kurt was still massaging her turgid clit, and although his cock still had traces of her cherry blood on it, most of the abundant liquid that coated his prick was Doreen's cunt juice.

"Yes, baby, yes, I think I'm gonna cum!" Doreen sobbed. "Yeah, I'm gonna cum with a man's cock inside me, Mama! Harder, Kurt! Fuck me harder!"

She and Kurt jerked their hips backward and forward with short, furious strokes. He rubbed her clit faster and she did the same thing for his cock.

"Aaaiiiii!" Doreen wailed. "Ooohhh, dear God, I'm there! Oohhh, uuuunnnggghhhh!"

"Goddamn, these are some of the strongest contractions I've ever felt a pussy make!" Kurt panted. "Oooooohhh! Ohhh, shit, I'm gonna cum, too! Take my load, doll! It'll thrill your pussy!"

Anna took a few inches of Thad's cock back into her mouth and sucked on him madly while she caressed the rest of his prick with her hand. She was keeping her head far enough back for her still to be able to see Kurt and Doreen. They were groaning and fucking frantically.

"I feel your juice shootin' into me, Kurt, honey!" Doreen raved. "Ooooh, ooooooh, aaaahhhhh!"

Creamy jism came flooding back out of Doreen's young cunt, and she and Kurt kept flinging themselves at each other as long as their orgasms lasted. Then Kurt pulled his cock out of Doreen's pussy, and Anna again pulled her head off Thad's prick, "You two studs swap places!" Anna cried. "I wanta see my daughter get fucked by another cock while I've got a cock in me!"

Doreen gave a whoop of approval, and Kurt and Thad grinned and moved. Anna took Kurt's shrinking prick into her mouth and started sucking it dementedly, and Thad lay down behind Doreen and slowly slid his stiff cock deep into her seething pussy. Doreen wiggled joyously and was soon cumming again and howling with pleasure.

Chapter Seven

That same night, in the house across the street, Marie Stone was sitting in her living room and staring blankly at her television set. The TV was on but she was paying no attention to it. She had been going to the front window often and looking over at Anna Hill's house. She had seen Anna come in with two husky young studs, and had seen Doreen arrive shortly after that. It was now nearly eleven and the studs were still there. What intrigued Marie most was that Anna had apparently not taken the studs upstairs to her bedroom. Marie had not seen a light up there at all tonight, not even right after Anna and the studs had come in.

Marie was wondering if Anna and the two studs and Doreen were all over there having an orgy in one of the rooms downstairs.

Her brain was filled with lurid visions of what the scene might be like, which was why she was no longer paying attention to the television. It j almost made Marie wish that she had a daughter of her own so that she could get the girl involved in orgies and turn her into a slut. She guessed she would have to make do with her two sons, Greg and Eric.

Both boys were out on dates tonight. Since seducing Greg two nights ago, Marie had gotten his prick in her twice yesterday, but today she had let him rest up for his date tonight, and she hadn't tried to get Eric's prick in her at all yet. She was determined to seduce him but hadn't decided how to go about it. The wild rush she had used on Greg might not work on Eric.

She heard a car pull into her driveway and wondered which of her sons was home. Eric had an old car he had paid for himself with money from summer jobs, and Greg was borrowing her car tonight.

When the front door opened, she saw it was Eric. He was tall, lean, and good-looking. His hair was as black as hers and he was well-tanned.

He was home earlier than she'd expected him to be. Maybe this was her chance.

She stood up and was pleased to see him give her voluptuous figure a long, appreciative look. She was wearing a tanktop with a neckline that scooped low down onto her huge tits, and extra-short shorts that hugged her broad hips and her round ass. She gave her upper body a little twist, making her tits jiggle softly.

"Hi, doll. Get any pussy tonight?" she chirped.

He gave her a wide-eyed, open-mouthed stare.

"What?" he gurgled.

"Did you get any pussy tonight?" she said, putting long spaces between the words.

His eyes and mouth opened wider.

"Uh . . . no," he muttered, looking uncertain of what was happening.

"Gee, that's a shame," she said in a sympathetic tone. "All young boys should get some pussy on Saturday night. It's practically in the rules." She sighed heavily, swept her tanktop off over her head, and tossed it down. "I guess

I'll just have to give you some. I can't have my sons breaking the rules."

She smiled as he gaped at her awesome naked tits. Her big brown nipples had already begun swelling and she tweaked them and made them swell faster. She went toward him slowly, with exaggerated swings of her hips.

"Uh . . . "he said in a choked voice.

Marie stopped right in front of him and bent over and pulled her shorts off. For a few seconds her eyes were just inches from the considerable bulge that had suddenly appeared in the crotch of his jeans. The bulge was growing fast.

She started unfastening his jeans as soon as she straightened up, and she smiled at him encouragingly. His mouth was still hanging open, and his eyes looked a bit glassy. When she had his jeans open, she dragged them and his shorts down to his ankles, freeing his enormous hard prick. She couldn't be sure, but she thought it might be even bigger than Troy Hill's giant prick. She kissed his cockhead once before she finished getting him naked.

Then she grabbed his prick with one hand, threw her other arm around him, and pressed her body fiercely against his. Her tits were crushed against him and she mashed her lips against his parted lips. When their tongues met, she felt a sensual jolt and knew from the tremor that she felt go through his body that he had felt it, too. His stiff prick got even stiffer and she felt it throbbing.

"Mama! My God!" Eric gasped when they broke the kiss. "What in the world are you doing?"

"I thought that was obvious!" Marie breathed as she fell to her knees. She stroked his tremendous cock warmly with her hand while she tickled his heavy balls with the tip of her tongue. She let her tongue crawl around on his balls with tantalizing slowness before taking them into her hot mouth one at a time and sucking on them tenderly and dancing on them with her tongue.

"Ooooh, sheeeit, Mama, this is unreal!" Eric groaned. "Awww, it feels great!"

After letting his balls out of her mouth, she took his cockhead between her lips and lashed her tongue back and forth across it, and he writhed and whined with joy. Bit by bit, she pushed her lips forward, keeping them against his iron-hard prick as she took more of it into her mouth. She sucked on him heartily, blew hot air on him, and drummed on him with her tongue before sucking on him again.

She had never sucked a cock this big before and she wasn't sure if she could

take it all. She had taken all of Greg's big cock, but Eric's was at least three inches longer and a bit thicker, too. It felt even more monstrously huge as she took it into her mouth than it had seemed when she'd just been fondling it with her hand. When she had half of his prick inside her, his cockhead was in the top of her throat and she almost choked. But she got control of herself and again started sliding her clinging lips forward, taking more of his cock into her.

"Mmmmm!" she moaned happily. "Yeah, do it, Mom!" Eric whooped. "Good God, I think you're gonna take all of me! Nobody's ever deep-throated this great big cock of mine!"

Marie swung her fiery tongue back and forth against the underside of his shaft as she took more and more of his immense prick into her eager mouth and throat. She nearly choked again when his cockhead was halfway down her throat, but again she regained control, and then with a passionate forward lunge of her head she slid her full lips all the way to the base of his prick and had every bit of his cock inside her. "Hellfire!" Eric babbled. "That's super-fantastic, Mama! You did it! My cock's all the way in! Hot damn!"

"Mram! Uunngghh!" Marie grunted proudly. His cockhead was at the very bottom of her throat, maybe even down into the top of her chest. She puffed steamy air all over his prick and made him shudder, and she sucked on him greedily.

Then she pulled her head slowly back, dragging her lips back toward his cockhead, keeping them snugly against his turgid flesh. She moved the tip of her tongue around in small lazy circles against his prick and she teased his balls with the fingers of one hand.

"Aawwnnhh, yeah, suck my cock!" Eric raved.

She wiggled the tip of her tongue into his piss-slit for a moment, then withdrew

it and flailed his prickhead wildly. As she moved her head forward to take more of him into her mouth and throat again, her tongue kept flailing him.

"Oooooohhh, Jesus H. Christ, you're thrilling my soul, Mama!" Eric crowed.

Marie sucked on him as she pulled her head back, and she beat on him with her tongue as she pushed it forward. Most of the time her head moved in leisurely fashion and she took only half of his cock into her mouth before sliding her burning lips back to his prickhead, but occasionally her head went forward with a rush and didn't stop until she had all of his cock inside her mouth and throat. Then she would stay there for a while and suck on him frenziedly and moan while she sucked.

As her passion grew, she gradually pumped her head faster and faster. Eric's hold on her head tightened, and with a grant of lust he began working his slim hips, putting his cock back as Marie drew her head back, and driving his prick forward into her mouth and throat as she sent her head toward him; He was fucking her face and that made her excitement surge faster. He grunted each time he launched his prick into her, and that spurred her passion even more. When she wasn't sucking on him, she was blowing hot air on him. She dug her fingers into his asscheeks, and squeezed savagely whenever he shoved his massive cock into her mouth and throat.

"Uunngghh, goddamn! I'm gonna cum!" he shouted. "Awww, Mama let me cum in your mouth!"

"Mmmmmm!" Marie whined, and she felt his prick heaving. His hips pumped faster, and she sucked on him as hard as she could as his scorching cum began jetting into her mouth and throat. Some of his jism shot into the bottom of her throat and almost choked her, but she drained his balls and then she smiled at him as she took her head off him and tilted back. She swallowed his cum.

I

Chapter Eight

Marie wanted to fuck and she wasted no time. She whirled around and got onto her hands and knees and looked back up over her shoulder at her son.

"Hurry!" she cried. "Get down behind me and stick that great big cock up my cunt while it's still hard enough to go in!"

"But it'll just go soft after I put it in," Eric said with a puzzled look on his face.

"No, it won't! My pussy'll keep that cock

hard, lover! My pussy's got know-how!"

She wagged her gorgeous ass at him and he grinned and dropped to his knees. Grasping her wide hips, he started pushing his prick into her dripping cunt, but his prick was barely stiff enough to go in.

"Shove it in fast!" Marie demanded, and with a groan Eric rammed his cock all the way into his mother's searing pussy. Immediately, Marie snapped her cunt around his cock and again wagged her ass, this time rubbing her naked asscheeks against his lean belly.

"Ohhhh, shit, my mama's got a snapping pussy! Super-fine!" he cheered.

"Take hold of your mama's big old tits!" she growled, and when she felt his hands on her tits, she relaxed her cunt for a second but then started snapping it around him over and over, holding each snap only a second or two.

He squeezed her whopping tits convulsively every time she squeezed his prick with her cunt. She felt his prick growing, and she moaned while she knew it was fully hard again. Once more she held her pussy clamped around him tightly and waggled her glorious ass.

"Now let's go, baby!" she cried delightedly, and let the pussy-pressure off his cock.

"Sounds great to me!" Eric answered, and got his hips moving, pulling his immense prick backward slowly until only an inch or two of it was left inside her, then just as slowly shoving all of it back into her hungry cunt. Marie worked her hips in accord with his, and snapped her pussy at him just enough to be tantalizing. But it wasn't long before she heard another car pull into her driveway. Eric froze.

"Shit! That must be Greg!" he gasped. He let go of Marie's tits and tried to yank his stiff cock out of her pussy, but Marie stopped him by clenching her cunt around him fiercely and holding on.

"Don't sweat it, doll!" she purred, "I seduced your brother two nights ago! He was home and you weren't. I wanted your prick in me, too, but I wasn't sure how to approach you. Tonight I decided. I've also decided it would be sensational to have both your cocks in me at the same time!"

"Holy hell!" Eric laughed. "That'd be fabulous!"

Marie and Eric stayed where they were, she on her hands and knees, he on

his knees behind her with his cock completely inside her blazing pussy, and he took hold of her huge tits again. Both of them looked toward the front door and Marie smiled sweetly as the door opened and

Greg came in.

Greg looked at them, shrugged, and closed the door. "At it again, huh, Mom?"

"Yeah, just your average insatiable slut," Marie drawled. "You wanta get your pants off and stick your cock in my mouth?"

"I guess I could manage that," Greg said. His voice was lazy but his movements were quick, and Marie laughed.

"That's right, honey! Hustle!" She whooped as he hurriedly stripped off his clothes.

Naked, Greg knelt in front of her and took hold of her head. His big cock was as hard as it could ever get, and Marie snaked her hot tongue all over his purple cockhead.

"Fuck my face, lover!" she hissed. "The way your brother did a few minutes ago! I swallowed his cum just like I've swallowed yours, just like I'm gonna swallow yours again!"

She whipped her tongue back and forth across Greg's prick as he pushed it into her mouth. He had timed the movement carefully so that he was shoving his cock into her mouth and throat at the same time that Eric was driving his prick into her torrid cunt. Marie came as soon as both cocks were completely inside her. She had never had two cocks in her at once before and the sensations

overwhelmed her. Her pussy quaked intensely.

Her two sons kept their cocks' strokes in time with each other as they fucked her face and her cunt, and Eric kneaded her gigantic tits gently but deeply. His palms were against her taut nipples, rubbing the sensitive nipples as he squeezed her tits.

Marie started grinding her hips as she pumped them, and her tongue crawled around thrillingly on Greg's cock as she sucked on him. She snapped her cunt around Eric's cock whenever it was totally inside her. When another orgasm started crashing through her rich body, she moved her hips faster, and when Eric responded by stepping up the pace of his fuck-motions to her new speed, Greg matched the quicker pace as he kept pumping his stiff prick in and out of her sultry mouth and throat.

"God, I think Mama's cumming again, little brother!" Eric bubbled.

"Good fucking deal!" Greg crowed.

Erie was squeezing her luxurious tits more deeply, and Greg reached down and started squeezing them, too, adding to the wild joys rampaging through Marie's voluptuous body. Another orgasm began blasting through her, and once more her churning hips picked up speed. Eric and Greg drilled their hard pricks into her faster, pounding them into her furiously now, but the two boys were still moving in unison with each other. They even managed to keep up their simultaneous fuck-thrusts after both their cocks started bucking.

"Aawwnnhh, I'm gonna shoot off in our mama's red-hot mouth!" Greg bellowed.

"And I'm gonna drop a load in her fucking pussy!" Eric roared.

"Mmm! Mmm! Mmmmmmm!" Marie moaned eagerly, and her moans became frenzied as she felt both her sons' pricks firing their white-hot jism into her. Their hands tore at her tits and their cocks belted frantically into her, and she came again herself, her boiling cunt's contractions sending more delight charging through her.

Chapter Nine

The next day Anna and Doreen slept late. Thad and Kurt had left at midnight, their balls thoroughly drained. Troy and Brian had not come home from their dates until after one o'clock in the morning. Anna and Doreen had been in bed by then, each in her own room, so the boys didn't know Doreen had been seduced.

When Anna got up, it was noon and the boys were in the living room watching a baseball game on TV. Doreen was in the kitchen having a late breakfast, and Anna joined her. Barefooted and mostly bare-legged, Doreen's only apparent article of clothing was a long-sleeved blouse that came a quarter of the way down her thighs. The blouse was buttoned but she was obviously braless.

"Are you wearing any pants under that thing?" Anna asked. She herself was wearing a pair of blue jeans and a tubetop.

Standing at the counter while she buttered a piece of toast, Doreen grinned wickedly and pulled the blouse up to her waist for a moment. Her ass and loins were naked.

"You should've seen Troy and Brian when I walked through the living room," she giggled. "They were goggle-eyed when they saw me dressed like this, and their eyes nearly popped all the way out of their heads when I bent over to scratch my foot! My back was to them, and the bottom of this blouse came up

above my cunt!"

Anna laughed. "By this time it may have occurred to them that I've done the same kind of thing for you that I'd already done for them."

"You mean - "

"Of course. I got Troy's prick in me Thursday night and Brian's Friday. In fact, on

Friday I got both their pricks in me at once!"

"Mama, you're even wilder than I knew about!"

"You can be just as wild," Anna said. "Shall we go after them as soon as we finish breakfast, or would you rather not fuck on a full stomach?"

"As soon as we finish breakfast!" Doreen replied. "I can hardly wait!"

They made it a fast breakfast. Then they took off their clothes and strolled into the living room naked. Troy and Brian gasped but at first Doreen did not even look at them. Stopping in front of the television, she stretched and yawned, then lay down on her back on the carpet. Her legs were spread.

"All right, who wants to be first?" she asked in a bored voice, as if she'd done this a few thousand times before.

"Jesus!" muttered Troy.

"Is one of you two ingrates going to get up and take your sister up on her generous offer, or am I going to have to kick some ass?" Anna said. "And just for your information, she's not a virgin, so you won't have to break her in. A couple of studs I picked up took care of that little chore last night."

"Well, I'll be damned!" Troy exclaimed.

"I hear each of you has a hell of a cock, but I don't see either of them yet," Doreen complained.

Troy and Brian lunged to their feet so quickly they bumped each other's head.

"Shit," Anna snorted, "it'll be dark before you two get naked. I guess I'll just have to take care of my poor lonely daughter myself!"

"Mom!" Doreen cried in surprise.

Anna dropped to her knees between the girl's legs and bent over. "Join in whenever you're ready, boys." Anna started lapping at her daughter's pussy lips.

"Aiiiee! Mama! I didn't expect this!" Doreen squealed.

"I did!" Anna replied, darting her tongue at Doreen's swelling clit. "And don't tell me to stop!"

"Hell, I don't want you to stop! Keep going! Eat my pussy, Mom!" Doreen raved.

Juice was already appearing on Doreen's cunt lips. With a smile, Anna rubbed her entire face against the girl's pussy lips. She got juice all over her face but also got Doreen more excited. The young redhead squirmed happily and began massaging her own tits.

Anna lashed Doreen's clit crazily with her tongue a couple of dozen times, then thrust her tongue as far as she could into the girl's tight slick pussy and started spinning it around and around. Troy and Brian were naked now, and Troy knelt behind Anna and pushed the head of his stiff prick into her hot wet cunt. She felt him grasp her hips, and felt his log of a cock pushing into her yearning pussy. She began working her hips, slowly at first, meeting the slow drives of his cock.

Doreen was still massaging her own tits, but Brian got down on his knees and straddled her upper belly. His sizeable prick was hard. With a gleeful little cry the beautiful young redhead clapped her big tits together around his cock.

"Yeah, fuck my titties, Brian!" she squealed. "What a great idea!"

"I thought so!" Brian whispered with a lustful grin, and latched onto her firm tits with his strong hands. Doreen kept her own hands on her tits, too, and together she and her brother started squeezing her tits rhythmically. He began pumping his lean hips and sliding his bulging cock between her plump tits. Raising her head, Doreen laughed as she saw his cockhead poke out from between her tits when he shoved his prick forward, and after it retreated and then reappeared, she whipped her hot tongue across it a few times before it pulled back out of sight again.

Anna had her tongue cupped and was rapidly working it in and out of Doreen's

fiery cunt, then beating it sensuously on the girl's clit before thrusting it into her cunt again. Doreen's hips were wiggling as pleasure washed through her. With growing eagerness Anna was pumping her own hips and sending her flaming pussy back to meet Troy's advancing cock. Troy moved his hands from Anna's hips to her heavy tits, and he swung her tits forward every time he pulled his prick back, then swung her tits back when he shoved his cock forward into her cunt. He was pushing his entire prick into her on every thrust, and he started revolving his hips to heighten his and his mother's pleasure.

"Troy, honey, you really know how to use that cock on your whore of a mama!" Anna grunted. She began grinding her hips then, and her joy climbed faster. She had never made it with another female before, but she was finding that it was thrilling to eat her own daughter's pussy, especially while getting her own pussy fucked by one of her own sons' cocks. She loved the way she was making Doreen wiggle, loved seeing the girl's clit and pussy lips swell, loved seeing more juice appear there and feeling abundant juice on her tongue as she licked the girl's clit and snaked her tongue into the tight young cunt. She sensed the passion and pleasure building inside the girl's ripe body.

"Aaaggghhh! You people are making me cum!" Doreen wailed. "Ahhh, ahhhhhhhh, oooooohhhh!"

The young redhead's body twisted wildly, and the next time Anna thrust her tongue into Doreen's blazing cunt, she could feel the fierce contractions.

Brian kept sliding his big cock along between her tits. In the fury of her orgasm she was beginning to use her teeth on his cockhead when it pushed forward from between her tits. She wasn't biting in hard enough to hurt, but was nibbling on him madly and sometimes simply holding her teeth a certain distance apart and letting his engorged prickhead scrape against them as it went in and out of her hot mouth. Her hands twisted her tits insanely and her thumbs raked back and forth across her distended nipples.

"Ohhhhh, fuck my big old tits faster!" Doreen panted.

Brian quickened the speed of his cock's strokes through her tit-flesh. Her tits were hot but the passage his prick slid through was the hottest part of all. It got even hotter as his faster pace created more friction and more heat.

Anna could see Brian's hips and ass moving faster as he fucked Doreen's tits, and Anna could feel Troy moving faster as he fucked Anna's burning pussy. Anna's loins exploded with an orgasm of her own. Her cunt twitched frantically and she moaned with delight.

Her tongue slashed at Doreen's clit as if she meant to cut in two. Her grinding hips stepped up the fuck-pace and Troy's hips did the same. His tremendous prick was smacking into her cunt powerfully now, and her tits were beginning to hurt when he jerked them back as he rammed his cock forward. But in her ecstasy the pain merely sharpened the edge of her pleasure, so that her pleasure cut more deeply into her.

He hammered his immense cock into her sweltering pussy harder, and yanked back harder on her mammoth tits. Anna launched her cunt back to meet every thrust of his prick, and her hot tongue slithered quickly in and out of Doreen's searing cunt time after time, swiped back and forth across the girl's clit dementedly, and rushed back into her juicy pussy.

"Aaannhhh, I'm there again!" Doreen sobbed. "Ooooooh, sheeeeeeit!" She whimpered and writhed as her orgasm blitzed through her.

"Aaaiiiieee! I'm gettin' off again myself!"

Anna screamed as more contractions started shaking her.

"Uuuungghhhh, goddamn, I'm gonna blow my rocks into our hot mama's pussy!" Troy yelled, and Anna fet his blistering jism spurting into her wanton cunt.

"Shit, my juice is gonna splash all over our little sister's big tits!" Brian ranted. "And maybe into her fucking face!"

Brian's scorching jism began squirting out of his prick just as his cockhead came out from between Doreen's lush tits. The first few shots of his sticky juice landed on Doreen's full lips and in her hot mouth, but then Brian let go of her tits and grabbed his cock and started waving it around wildly. His cum sprayed out everywhere then, in her face and hair, on her shoulders, on her tits. Doreen squealed joyously.

As soon as the two pricks stopped blasting out jism, all four people began scrambling around. Brian's big cock was still hard as he stood up and took hold of Anna's slender waist at the sides and lifted her off her feet.

"Swing your legs around me, Mom," he said, and Anna obeyed with pleasure, locking her ankles behind him. She grasped his prick with one hand and pointed it up toward her pussy, and Brian lowered her until his cockhead was inside her. Then Anna clasped her hands together behind his neck, and with superb control of his strong muscles he slowly lowered her some more, until her sopping cunt was completely impaled on Ms stiff cock.

"Ooooh, God, you're a muscular son-of-a-bitch!" Anna whispered, but then she used a few of her own muscles and snapped her sultry pussy around his prick. She twisted her shoulders slightly and made her tits rub around against his hard body.

"Better be careful about that or we could both wind up in the floor!" Brian

chuckled. He had his feet well apart to help hold himself steady, and he began moving her slowly, carrying her at an upward angle away from him so that her cunt slid most of the way off his prick and then bringing her back down so that his generous cock skewered tier pussy again.

Meanwhile, Troy had lain down on the rug and Doreen had stroked Ms cock with her hand and licked it and kissed it and stuffed it into her mouth and sucked on it urgently. It was still hard, and when Troy assured her it would stay that way, she got astride his loins on her knees and jammed his cockhead into her torrid pussy. Wiggling her hips luxuriously, she slowly sat down all the way on him, spearing her wet cunt on his gigantic prick.

" 'Aahhh, baby!' Doreen moaned. 'Your cock feels fabulous to my pussy!' She was still wiggling her hips from side to side but now she started swinging them back and forth part of the time and grinding them part of the time, massaging her engorged clit against him every which way. Troy latched onto her big round tits with both hands, pressed repeatedly on iier turgid nipples with his thumbs, wriggled his fingers around in her yielding tit-flesh. Doreen dug her fingers into his chest muscles and kneaded them deeply.

Doreen began working her hips and thighs, moving her luscious young body up and down, but grinding her hips at the same time so that she was actually screwing her glowing-hot cunt up and down her brother's long thick cock. Each time she impaled her pussy on him completely, she stayed all the way down on him and swung her hips in various directions to rub her clit around on him, making pleasure charge through her.

A few feet away, Anna knew she was about to cum, and she was hoping she wouldn't squirm around wildly enough to send herself and Brian toppling to the floor. Her inner heat was skyrocketing and the contractions started jolting her. She writhed with each twitch of her pussy but she felt Brian exert just a bit more of his great strength and keep control of then-bodies.

Watching and feeling the play of Brian's bulging muscles turned Anna on even

more as she came, and her cunt's contractions grew more intense and she writhed more wildly.

"Yeah, you red-hot bitch!" Brian growled, and began moving her voluptuous body faster, skewering her seething pussy more often on his big hard cock. As Anna's cunt kept kicking with orgasm, she looked over at Doreen.

The young redhead was revolving her ample hips and twisting her entire upper body with passion as she kept riding up and down on Troy's enormous prick. She was looking down between her plump tits and watching Troy's cock and her own pussy lips. Her pussy lips were turgid and glistened with her juice, and Troy's huge stiff cock glistened with her juice, too. The sight of his cock appearing and disappearing as she spiraled her boiling cunt up and down it thrilled her, and the pitch of the moans coming from her throat became deeper for a moment, then abruptly soared.

"Aaawww, I'm making it!" Doreen howled as her pussy started convulsing.

"Yeah, I can feel your cunt grabbing at my cock!" Troy gasped. He began curling his fingers rhythmically into her ripe tits, and the twisting of her upper body became stronger. She pinched up great slabs of his chest muscles and wrenched them every time the walls of her pussy jumped.

Anna looked down between and past her own mountainous tits and watched her own oven-hot cunt getting fucked by a hard cock. The lascivious sight made her joy leap and spurred her faster toward her next orgasm. Her pussy started quaking violently and she kept gazing at it being fucked.

She lost all self-control then. She began pumping her hips up and down with very short sharp motions, jerking her climaxing cunt only an inch or two up his big cock before plunging it back down. She grunted loudly with each upward motion, and grunted more loudly with each downward motion as she hungrily

filled her pussy with him again.

She never knew how Brian managed to keep his balance and stay on his feet. She just knew that he did it. He held onto her, and grunted every time she did. She came time after time, the hot contractions smashing through her cunt, and then she felt his prick bucking.

"Aaaawwnnnhhh, dear God, my juice is gonna blast you, Mama!" Brian roared, and when his scalding jism started fountaining up into her, she thought it was going to burn right through the top of her pussy. She kept pounding her steaming cunt down onto his prick as long as his cum spurted.

Then with a sigh Brian lifted her off his prick and set her on her feet, and they both looked over at Troy and Doreen.

Doreen's magnificent young body was gaining speed as she screwed her blazing pussy up and down Troy's colossal cock. But the girl was no longer watching herself get fucked. Her eyes were clenched shut, and sobbing moans were jumping out of her throat each time she spiked her slick cunt on her brother's prick. Although she was still grinding her hips, she was driving them downward with so much power that she seemed intent on splitting herself wide open on Troy's gargantuan cock. She was still wrenching his chest muscles, and now he started wrenching her tits.

"Uuuunnggghhh, shitfire, little sister, get ready to take my load!" Troy bellowed, and his hips began jumping as his prick began heaving.

"Ohhh, ohhhh, oooohhhhhh fuck and sheeeeeeit, I'm cumming again myself!" Doreen shrieked, and writhed frenziedly as her orgasm tore through her while Troy's blistering jism erupted into her.

Chapter Ten

That night Anna got one of the biggest surprises of her life. She found out that Marie Stone, the quiet, seemingly conservative woman who lived across the street, was as big a slut as Anna was herself.

By eleven-thirty that night Anna and Doreen had temporarily worn down Troy's and Brian's considerable sexual appetites. Anna went upstairs to her bedroom alone. Without turning on the lights, she strolled over to the front window. The curtains were open and she looked down into the street. She enjoyed standing here naked in front of the window at night and letting people stare at her, but before she turned on a light, she wanted to be sure someone was out there.

Tonight she saw two teenage boys coming down the street. She recognized them. They lived on the next street and were among her regular viewers. She went over and turned on the light, came back to the dresser and picked up her hairbrush, and returned to the window. As she started Crushing her long blonde hair, the two boys in the street stopped in front of her house.

As she brushed her hair, her huge tits jiggled softly with the motions of her arms. She was already naked and she wondered if the two boys' pricks were getting hard. She envisioned the two cocks swelling in the boys' pants, growing large and hard, throbbing with lust for her. Her nipples and clit stiffened as she thought about that, and she took a step forward and pressed her massive tits against the windowglass. She wasn't sure, but she thought both boys down in the street let their mouths drop open.

"Yeah, fellows, get your eyes full of these big old tits!" she whispered.

Her big pink nipples were against the glass, and she made subtle movements with her torso, sometimes pressing more of her acres of tit-flesh against the window, sometimes less. Brushing her hair with one hand, she lowered her other

hand to her cunt. The window sill was only two feet above the floor so her crotch was visible from the street, and with her thumb and little finger she spread her pussy lips wide open. Then she started pumping her middle finger swiftly in and out of her tight cunt.

"Ooooh! How's this, guys?" she whispered. "Wouldn't you love to have some of this pussy?"

Her cunt was already moist and she felt more juice oozing out inside her as she kept finger-fucking herself and moving her tits around against the window.

She limited her appearances to just five or six minutes a night. Just before she stepped away from the window, she stopped brushing her hair and lowered the hairbrush to her pussy. Jerking her finger out of herself, she jammed the hairbrush handle up into her hot cunt. The handle was plastic, slightly curved, and about five inches long. The edges were rounded and she always loved having it inside her. She pumped it up and down in her cunt furiously.

She was still pumping it in and out of herself when she forced herself to turn away from the window.

"Oooohh, God!" she gasped as she stumbled across the room.

She turned the light off and made her way back to the window. Leaning against the window frame, she stroked the hairbrush handle up and down in her juicy pussy feverishly while she watched the two boys trudge reluctantly down the street. They were looking back over their shoulders toward her window, but she knew they couldn't see her now. She wanted to raise the window and yell to them to come on in and fuck her, but teen-aged boys who fucked a neighborhood woman often had a way of talking too much, and she didn't need the problems that could bring.

Just as she was about to start toward her bed, where she intended to resume her fun with the hairbrush handle, Anna noticed a light come on across the street, on the second floor of Marie Stone's house.

That was when Anna found out just how big a slut Marie was. And the odd part was, Anna had never thought Marie was a slut at all.

The curtains were open at the lighted window over there at Marie's house. For the first few seconds the only person Anna saw was Marie herself. Marie was naked and was turning down the covers on her bed. Seeing Marie naked sent a jolt of lust through Anna. Looking at Marie's voluptuous naked body was almost like looking at a mirror image of her own voluptuous naked body. Except for hair color, almost the the only differences were that Marie had a dark complexion and brown nipples while Anna had a light complexion and pink nipples.

Then two naked guys came into view in Marie's bedroom. Marie hugged both of them at the same time and started kissing them passionately. It wasn't long before she got down on her knees in front of them and began fondling their stiff cocks and darting her tongue at their cockheads, then taking the cocks into her mouth and sucking on them.

"Way to go, Marie!" Anna murmured, and twisted the hairbrush handle as she kept sliding it up and down her sultry cunt. "Jesus, one of those pricks is big, but the other one's absolutely huge. I'd love to have them crammed into my mouth, or better yet, into my pussy!"

Anna hadn't bothered to take a good look at the guys' faces yet, but it suddenly occurred to her that they might be from around the neighborhood. Maybe she knew them. She tore her eyes away from the sight of Marie caressing and sucking those two wonderful cocks and looked up at the guys' heads.

She gasped and for a second stopped pumping the hairbrush handle up and down in her snug pussy, then pumped it much faster than before.

Those two guys over there were Eric and Greg Stone, Marie's own sons!

That lewd piece of knowledge gave Anna a tremendous rush of physical pleasure, and she felt herself surging toward orgasm. She came wildly just as Marie took Erick's immense prick all the way into her mouth and throat. Anna moaned crazily while her orgasm beat at her, but even after she was calm again, she stayed right where she was and kept watching Marie suck her own sons' cocks.

And as Anna watched, she also planned.

The next day was Monday, but Anna was still on vacation. On Monday morning, she was surprised to see that Marie was home, too. The shapely brunette across the street lay out in her front yard in a bikini for half an hour. While she was out there, Eric and Greg drove off in Eric's car. As soon as Marie went back into the house, Anna crossed the street and knocked on Marie's front door. Marie opened it almost at once. She was still in her bikini. Anna was wearing a pair of short shorts two sizes too small for her and a halter three sizes too small. Both women had plenty of magnificent flesh showing.

"Hi," Anna said brightly. "You must be on vacation like me."

"Yeah, the first day of my two weeks," Marie said.

"There's something I want to talk about with you," Anna said. "Okay if I come in?"

"Sure," Marie answered, and stood to one side as Anna entered. Anna sat on the couch as Marie closed the door.

"You've been a naughty girl," Anna said with a wicked smile.

"I try," Marie said. "Which piece of naughtiness are you talking about?" She moved over to stand several feet from the couch and looked at Anna speculatively.

"Last night," Anna drawled. "With Eric and Greg. Your own sons. Upstairs in your bedroom. You left the curtains open."

To Anna's vast surprise and delight, Marie, with casual-looking motions, took off her bikini. Pinching a bare brown nipple with the thumb and forefinger of one hand while running her other hand lazily through her pussy hair, Marie leered at Anna.

"You've been a naughty girl, too. Out there in the backyard with Troy a few nights ago. And maybe you got Doreen to fuck and suck with those two studs you brought home Saturday night. And I certainly can't imagine you leaving Brian out of all the fun. That wouldn't be fair."

"You can tell me later how you found out about all that," said Anna, getting to her feet and taking off her halter, leaving her immense tits naked, "but I certainly try to be fair to all my children, just as you obviously try to be fan-to both of yours. But now I think you and I are going to be fair to each other."

" "That's certainly something we ought to do," Marie agreed as she watched Anna wriggle out of her shorts, "sort of as the courtesy of one whore to another!"

"Yes!" Anna whispered. Tossing away her shorts, she straightened up, and the women stood facing each other. Their faces were three feet apart, but their whopping tits were much closer and were the first parts of their lush bodies to meet as they lunged into each other's arms. Their French-kiss was hot and long, their lips twisting around hungrily against each other, their tongues dueling electrically and darting into each other's burning mouth.

"Mmmm!" Marie moaned passionately.

As they kept kissing, they worked their shoulders, making their tits squirm around against each other. They ran their hands up and down each other's back before beginning to squeeze each other's superb ass. At last they broke the kiss and nibbled at each other's ears and neck. It was Anna who first pulled her head lower than that, licking a hot trail down the center of Marie's chest until her head was between the brunette's giant tits, pushing her tits farther apart. Anna could feel the smooth tit-flesh against her cheeks and ears and the sides of her head. She turned her head and began licking and kissing one of the tits.

Continuing to squeeze the brunette's round asscheeks with one hand, she brought her other hand around and massaged Marie's flat belly for a moment before lowering the hand to the woman's swelling pussy lips. A light coating of juice was already on the pussy lips, and more seeped out as Anna rubbed them. Anna was kissing one of Marie's huge tits and dragging her tongue around on it.

Slowly, the two women dropped to the plush carpet, Marie sprawling out on her back with her legs spread wide, Anna on her knees and hunching over beside Marie. Anna rubbed

Marie's clit with her thumb and slipped two fingers into her tight cunt and started working them in and out.

"That's rights honey!" Anna groaned as she felt Marie's hands on her.

Because of Anna's position, her tits were dangling heavily, and Marie grasped one of them and stretched it slowly downward over and over with a milking motion. With her other hand, Marie reached back and began dragging her fingertips silkily along on Anna's pussy lips. It made Anna tingle all over and her lust rose more quickly. Her fingers accelerated as they slid along in Marie's fiery cunt.

Anna started using her other hand to squeeze one of Marie's awesome tits, the one she wasn't using her mouth on. She was rapidly licking her way all the way around the pillowy tits time after time. She had started at the base and was spiral-ing up toward the taut brown nipple. She was going to lick every inch of the oversized tit.

At the top of that mountain of a tit, Anna opened her mouth as wide as possible and took as much tit-flesh into her mouth as she could hold. Then she started sucking on it ravenously and swinging her hot tongue back and forth across the big nipple.

"Aiiii! Anna, suck my tit right down your throat!" Marie cried. She started pulling harder on the dangling tit she was squeezing, and she wiggled her fingers between Anna's wet pussy lips and began raking her fingertips back and forth across Anna's erect clit.

"Uuunnhhh! Fantastic!" Anna grunted. Letting the tit-flesh out of her mouth, she shifted her head to Marie's other tit and gave it to the same tongue-licking she'd given the first tit, and she moved her hand to the first tit and started kneading it deeply. She took the second tit's turgid nipple into her mouth, pressed her teeth gently against the base of the nipple, and began flailing the nipple mercilessly with her tongue. She was still massaging Marie's distended clit with her thumb, and she crammed two more fingers into Marie's flaming pussy, making four fingers in all that she was pumping in and out of the brunette's sweet cunt.

"Oooohhh, shit, you're stretching the hell out of my pussy, but don't stop!"

You're tearing me up, Anna!" Marie sobbed.

Anna began turning the four fingers as a unit as she kept sliding them in and out of Marie's juice-drenched cunt. Marie was moaning steadily now and the moans got louder. Abruptly she stuffed three of her own fingers into Anna's hot pussy and wiggled them around wildly for a minute before beginning to move them back and forth as a group. Anna's pussy was slick and they slid along easily.

"Aaawnhhh, yesss, you bitch!" Anna purred.

Anna started pushing her four fingers in deeper as she drove them into Marie's cunt. Soon part of the main body of her hand was going into the brunette's yawning pussy and she took her thumb off Marie's clit and began shoving part of the thumb into the cunt, too.

"Ahhhh! Ahhh, Jeeesus!" Marie gasped. "What are you trying to do? Put your whole hand into my pussy?"

"That's right, doll! Ooooh, yes!" Anna replied with a moaning laugh. "Why don't you do the same thing to me?"

"Mmmm, that'd be wild!" Marie sighed. She started forcing a fourth finger and some of her thumb into Anna's now wide-stretched pussy, and she did what she felt Anna doing between her own thighs, turning the four fingers and thumb as a unit as she pumped them in and out of the seething cunt, stretching the cunt first one way, then another.

"Aaanhhh! Uuunnn! Ooohhh!" Anna whimpered. She took more of one of Marie's fleshy tits into her mouth and sucked on it dementedly and began twisting the other tit back and forth with her hand as she kneaded it. She sank

more of her other hand into Marie's furnace-hot pussy each time she pushed it in, and she felt her own pussy getting the same kind of deeper drives from Marie's hand. And Marie was moving her other hand back and forth from one of Anna's huge hanging tits to the other and pulling them down as she squeezed them.

It thrilled Anna when Marie's overripe body started thrashing wildly. Anna felt Marie's pussy convulsing around her hand as she stroked in and out of the gorgeous brunette. More juice was flooding out of Marie's cunt walls, and Anna yearned to have her whole hand inside Marie and to feel Marie's pussy bouncing against every inch of that hand. Still keeping her fingers stiff, Anna shoved her hand into Marie's hot cunt much harder. It went in up to her wrist. She kept the hand completely inside Marie's pussy for a while and turned it back and forth, stretching the pussy in every possible direction.

"Now, by God, you've got it all! My whole fucking hand's inside you!" Anna ranted.

"Yesssss, I feel it! Ohhh, dear Jesus!" Marie whined. Panting and groaning, she gave her own hand two more fierce pushes and then howled with triumph as she felt the last of it plunge into Anna's gaping cunt. "There!"

"Aaaagggghhh!" Anna whooped. "I think you're about to rip my pussy apart, but I don't care! God, what a pair of sluts we are! I'm gonna cum!"

The contractions hit Anna like a tornado, churning through her insanely and tossing her this way and that. Her splendid body jerked and writhed, and she sank her teeth deeper into one of Marie's tremendous tits and whipped her tongue across the long thick nipple as if she wanted to knock it off the tit. She doubled her hand into a fist inside Marie's pussy.

"Holy fucking shit!" Marie yelped. "What the hell are you doing down there?"

"I'm gonna fist-fuck your goddamn cunt, you filthy bitch!" Anna hissed, and started working her arm excitedly, pulling her fist most of the way out of Marie's fantastically stretched pussy, then pushing all of it back in.

"Aaaiiieee! Yes, yes, you slut!" Marie squealed. She doubled her own hand into a fist inside Anna's searing cunt and twisted it constantly as she worked it back and forth in the blonde's yawning pussy.

Soon Marie was driving her fist into Anna's cunt as hard and as often as Anna was shoving her fist into Marie's cunt. The two women hammered each other, pushing their fists in deeper and deeper, until half their forearms were smashing into each other's cunt. Orgasms chopped at both of the huge-titted sluts, and they moaned and raved and squirmed as the contractions blasted through them.

When Eric and Greg came home, Anna did not hear the car pull into the driveway or even hear the front door open. She just heard a couple of gasps and looked up and there the boys were. They stared in shock at Anna and their mother fist-fucking each other's gaping cunt. But Anna just kept jabbing her fist into Marie's hot pussy.

"Marie, your sons are home," Anna said. "Tell 'em to get their shitty clothes off."

"I see 'em," Marie panted. Her fist was still smacking wetly into Anna's hungry cunt. "You heard her, guys. It'd be impolite to turn down a pair of whores in need. Strip! Your cocks have work to do!"

"Uh, yes, ma'am!" Eric mumbled.

"Yeah, sure thing!" Greg rasped.

"Leave the door open for a second, though," Anna said, licking greedily at one of Marie's engorged nipples. "My three kids should be here anytime now. I told them that if I was still here when you two got home, they should come on over! They'll want in on the fun, too!"

"Hot damn! Here they come!" Eric said. He held the door open and Doreen, Troy and Brian came hustling in, grinning like lust-crazed maniacs. Eric shut the door.

"Ah, the true meaning of neighborly togetherness!" Marie cried. "Everybody strip!"

"Yeah, kids, get naked!" Anna whooped.

"I won't object to that!" Troy exclaimed.

"Neither will I," Brian put in.

"Eric, would you or Greg like to help me off with my jeans?" Doreen cooed. She had already slipped out of her blouse, and her big round tits jiggled as she threw it aside. Both Eric and Greg rushed to help her off with her jeans, and all five of the teenagers were naked quickly.

Anna and Marie pulled their fists out of each other's cunt and each licked the pussy juice off the other's hand. Anna knelt in front of Eric and crammed his entire prick into her mouth. His cock was already halfway hard and she groaned with passion as she felt it growing inside her, getting wider and longer and crawling down her throat. She put her hands on his slender ass and squeezed it

warmly as she sucked on his prick and prodded it with her tongue. When his prick was iron-hard, his cockhead was at the bottom of her throat, and Anna began moving her beautiful blonde head slowly, letting her moist lips glide along on him delightfully.

"Aaannhh, yessss!" Eric groaned. "Sweet God, this is something I've always dreamed of and now it's actually happening! Blow my cock, Anna!"

Doreen and Greg French-kissed feverishly and ran their hands over each other's body. Then Doreen turned her back on him and fell to her hands and knees.

"Come on, lover, fuck me like a dog!" she cried. "Hell, we'll be hotter than dogs!"

Greg went to his knees behind her. His big cock was stiff with desire, and he took hold of her hips and rammed it all into her tight young cunt. He pumped his prick in and out of her pussy eagerly, and the gorgeous redhead worked her flaring hips to meet his thrusts.

In the meantime, Marie had gotten up and gone over to Troy and Brian. After kissing both of them and fondling their pricks into hardness, she told Troy to stay on his feet and went down to the rug with Brian. After Brian lay down on his back, she straddled his loins on her knees and promptly sat down on his large prick, taking every bit of it into her voracious cunt. Then she started grinding her broad hips, but not pulling herself upward, so that she was massaging her distended clit against Brian's lower belly.

"Now," Marie said to Troy, "stand astride your brother and push some of that great big fucking cock into my sucking mouth!"

"Good place for a cock," Troy moaned, and did as he'd been told. With her pussy still all the way down on Brian's prick, Marie now had a third of Troy's cock in her mouth. Brian reached up between Troy's legs and took hold of her colossal tits and mashed them against each other. He began kneading her tits zestfully and she started snapping her pussy around his stiff cock.

Marie kept clenching her cunt around Brian's prick as she slowly moved her body upward. Since she was still grinding her hips, her pussy moved up his cock in a spiral, but as her body went upward, she pushed her head forward and took more of Troy's enormous prick into her. When nothing but Brian's bloated cockhead was left inside her dripping cunt, all of Troy's prick was inside her mouth and throat. She sucked furiously on Troy's cock then, and worked her loin muscles to make her pussy squeeze Brian's cockhead lightly.

"Her pussy's as talented as Mom's is, big brother!" Brian sighed. "Right now, it's working on just the head of my prick, and it feels so good it makes me shiver!"

Anna pulled her head back and teasingly brushed the very tip of Eric's monumental cock with the tip of her tongue. Anna's head swung forward hard. Her mouth was wide open and her lush lips didn't touch Eric's prick until every inch of his great log of a cock was inside her mouth and throat. Then she clamped her lips around the base of his cockshaft and sucked on him powerfully.

"My pussy's certainly trying to make Greg's big cock happy!" Doreen said. The young redhead's humping hips were throwing her burning cunt back avidly to be reamed out by Greg's driving cock.

"And your pussy's doing a fine job, young lady!" Greg laughed, and slid his hands forward from her hips and along her sides, then down onto her big tits. Her tits had been swinging heavily with the vigorous movements of her body, but his fingers curled deep into her tits every time he shoved his prick into her snug cunt.

Anna breathed air all over Eric's huge cock whenever she wasn't sucking madly on it. She began pulling her head back slowly and pushing it forward fast. She twisted her lips around on him as she dragged them back toward his cockhead, and when they were just behind his cockhead, she paused and made her tongue" dance around on the bulging head of his prick before rushing her head forward again. With her lips clamped around the base of his cockshaft, she paused once more to suck on him dementedly and to puff hot air all over his cock.

"Yeah, Anna, thrill my cock!" Eric shouted.

Several feet away, Marie was still moving slowly as she screwed her cunt up and down Brian's big prick and slid her lips back and forward on Troy's giant cock. Her pleasure had built swiftly, not only from having the two cocks in her, but also from having Brian squeeze her tits and from rubbing her clit around against Brian each time she impaled her pussy on him. Contractions started romping through her hot pussy, making joy explode through her whole body.

"Mmmmm! I'm cumming!" Marie whimpered around Troy's prick. She yearned to go wild and slam her cunt down onto Brian's cock as hard as she could, but she didn't want either of the boys to cum yet, so she forced herself to keep moving her lips and her cunt along slowly on the two cocks. But instead of continuing to grind her wide hips, she began swinging them in all directions as she kept moving her body up and down. As she slid her lips along on Troy's thick cock, she sucked on it frantically and lashed it with her tongue.

Doreen was about to cum, too. Greg was still kneading her tits whenever he drilled his generous prick into her torrid pussy, and he'd started rotating his hips as he pumped them, adding to the pleasure his cock gave her cunt. And Doreen could see her mother sucking Greg's brother's prick, and could see her brothers' cocks going in and out of Greg's mother's mouth and cunt. The obscene sights heightened Doreen's passion and her orgasm began blitzing through her.

"Oooh, yesss! I'm making it!" Doreen moaned. She shoved her twitching pussy back at Greg faster, and his cock's fuck-strokes speeded up to keep pace with her.

"Hell, Doreen, your mama's about to get me to make it!" Eric yelled. "Yeah, here we go, Anna! Drink my juice!"

Anna whined around his massive prick. His prick started leaping then, and just as she pushed her head forward and took him totally into her mouth and throat, his scorching jism began spurting into her. It was shooting right into the bottom of her throat, but Anna stayed all the way down on him and sucked ravenously as long as his cum kept splashing into her.

"Sheeeit, Doreen, now my load's gonna let fly!" Greg raved. His big cock was heaving as he kept hammering it into her red-hot cunt, and his blistering cum started jetting into her.

"Aaawwnnhhh, goddamn!" Troy bellowed. "Greg! Eric! I'm gonna shoot off in your mama's mouth!"

"And I'm gonna blast off into her fucking cunt!" Brian roared.

"Mmmm!" Marie groaned as she felt both of their cocks start bucking. Both loads of scalding jism began firing into her at the same instant, and the excitement of it ignited another orgasm of her own. She moved her body up and down quickly then, filling-her pussy and her mouth and throat as many times as she could while the two pricks were still fountaining cum into her.

When all four cocks had stopped shooting jism, the guys pulled them out of the three sluts, and Anna and Marie and Doreen had the guys stand in a circle.

The three sluts got down on their knees inside the circle and went from one stud to the next, caressing and licking and sucking each cock. When each slut had had fun with every one of the pricks, all four pricks were raging-hard again. Then Anna made an incredibly wild suggestion, and everyone laughed gleefully and did as she wanted.

Anna herself got down onto her hands and knees, and Greg knelt in front of her while Troy knelt behind her. Greg started pumping his stiff prick in and out of her mouth and throat, and Troy began pumping his great cock in and out of her sweltering pussy, the two guys timing their fuck-strokes so that both of them were driving their pricks into her simultaneously.

Then Doreen lay down on her back and wriggled along until her head went under Anna's torso from the side. Doreen squatted and sucked Anna's huge dangling tits for a moment before wriggling some more. When she stopped, her head was out from under her mother and was a bit to one side of her, and most of the girl's torso was under Anna's body while one of Anna's tits was hanging down against Doreen's chest, right between Doreen's big tits. The young redhead pressed her own tits against Anna's tits, and when she kneaded her own tits, she not only made them rub against Anna's trapped tit but also made Anna's tit rub against Doreen's chest between her tits.

But Doreen's lower torso and legs were sticking out from under Anna on the opposite side from where the girl's head was. Doreen spread her legs and Eric knelt between them. He slid his hands under Doreen's luscious ass and pulled her up until her juicy cunt was as high as his rigid prick. The girl wrapped her legs around him, and he shoved his cock deep into her sweet pussy. Then he wiggled his hips from side to side a few times, rubbing himself against her clit to heighten her pleasure, before beginning to work his hips backward and forward, revolving them at the same time, stroking his gargantuan prick in and out of her blazing cunt.

"Uuunnnggh, yessss, give it to me, Eric!" Doreen grunted. "Now sit on my face, Marie!"

"Will do, doll!" Marie crooned. She put her knees on either side of Doreen's head and pushed her juice-covered cunt lips down against the lovely, parted lips of Doreen's mouth. Doreen's tongue slithered up into Marie's sizzling pussy and swirled up and down and around and around before coming out and whipping back and forth across the brunette's distended clit.

Brian was the only one not plugged into the sexy scramble yet, but now, still standing, he moved up right in front of Marie and pushed his big stiff cock all the way into her mouth and throat. Marie moaned, and with her lips wrapped snugly around the base of his prick, she started sucking on him blissfully. Soon, he got his slim hips moving and slid his cock along between her clinging lips.

"That's all of us, Mom!" Brian whooped. "Everybody's in on it now!"

"Mmmm!" Anna purred. She couldn't see all of it, but she could picture it in her mind, she herself sucking Greg's prick while Troy drilled her boiling pussy with his cock, Eric fucking Doreen's hot pussy, Doreen playing with her own big tits and with one of Anna's luxurious tits, Doreen eating Marie's overheated cunt, and Marie sucking Brian's generous cock.

It was the wildest tangle of bodies plugged into the same sexy pile that she'd ever heard of. It gave her a feeling of accomplishment. It also spurred her delight, and she knew she was going to cum soon. Each time Greg and Troy shoved their pricks into her mouth and her pussy, she sucked zestfully on one cock and snapped her steaming cunt passionately around the other. Just before her orgasm started ripping through her, she wondered what kind of crazy way of plugging all their bodies in together they would think of next.

End
